## Crump Road Gas Station Update

As the proposed gas station project moves through the appeals process, Commissioner's cannot engage in discussions about the project since it is now considered a "quasi-judicial" matter. However, the Board is taking steps to revise the Land Development Code and make permanent changes that could limit these specific types of developments in the future.

The Commission has scheduled two (2) public hearings to consider a **new ordinance** that would revise the current code dealing with minor commercial land uses in the Rural Zoning District. The first hearing will be held on Tuesday, July 8th at 6:00pm in the County Commission Chamber on the 5th Floor of the County Courthouse. A second public hearing is scheduled for September 2nd.

In addition to the proposed ordinance, the Commission also voted to implement a 120-day moratorium (July 9, 2014 through November 9, 2014) on applications for retail and commercial development in the Rural Zoning District.

The County has also set up a special website as a source of information for this issue. [Click here](#) to view this site.
