PART 4: GENERAL PROVISIONS

1. Notify the Department of Transportation Maintenance Office at least 48 hours in advance of starting proposed work.
Phone: (850) 922-7900 _____, Attention: Permits
2. A copy of the approved permit must be displayed in a prominent location in the immediate vicinity of the connection construction.
3. Comply with Rule 14-96.008(1), F.A.C., Disruption of Traffic.
4. Comply with Rule 14-96.008(7), F.A.C., on Utility Notification Requirements.
5. All work performed in the Department's right of way shall be done in accordance with the most current Department standards, specifications and the permit provisions.
6. The permittee shall not commence use of the connection prior to a final inspection and acceptance by the Department.
7. Comply with Rule 14-96.003(3)(a), F.A.C., Cost of Construction.
8. If a Significant Change of the permittee's land use, as defined in Section 335.182, Florida Statutes, occurs, the Permittee must contact the Department.
9. Medians may be added and median openings may be changed by the Department as part of a Construction Project or Safety Project. The provision for a median might change the operation of the connection to be for right turns only.
10. All conditions in NOTICE OF INTENT WILL APPLY unless specifically changed by the Department.
11. All approved connection(s) and turning movements are subject to the Department's continuing authority to modify such connection(s) or turning movements in order to protect safety and traffic operations on the state highway or State Highway System.
12. **Transportation Control Features and Devices in the State Right of Way.** Transportation control features and devices in the Department's right of way, including, but not limited to, traffic signals, medians, median openings, or any other transportation control features or devices in the state right of way, are operational and safety characteristics of the State Highway and are not means of access. The Department may install, remove or modify any present or future transportation control feature or device in the state right of way to make changes to promote safety in the right of way or efficient traffic operations on the highway.
13. The Permittee for him/herself, his/her heirs, his/her assigns and successors in interest, binds and is bound and obligated to save and hold the State of Florida, and the Department, its agents and employees harmless from any and all damages, claims, expense, or injuries arising out of any act, neglect, or omission by the applicant, his/her heirs, assigns and successors in interest that may occur by reason of this facility design, construction, maintenance, or continuing existence of the connection facility, except that the applicant shall not be liable under this provision for damages arising from the sole negligence of the Department.
14. The Permittee shall be responsible for determining and notify all other users of the right of way.
15. Starting work on the State Right of Way means that I am accepting all conditions on the Permit.

2. All non-conforming connections will be subject to closure or relocation when reasonable access becomes available in the future.

OTHER SPECIAL PROVISIONS:

PART 6: APPEAL PROCEDURES

You may petition for an administrative hearing pursuant to sections 120.569 and 120.57, Florida Statutes. If you dispute the facts stated in the foregoing Notice of Intended Department Action (hereinafter Notice), you may petition for a formal administrative hearing pursuant to section 120.57 (1), Florida Statutes. If you agree with the facts stated in the Notice, you may petition for an informal administrative hearing pursuant to section 120.57(2), Florida Statutes. You must file the petition with:

Clerk of Agency Proceedings
Department of Transportation
Haydon Burns Building
605 Suwannee Street, M.S. 58
Tallahassee, Florida 32399-0458

The petition for an administrative hearing must conform to the requirements of Rule 28-106.201(2) or Rule 28-106.301(2), Florida Administrative Code, and be filed with the Clerk of Agency Proceedings by 5:00 p.m. no later than 21 days after you received the Notice. The petition must include a copy of the Notice, be legible, on 8 1/2 by 11 inch white paper, and contain:

1. Your name, address, telephone number, any Department of Transportation identifying number on the Notice, if known, the name and identification number of each agency affected, if known, and the name, address, and telephone number of your representative, if any, which shall be the address for service purposes during the course of the proceeding.
2. An explanation of how your substantial interests will be affected by the action described in the Notice;
3. A statement of when and how you received the Notice;
4. A statement of all disputed issues of material fact. If there are none, you must so indicate;
5. A concise statement of the ultimate facts alleged, including the specific facts you contend warrant reversal or modification of the agency's proposed action, as well as an explanation of how the alleged facts relate to the specific rules and statutes you contend require reversal or modification of the agency's proposed action;
6. A statement of the relief sought, stating precisely the desired action you wish the agency to take in respect to the agency's proposed action.

If there are disputed issues of material fact a formal hearing will be held, where you may present evidence and argument on all issues involved and conduct cross-examination. If there are no disputed issues of material fact an informal hearing will be held, where you may present evidence or a written statement for consideration by the Department.

Mediation, pursuant to section 120.573, Florida Statutes, may be available if agreed to by all parties, and on such terms as may be agreed upon by all parties. The right to an administrative hearing is not affected when mediation does not result in a settlement.

Your petition for an administrative hearing shall be dismissed if it is not in substantial compliance with the above requirements of Rule 28-106.201(2) or Rule 28-106.301(2), Florida Administrative Code. If you fail to timely file your petition in accordance with the above requirements, you will have waived your right to have the intended action reviewed pursuant to chapter 120, Florida Statutes, and the action set forth in the Notice shall be conclusive and final.

FDOT REQUIREMENTS

A COPY OF THIS PERMIT AND PLANS SHALL BE ON THE JOB SITE AT ALL TIMES DURING THE CONSTRUCTION OF THIS FACILITY.

THIS OFFICE (**MIDWAY OPERATIONS CENTER**) REQUIRES 48 HOURS PRIOR NOTICE ON ALL WORK WITHIN FDOT'S RIGHT OF WAY (PHONE 922-7900 Attn. Permits).

