V. GENERAL BUSINESS

Research Presentation: FY19 Second Quarter Visitor Tracking Report-

Joseph St. Germain, Ph.D., representing Downs and St. Germain Research presented to the Council the 2nd Quarter Visitor Tracking Report (January-March 2019). He highlighted the percent change increase in each category of the Tourism Snapshot year-over-year compared to the 2nd Quarter of FY18. Dr. St. Germain relayed historically when Legislative Session has been held during the same quarter there has been a decrease, but noted the increase compared to the same quarter in FY18. He discussed and highlighted from the report: origin of visitors, travel parties, length of stay, transportation, visitation, visitor satisfaction, top reasons for visiting, top activities, visitor spending, trip planning, finding their way around, and perceptions of Leon County. Dr. St. Germain also relayed the demographics of the typical Leon County Visitor. Commissioner Bryant stated for the record, her challenge to Downs and St. Germain Research to expand its scope of individuals being considered in survey data, particularly in the African-American community and events. There was considerable discussion on the need and awareness for a central calendar of events. Kerri Post noted the VisitTallahassee.com calendar of events also populates with events from COCA's website. Ms. Post reported staff would continue to be proactive and research events on Facebook and other social media platforms to include on the VisitTallahassee.com calendar of events. Downs & St. Germain confirmed they would attend the Emancipation Proclamation Celebration held on May 20th to conduct visitor research surveys and will be proactive going forward to ensure more African American community events are represented in the visitor research surveys.

CRA/TDT Arts Grants Update-

Mr. Rick McCraw provided a brief history of the CRA's Arts, Cultural, and Heritage Grant Program and noted that after the decision was made not to build a Performing Arts Center, those funds were reallocated to fund arts and heritage projects. He conveyed that back in July 2018 the CRA Board in coordination with the County and the City approved \$3 million to fund three applications for projects in the Downtown/Frenchtown CRA. Mr. McCraw then provided updates on each of the projects:

John G. Riley House Center/Museum

He relayed the John G. Riley House Center/Museum (Riley House) received \$289,000 for the "Soul Voices" Project for the installation of nine kiosks throughout the Frenchtown neighborhood to tell the "Frenchtown story." Mr. McCraw reported the Riley House has a contractor and consultant. He conveyed the CRA has executed a contract and will provide a copy to the County. Mr. McCraw shared the CRA will work with the Riley House on the installation of kiosks.

LeMoyne Arts

Mr. McCraw stated the LeMoyne Arts (LeMoyne) "Arts for Always" project is for renovation of its building on North Gadsden Street for the creation of an Arts Education Center. He shared LeMoyne's original request was for \$3 million, however they were awarded \$1 million. He commented the CRA is still working with LeMoyne, however LeMoyne does not want to enter into a contract until it has identified the additional \$2 million funding and decided how the project will be phased in.

TLH Arts Project

Mr. McCraw reported TLH Arts Performance and Rehearsal Space plan to occupy a building near Anita Favors Park on FAMU Way. Mr. McCraw shared TLH Arts had plans to renovate the building which is currently being used by the City for Parks and Recreation as storage, however he reported the building is owned by Florida Department of Transportation and leased by the City. Mr. MrCraw relayed FDOT has expressed concerns with the current leasing agreement as the agreement was not originally set up to have an income generating organization in the building. Mr. McCraw commented the CRA is looking at alternative building locations that can be renovated for TLH Arts in the Frenchtown, Downtown, Southside CRAs. Ms. Post emphasized that as TLH Arts Project looks for another building in the Downtown CRA areas, as a requirement, it still must be a publicly owned building. Mr. Patel reminded TDC members of last year's discussion regarding deadlines on phases of the projects. Ms. Post noted that she had reached out to CRA staff regarding the TDC's concerns about setting benchmarks for fundraising and timelines for construction as many projects. She will follow-up with CRA staff as to the fundraising status of the outstanding projects, and the timeframes being contemplated for their development.

