## Leon County Commissioner District 5

Dear Friends:

As we settle in to summertime, it seems like everyone is busy and the 'summer break' is a thing of the past, but I hope you get a chance to relax with family and friends, and escape the heat as often as possible.

At tomorrow's County Commission meeting we will consider several critical issues including modifying our Animal Ordinance to strengthen rules regarding tethering and to establish an Animal Abuse Registry. We will also consider a Paid Parental Leave program for Leon County employees and ratify actions taken at our 2018 Budget Workshop.

I am also excited to present Proclamations recognizing Chef Shackfrica 'Shac' Simmons as the winner of the Food Network's Show Chopped and the 25th Anniversary of Capital Medical Society's We Care Network. As always, you can find a link to the full agenda below and we will provide updated information on some of these issues in future newsletters.

Although the County Commission will not meet again until September, many of the Boards I have been appointed to will continue to meet this summer and, as always, Gary and I along with our County staff will be here should you need anything this summer.

If there is ever anything I can help you with, please feel free to call me (850) 606-5375 or just email me at [dozierk@leoncountyfl.gov](mailto:dozierk@leoncountyfl.gov). You can also find me on [LinkedIn](#), [Facebook](#) and [Twitter](#).

## National Disability Voter Registration Week

July 17-21, 2017 has been designated as National Disability Voter Registration Week. The Leon County Supervisor of Elections and Leon County Government have joined together to promote this week with vote machine demonstrations and a series of voter registration drives at each of our library locations.

Our libraries are a great place to learn how to use official voting machines and to get registered to vote. These exercises allow new and potential voters time to recognize the ease of use, flexibility and security of the voting machines.

### **Voting machine demonstrations & voter registration drive**

## Apalachee Regional Planning Council/Florida Regional Planning Council

In December of 2016, I was appointed to the [Apalachee Regional Planning Council](#) (ARPC) and to the [Florida Regional Planning Council Association](#)

(FRPCA).

The Regional Planning Councils have historically focused on regional development and land planning. However, in recent years, ARPC like most of the 10 Regional Planning Councils in Florida, has dramatically expanded services and coordination among the nine (9) counties in our Apalachee Region.

Today, ARPC provides counties and cities in the Big Bend a range of services from economic development and emergency planning to transportation and technical assistance. The ARPC also provides Board members with an opportunity to improve coordination and communication among the nine (9) counties and many cities in the Big Bend.

We have a unique opportunity to collaborate with our neighbors across the Big Bend to manage our growth and protect our environment in a way that prepares us for the coming storms, help local businesses, improve transportation and expand industries like oyster ranches and bike tourism. I am excited to be a member of the Apalachee Regional Planning Council Board of Directors and look forward to working with the Board and Staff.
