RE: ITN Title: Design and Installation of Electrical Power Production at the Leon County Solid Waste Management Facility
ITN No: BC-10-20-10-49
Opening Date: Wednesday, October 20, 2010

ADDENDUM # 1

Dear Vendor:

This letter serves as Addendum #1 for the above referenced project.

The information below is provided in response to a vendor inquiry.

1. What is the electrical load onsite?

   An average of 27,000 kilowatts per year. The average was based on two invoices from Talquin Electric for January and August, 2009.

2. Do you have information on the amount of available landfill gas and a gas analysis?

   Currently the amount of landfill gas is 324 scfm at 40.4% CH4 (methane), 31.8% CO2 (carbon dioxide) and 3.2% O2 (oxygen)

Acknowledgment of this addendum is required as part of your bid submittal. Failure to acknowledge this addendum may result in rejection of your bid.

Should you have any questions, feel free to call me at (850) 606-1600.

Sincerely,

Wendi Sellers
Contract Manager