FY2020 DRAFT Tourism Grant Guidelines Review-

Ms. Post provided an update on the Grant Policy and Application Revisions and Guidelines. She noted these revisions are based on the last year's Grant Review Committee recommendations. Ms. Post highlighted the memorandum provided in the Board packet and noted the modifications in the enclosed revised Guidelines are highlighted in red. She then provided a general overview of revisions which included: 1) Applicant cannot be considered for more than one Signature or Signature Emerging Event, 2) Stronger language to further define when peak-periods occur, 3) Stronger language to clarify allowance of the Grant Review Committee discretion in adjusting the recommended requested amount and the final awards amount, and 4) Additional items on the grant application include requesting the applicant to provide a statement of need and statement of stability and growth for the event over the next five years.

Ms. Post also highlighted the memorandum in the Board Packet for the creation of new Legacy Event Grant category. She confirmed Legacy Events are the established, top-producing events with respect to visitation, room-nights, and economic impact. Ms. Post relayed the Legacy Event Grant category item will go before the Board of County Commission in June as part of the Division of Tourism's Budget Item discussion. She announced the opening of the FY2020 Grant Cycle occurring May 15th-July 15th. Ms. Post also requested the FY2020 Grant Review Committee be

established and shared that as part of last year's recommended modifications there will be a formal Grant Review Committee orientation meeting. Chairman Schmitz confirmed this year's Grant Review Committee members are Mr. Thompson, Ms. Priester, and Ms. Personette.

FY2020 DRAFT Sales Plans Highlights & Budget Review-

Ms. Post shared as she introduced the FY20 Budget and Sales that "transition" has been the theme over the past year. She noted challenges from the past year including 40% transition in staff, sale of the 106 E. Jefferson building, and move to the new Tourism office. Ms. Post spoke of her excitement for the new staff members who have joined the Visit Tallahassee Team and also for the new TDC members. She then introduced the Tourism staff to highlight their individual Sales Plans and introduce themselves to the TDC. Staff members presented their respective Sales Plans with target goals for room nights and highlights of their programs for FY20.

Ms. Post then reviewed the FY20 Preliminary Division Budget commenting on the variances and gave a brief explanation on the Total Expenditure Budget. She noted the approximately \$300,000 proposed increase in the Preliminary Draft Budget over FY19.

Commissioner Desloge moved, duly seconded by Commissioner Bryant acceptance of the FY20 Draft Sales Plans and FY20 Preliminary Draft Tourism Development Division Budget. The motion carried 7-0, with Amanda Stringer and Michelle Personette absent.

Commissioner Bryant offered commendations to the Tourism staff on their Sales Plans and spoke of the attention to detail including mission, goals, tactics, and KPIs.

Scott Carswell Presents Update-

Mr. John Summers, Marketing Manager, representing Scott Carswell Presents provided updates including announcing the JJ Grey with Mofro Concert to be held on Friday, September 6, 2019. He shared his excitement for this act and commented tickets would go on sale Friday, May 3rd. He reported that Mr. Carswell expects to have an update at the next meeting on a very strong show in November.

COCA Updates-

Amanda Thompson, COCA Interim Executive Director, reported that during the annual grants review process the Cultural Grant Program guidelines were revised. She noted the revisions include feedback from the Grant Review Committee panelists, applicants, and the public. Ms. Thompson provided an update on COCA's Executive Director search, stating interviews have been completed and the search committee will meet to discuss interviews and suggest two finalists to move forward to the full COCA Board for final decision and job offer. She stated an anticipated start date is July/August.

Tallahassee Sports Council (TSC) Update-

Mike Collins, Tallahassee Sports Council Chairman provided updates on the TSC. Mr. Collins reported the TSC has begun its process of selecting a Grant Review Committee to begin evaluating grants for the FY20 1st Grants Cycle. He noted the two recent youth soccer tournaments: ASG Warner and Florida Elite Youth Soccer Tournament. Mr. Collins shared the International Mountain Bike Association (IMBA) workgroup would be meeting to continue the application process for the IMBA designation. He also shared the TSC would create a subcommittee to discuss ways to showcase the Tallahassee Area Sports Hall of Fame. Based on discussions at the past TSC meetings, Mr. Collins also relayed the TSC's recommendation to explore a feasibility study on a Sports Complex. Discussion ensued on Sports Complex feasibility studies.

