### **National Championship Titles and Memories**

What a start to 2014! Congratulations to the Florida State Seminoles for one heck of a season. Like most of Tallahassee I was on an emotional roller coaster for four quarters, but in my heart I knew our guys would pull it off. That game did not disappoint on any level.

A national championship game is an incredible experience. I remember every moment of 1999 when, as a freshman running back at FSU, I got to live through an undefeated season and the final game that brought us Florida State's second national title. It is in those moments that you learn about yourself and the men that surround you. It is in those moments that you form a life-long bond that distance and years do not weaken. Many texts and calls came in from former teammates who were sharing the same feelings and memories that I was experiencing.

It is a bit overwhelming as a young athlete to hear the hype and live the reality. I commend this year's team and coaches for overcoming the noise and finding within themselves the desire and drive to be the best. This is a moment they will never forget. Go Noles!
