Dear Mr. Alam:

This is to inform you that your 2009-2010 emergency medical services (EMS) matching grant application was not suggested for funding. The amount you requested was $12,825.00 which was for the purchase of 330 CPR Anytime Kits, advertisement, promotional items, food, and location expenses for a large CPR training event in a public venue. Because of limited funds, we could not support all worthwhile projects.

The grant reviewers comprised of emergency medical services professionals from throughout the state, with many years of experience in EMS, reviewed the applications and submitted their recommendations to the Department. This process basically determined which grants were the most appropriate for funding.

Thank you for your interest in the EMS matching grant program. I encourage you to apply for matching grant funds during the next grant cycle which should begin this fall. If you have any questions, please contact Alan Van Lewen, or me at (850) 245-4440, extensions *2734 and *2752, respectively.