Commissioner Desloge moved, duly seconded by Commissioner Williams-Cox requesting an agenda item to the Board of County Commissioners on a Sports Complex market analysis and feasibility study to include FSU, FAMU, and to ensure the study is inclusive all other partners in the City and County. The motion carried 7-0, with Amanda Stringer and Michelle Personette absent.

VI. EXECUTIVE DIRECTOR'S REPORT

- Ms. Post offered for Commissioners Desloge, Williams-Cox, and Bryant to share their thoughts and take-aways from the Tallahassee Chamber of Commerce Leadership Trip in Greenville, SC. and she shared hers as well.
- Ms. Post provided updates on the Advertising/Marketing, PR, and Research RFPs. She
 relayed there were five proposals received for the Advertising/Marketing RFP. She
 reported three firms were local, one in-state, and one out of state. Ms. Post noted the
 PR received three proposals: two local and one in-state. She also shared the Research
 RFP received two proposals: one local and one in-state. Ms. Post then shared the RFP
 Evaluation process with the Council.
- Ms. Post reported the Division of Tourism is exploring a potential partnership with the
 Downtown Improvement Authority (DIA) for their free Sundown Concert Series to
 extend the series into the fall with the intent to further activate the Amphitheater.
 Ms. Post shared that the Division of Tourism is also exploring working together with
 the DIA to produce a New Year's Eve event at the Amphitheater.
- Ms. Post shared the National Travel and Tourism Week Luncheon is Wednesday, May 8 at Goodwood Museum and Gardens. She announced the new "Seasoned Local" Campaign would be launched at the luncheon. Seasoned Local is a bucket list of seasonal activities to encourage residents to explore their back yard and win prizes. She also shared the "Tommy" Awards for Distinguished Leadership will be announced.
- Ms. Post recognized the Sports Tourism team for securing FHSAA High School Football championships here for 3 years (with a potential extension for 3 more years).
- Ms. Post will be presenting at "Women Wednesday" along with Cristina Paredes, Director of the Office of Economic Vitality on Economic MatHERS at DOMI Station.

VII. <u>ADDITIONAL BUSINESS: "For the Good of the Cause":</u> Discussion ensued on ways to relay events happening in Tallahassee-Leon County. Ms. Post shared the Division of Tourism's bi-weekly distribution of "What's Happening" newsletter to inform visitors of events in the community encouraging them to extend their stay. In addition to the "Weekend Itineraries" featured on social media, she also relayed the Division is exploring a Visit Tallahassee Podcasting for weekend updates and outdoor recreation.

ADJOURN:

There being no further business to come before the Council, the meeting was adjourned at 10:41 a.m.

Leon County Tourist Development Council Local Option Tourist Development Tax Collections (Bed Tax Revenues)

| October November December January February | March | April | May | June | July | August | September | Totals |
|--|-------|-------|-----|------|------|--------|-----------|--------|
|--|-------|-------|-----|------|------|--------|-----------|--------|

- (2) The collection of the 3rd Penny Bed Tax began January 1, 1994.
- (3) These figures represent the total bed taxes collected. Of the total collections, 97% is actually deposited in the Tourist Development Trust Fund.
- (4) The collection of the 4th Penny Bed Tax began November, 2004 (Revenues reported for December, 2004) and are designated for the proposed Performing Arts Center.
- (5) The Tourist Tax collection percentages may fluctuate greatly for the 1st quarter of the fiscal year. The fluctuations usually "true-up" after the end of the 2nd quarter of the fiscal year.

Example: FY2006/2007: 1st quarter, Gain/Loss - YTD: 3-cent is 17%. 2nd quarter, Gain/Loss - YTD: 3-cent is 6%.

- (6) Due to holiday schedule, \$105,864.94 of December 2007 total collections were not included in the December 2007 Tax Collectors Report. The \$105,864.94 will be included in the January 2008 Tax Collectors Report.
- (7) Collection of 5th Penny began May, 2009. Collection reflected in June Tax Collection report.

