Leon County Commissioner District 5

Dear Friends,

At next Tuesday's Commission meeting we will get an update on the implementation of the **Hurricane Hermine After-Action Report**. The report included 80 recommendations that were compiled through extensive review of plans, preparations, response, and recovery efforts in the weeks following the storm. The recommendations are also a result of five (5) listening sessions that Commissioners and staff conducted with more than 400 residents throughout the community.

Staff will also recommend to the Commission that we enter in to an agreement with Airbnb, that will allow the County to collect Tourist Development Taxes (TDT) from them. In 2016, our staff estimated that 300 Leon County hosts generated nearly \$1 million from 8,000 Airbnb guests. Currently, the County does not collect tourist development taxes from Airbnb.

2017 Legislative Wrap-Up

The Legislature finished their 2017 Session in early May sending the Governor a final budget of nearly \$83 billion. Several local projects that were priorities of the County Commission were funded. They include:

\$1 million to fund and implement a Pre-Disaster Mitigation Project that will provide backup generators for libraries and community centers for use during and after natural disasters.

\$530,000 to replace the Veterans Memorial Highway Bridge on County Road 59, an evacuation route to the North used by many residents.

\$300,000 for Phase II of the Orchard Pond Greenway Trail.

The budget also contains funding for several road projects within Leon County that are a part of the Department of Transportation 5-Year Work Program during the upcoming fiscal year. These projects are:

- \$8.4 million for widening Capital Circle SW from Crawfordville Hwy. to Springhill Rd.
- \$3.7 million for right-of-way acquisition along Woodville Hwy. from Capital Circle to Gaile Ave.
- \$3.5 million for resurfacing North Monroe St. from John Knox Rd. to Thomasville Rd.
- \$2.2 million for resurfacing U.S. 90 from Fernwood Rd. the Gadsden County Line.
- \$2.0 million for construction of a roundabout at Wakulla Springs Rd. and Oak Ridge Rd.
- \$1.4 million for resurfacing Wakulla Springs Road from Capital Circle to Wakulla County line.
- \$1.4 million to resurface Apalachee Pkwy. from Capital Circle to Jefferson County line.
- \$1.1 million for landscaping along Capital Circle NW from U.S. 90 to I-10.
- \$855,000 for landscaping along U.S. 27 from Allen Rd. to the Gadsden County line.
- \$706,400 for bridge painting – CSX railroad bridge over Apalachee Parkway.
- \$469,700 for engineering to resurface Blountstown Hwy. from Pensacola St. to Tennessee St.

The Legislature also approved a bill that would propose an amendment to the state constitution to provide an additional \$25,000 homestead exemption for certain homeowners. If approved by voters in November of 2018, the impact to the County's budget could be severe.

This could result in a shortfall of millions of dollars in revenue starting in 2019. Staff is still crunching the numbers and will provide the Commission with estimates at our June 20th Budget Workshop. I would also expect the staff to present us with options at our June 20th Workshop, of cost savings measures that could help us prepare for the passage of the referendum.