All construction and/or maintenance on the Florida Department of Transportation's right of way shall conform to the Federal Manual on Uniform Traffic Control Devices (MUTCD), FDOT's Roadway and Traffic Design Standards and the Standard Specifications for Road and Bridge Construction (latest edition) for safety and work provided, unless otherwise specified by the Maintenance Engineer. A certified work site traffic control supervisor must oversee maintenance of traffic control plan and work site set up. Class 2 safety vest must be worn by all persons while working within FDOT right of way for this permit.

Permittee shall be responsible for cost and installation of any traffic control signals required by the Florida Department of Transportation.

An excavation shall be protected from cave-ins by an adequate protective system. When excavations are less than 5 feet in depth an examination by a competent person is required; as per OSHA standards 1926.652. All trenches must be backfilled in accordance with the State of Florida Department of Transportation Specifications.

LANE CLOSURES: The permittee's contractor will not be permitted to hinder traffic movements by blocking any travel lanes on the state highway system between the hours of 7:00 AM to 9:00 AM EST, and from 4:00 PM to 6:00 PM EST Monday through Friday. No lane closures will be allowed from 4:00 PM EST the day prior to a holiday, through 9:00 AM EST the day following the holiday or on holiday weekends, days of Special Events or on weekends of FAMU or FSU home football games.

ROADWAY RESTORATION: The Permittee must match existing roadway base and surface of the traveled lane for connecting points or emergency repairs. If auxiliary lanes are to be constructed at connections and the existing paved shoulders do not meet the above requirements they shall be removed and replaced to match the existing roadway base and surface of the traveled lane. Furthermore, any constructed auxiliary lanes require the permittee to submit cross sections of area every 100 feet for existing and proposed conditions. Provide qualified personnel for sampling, testing and inspection of materials and construction activities. Ensure that qualifications are maintained during the course of sampling, testing and inspection. All testing shall be by an FDOT / CTQP qualified technician as per the FDOT Specification 105.

UTILITY NOTIFICATION: Permittee is cautioned that utilities may be located within the construction area and any necessary utility relocation shall be at the expense of the permittee.

48 Hours prior to excavating, permittee is to contact SUNSHINE 811 at 1-800-432-4700.

No open cuts allowed in roadway to locate existing utilities, a six or eight inch core and vacuum excavation is allowed with FDOT engineer's approval. The applicant shall provide written justification for approval of any coring or open cutting.

Aerial crossings shall have a minimum of 18 ft. vertical clearance over roadways and 24 ft. over limited access roadways for all state highway systems. Other governmental agencies may require a greater clearance; the greater clearance required prevails.

All above ground appurtenances must be placed as close to the right-of-way line as practical.

ENVIRONMENTAL REQUIREMENTS:

Permittee shall attach a stormwater pollution prevention plan to permits requiring excess disturbance of soil on the Department's right of way. Permittee will be required to address erosion and sediment control at job site according to Section 104, "Prevention, Control, and Abatement of Erosion and Water Pollution," in the FDOT's Standard Specifications for Road and Bridge Construction, Current Edition, Index Numbers 104, 105, and 199 in FDOT's Roadway and Traffic Design Standards, Current Edition, and the Florida Erosion and Sediment Control Manual.

NOTE: Hay Bales are no longer allowed for use as sediment and erosion control devices within the FDOT right-of-way.

Any construction activities which disturb a total land area of one (1) or more acres and discharges stormwater into waters of the United States require the permittee to provide a copy of the Environmental Protection Agency's NPDES Notice of Intent/Individual Permit within two working days prior to the start of construction. Permittee shall also provide the FDOT a copy of any state, county, or local environmental permits.

RESTORATION OF RIGHT OF WAY:

- After facility work is completed the permittee shall take immediate steps to reestablish pre-existing right of way and turf conditions. Turf is to be reestablished with the following minimums:
 - Place Sod unless directed otherwise. Sod adjacent to sidewalk shall be placed flush with the top of the sidewalk.
 - Permanent grass species to be established shall be a mixture of Bermuda and Bahia in a one to one ratio.
 - Temporary grass seed shall be Bermuda, Bahia or Annual Rye Grass. ALL DISTURBED AREAS ARE TO BE RESEEDDED REGARDLESS OF SIZE. Seed rates are as per FDOT Standard Specification Sections 570 & 981.
 - Fertilizing of all disturbed areas shall comply with FDOT Standard Specification Section 982.
- Provisions of the FDOT's Utility Accommodation Manual and Standard Specifications concerning grassing and restoration of rights of way will be strictly enforced. Approval of future permit applications will be contingent upon the applicant's compliance with these provisions in restoring of the right of way.
- Should any sidewalk be damaged as a result of the permitted work, it shall be replaced full length and width of each slab damaged within 72 hours.
- The permittee will take all maintenance responsibilities for any sidewalk for period of one year after completion of construction.
- All existing driveway / roadway connections not actively utilized as part of the newly constructed site development shall be closed and the right of way restored to the appropriate condition.
- No stock piling and / or storage of materials allowed within the state right of way.

THE FLORIDA DEPARTMENT OF TRANSPORTATION RESERVES THE RIGHT TO MAKE ADJUSTMENTS TO ANY PERMITTED METHOD OF INSTALLATION, SCOPE, RESTORATION AND PUBLIC SAFETY THAT ARISE DUE TO UNFORSEEN CONDITIONS DURING CONSTRUCTION.