Leon County Board of County Commissioners

Agenda Item #13 July 9, 2019

To: Honorable Chairman and Members of the Board

From: Vincent S. Long, County Administrator

Title: Voluntary Collection Agreements of Tourist Development Taxes

| Review and Approval: | Vincent S. Long, County Administrator | |
|------------------------------|--|--|
| Department/ Division Review: | Alan Rosenzweig, Deputy County Administrator Ken Morris, Assistant County Administrator | |
| Lead Staff/ Project Team: | LaShawn Riggans, Deputy County Attorney Kerri Post, Director, Division of Tourism Dionte Gavin, Senior Operations Manager, Division of Tourism Nicki Paden, Management Analyst | |

Statement of Issue:

This item seeks Board authorization for the County Administrator to enter into Voluntary Collection Agreements with HomeAway and TripAdvisor Rentals for the Collection of Tourist Development Taxes (Attachment #1 and #2), in a form to be approved by the County Attorney. This item also seeks Board authorization for the County Administrator to negotiate and execute future voluntary collection agreements with other interested short-term rental platforms, in a form approved by the County Attorney.

Fiscal Impact:

This item has a fiscal impact to the County. The additional Tourist Development Taxes to be collected through these agreements are anticipated to be between \$40,000 - \$50,000 per year. HomeAway and TripAdvisor Rentals will begin collecting and remitting TDT revenues on September 1, 2019 and the additional revenue will be contemplated once collection commences.

Staff Recommendation:

Option #1: Authorize the County Administrator to finalize and execute Voluntary Collection

Agreements with HomeAway and TripAdvisor Rentals for the collection of Tourist Development Taxes (Attachment #1 and #2), in a form to be approved by the

County Attorney.

Option #2: Authorize the County Administrator to negotiate and execute future voluntary

collection agreements with other interested short-term rental platforms under the

same general terms, in a form approved by the County Attorney.

Report and Discussion

Background:

This item seeks Board authorization for the County Administrator to enter into Voluntary Collection Agreements with HomeAway and TripAdvisor Rentals for the Collection of Tourist Development Taxes (Attachment #1 and #2), in a form to be approved by the County Attorney. This item also seeks Board authorization for the County Administrator to negotiate and execute future voluntary collection agreements with other interested short-term rental platforms, in a form approved by the County Attorney.

Short-term rental platforms, like HomeAway and TripAdvisor, have become an increasingly popular alternative method utilized by consumers to lease short-term vacation properties around the country. However, the increased use of online short-term rental platforms in recent years has created unique challenges for local governments regarding the collection and remittance of Tourist Development Taxes (TDT).

Short-term rental platforms use modern information technology, such as mobile apps or websites, to connect lodging hosts with renters to transact business without the use of traditional rental companies. Various short-term rental platforms have classified their services akin to matchmaker services or classified ads, simply pairing hosts and renters for a nominal fee/commission for the transaction rather than a financial consideration for the nightly lodging, and have thereby denounced the responsibility to collect and remit TDT. While such alternative lodging options may be increasingly popular with short-term renters, the regulatory framework has not kept pace which has resulted in numerous litigation battles in an attempt to clarify roles and responsibilities for short-term rental platforms. In addition to impacting growth in TDT collections for local governments, the lack of clarity has also placed short-term rentals at an unfair advantage by evading regulatory measures currently imposed on traditional commercial rental lodging establishments.

By late 2016, many Florida counties were considering a class action lawsuit over the collection and remittance of TDT. At the time, Airbnb began aggressively pursuing agreements with individual jurisdictions across the country and state revenue agencies, including the Florida Department of Revenue, to voluntarily collect and remit taxes on a prospective basis. To avoid litigation and capture a share of the uncollected TDT generated by the largest online short-term rental platform in the local market, Leon County welcomed the opportunity to negotiate a Voluntary Collection Agreement with Airbnb to ensure the prospective remittance of TDT.

