Agenda Item

October 13, 2009

Title:
Additional Information for Agenda Item #31 "Authorization to Negotiate a Contract with Reynolds, Smith and Hill for the Bannerman Road Corridor Study"

Staff:
Parwez Alam, County Administrator
Alan Rosenzweig, Assistant County Administrator

Staff has received inquiries from some Commissioners regarding the action the Board took at the September 22, 2009 meeting. Reflected below is the summary from the follow-up. The motion as clarified by the Chairman was to "re-agenda the item." In subsequent discussion, the County Attorney further explained that the motion was to be construed as to be a rescission.

- **Commissioner Proctor moved, seconded by commissioner Sauls, to have an agenda item for the October 13th meeting regarding the Bannerman Road contract and have set forth same recommendations as before so that the Board might appropriately respond, quickly and expeditiously, to the findings of staff and comments made to the Commissioners from the Chairman.** *(Chairman clarified the motion: [re-agenda the item "Authorization to Negotiate a Contract with Reynolds, Smith and Hill for the Bannerman Road Corridor Study" for the Board's October 13th meeting.)*

  The motion passed 7-0.

- Chairman Desloge asked the County Attorney to clarify whether the contract is back to pre-bid status.
- County Attorney Thiele responded that he construed Commissioner Proctor's motion to be a rescission of the Board's prior action, at least as it relates to that contract, but not as it relates to the bidding process in its entirety, and the bid is back on the table and all of those bidding rules apply again.
