Dear Friends,

Next month we will begin the process of building the County budget for 2018-19. The Commission will hold two (2) workshops to review funding proposals for the various county departments and programs.

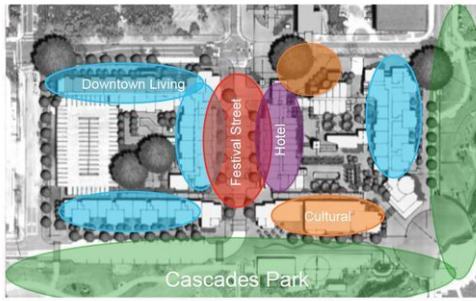

The Commission will also hold two (2) public hearings in September (Sept. 12th & Sept. 26th) before taking a vote on the final budget. Anyone interested in participating in one of the public hearings is invited to attend.

If there is ever anything I can help you with, please feel free to call me (850) 606-5375 or just email me at dozierk@leoncountyfl.gov. You can also find me on [LinkedIn](#), [Facebook](#) and [Twitter](#).

Redevelopment Planned for Property Adjacent to Cascades Park

Last week members of County and City Commissions, sitting at the Community Redevelopment Agency (CRA), gave the go-ahead for a sale agreement of two (2) parcels near Cascades Park. The sale to North America Properties (NAP) clears the way for the redevelopment of the Bloxham annex and

Firestone building sites.

NAP is proposing a mixed-use development with 300 units of studio and one- and two-bedroom apartments, along with 64 units for two- to three-bedroom brownstone townhouses. There will also be a civil rights memorial dedicated to the old county jail where civil rights pioneers were detained, greenrooms and other support for the amphitheater and possibly a cultural component for the arts. Plans also include room for commercial businesses and office space.

The approval of the sale agreement allows more work to be done during the 180-day investigation period, including site inspections, environmental assessments and market research.

NAP has launched a [website](#) that they will use to provide project updates to the community.

Leon County Begins Charter Review Process

On April 4th at 1:30pm, the County Commission will hold a workshop to begin the process of establishing the Citizens Charter Review Committee.

Community Roundtable on Federal Funding for Nonprofit Human Services

Local and regional nonprofit organizations in our area play a vital role in our economy and in strengthening quality of life for our citizens.

According to a [recent study](#) by the [Institute for Nonprofit Innovation and Excellence \(INIE\)](#), more than 2,000 registered nonprofit organizations provide nearly 14,000 jobs in Leon County alone, and nonprofits headquartered in Leon County attracted more than \$33 million in federal funding to our area in 2014 alone.

The President recently released his initial budget proposal for FY 2018 which includes deep cuts for, or elimination of, several federal agencies and programs that impact nonprofit organizations. The President's proposal marks a key starting point in the annual budget process, and funding shifts similar to what the President has proposed would have a significant impact on nonprofit organizations throughout Leon County and the Big Bend Region.

On **Tuesday, April 11th** I will host a roundtable discussion to address the possible decreases in federal funding for health and human services in the upcoming federal budget process. The discussion will include an overview of the economic impact of the nonprofit sector in Leon County and the Big Bend Region by the Institute for Nonprofit Excellence, as well as an overview of the federal funding environment by Squire Patton Boggs, Leon County's contracted federal lobbying team.

The April 11th roundtable discussion will be held at 9:00 a.m. in the County Commission Chambers, located on the fifth floor of the Leon County Courthouse.