In response to these challenges, the County has continued to pursue opportunities to negotiate voluntary collection agreements with online short-term rental platforms to capture a share of the uncollected TDT generated in the local market. On May 23, 2017, the Board approved the negotiated terms and conditions for a Voluntary Collection Agreement with Airbnb, the largest short-term rental platform in Leon County, to ensure the prospective collection and remittance of TDT beginning in July 2017. Following the approval of the agreement, the Board requested staff to explore opportunities to secure voluntary collection agreements with other providers. As reported in the status update at the October 24, 2017 meeting (Attachment #3), staff found that

July 9, 2019

Page 3

Airbnb was the only short-term rental platforms to have executed a collection agreement with local jurisdictions in Florida. Since that time, however, other short-term rental platforms have begun pursuing voluntary collection agreements with individual jurisdictions across the country and state.

The analysis also found the most effective and holistic approach to address the collection and remittance of TDT would be through statutory changes by the Florida Legislature. Specifically, by amending the provisions of Section 125.0104, Florida Statutes governing TDT to acknowledge the market shift to the online sales of residential listings and clearly define the roles and responsibilities of short-term rental platforms and individual property owners to charge, collect, and remit TDT to their respective local government. However, despite the continuously evolving market of web-based booking platforms and the sharing economy, there has still yet to be an adequate regulatory framework established in state law or indication of interest by the Legislature to do so. As a result, the County has continued to pursue voluntary collection agreements with individual platforms as presented in this item.

Analysis:

HomeAway & TripAdvisor Voluntary Collection Agreements

Since October 2017, staff has become aware of other short-term rental platforms that have begun pursuing voluntary collection agreements with individual jurisdictions across the nation including HomeAway, Flipkey, TripAdvisor Rentals, Mister B&B, Booking.com. As HomeAway and TripAdvisor Rentals began pursuing voluntary collection agreements with individual jurisdictions across the country and state, staff identified the opportunity to negotiate agreements with both platforms to capture the TDT required to be collected and remitted to Leon County. HomeAway projects over \$40,000 would have been generated if TDT was remitted to Leon County in FY 2018 and projects higher collection in subsequent years as this technology platform for booking overnight stays becomes more commonplace and HomeAway's market share continues to expand in Leon County. At this time, TripAdvisor Rentals estimates less than \$5,000 of TDT will be remitted annually. Anticipated collections for both companies are likely to increase in the future as the utilization of online platforms grow and these companies continue to evolve by acquiring additional online platforms.

To date, HomeAway has entered into voluntary collection agreements with the Florida Department of Revenue on behalf of 24 counties and another handful of individual counties across the state, effectively eliminating the platform's liability for past unpaid TDT and agreeing to voluntarily collect and remit taxes only on a prospective basis in over 30 counties. TripAdvisor has entered into agreements with four counties. Similar to the County's agreement with Airbnb, staff has negotiated collection agreements with HomeAway and TripAdvisor Rentals which alleviate legal concerns related to the waiver of back taxes and penalties and interest and prescribe the County's auditing function related to the remittance of TDT. The draft Voluntary Collection Agreements require HomeAway and TripAdvisor Rentals to collect and remit TDT on behalf of property owners, alleviate property owners from individually registering with the County since these platforms will serve as their agents, and preserves the County's ability to audit collection and remittance data. All of these terms are consistent with the County's existing agreement with Airbnb.

July 9, 2019

Page 4

The negotiated collection agreements with HomeAway and TripAdvisor Rentals also apply to the subsidiaries under each platform. Staff recommends the Board authorize the County Administrator to enter into Voluntary Collection Agreements obligating HomeAway and TripAdvisor Rentals to collect and remit TDT in compliance with the County's Ordinance and the provisions of Section 125.0104, Florida Statutes beginning on September 1, 2019.

Update on Local Short-Term Rentals Available Through Online Platforms

To assess the current local market for short-term rentals of residential properties and the market share of platforms such as HomeAway and TripAdvisor, staff conducted a comparative analysis to provide the most up-to-date information regarding the scale of these platforms in Leon County. Similar to the analysis conducted in 2017, staff compared the number of online available listings for each provider across five separate booking dates during Spring 2019 utilizing the following parameters to fully capture a sense of the market:

- Individual weeknight stay during the 2019 Legislative Session.
- Individual weeknight stay that does not coincide with 2019 Legislative Session.
- Two-night weekend stay (Friday and Saturday) that coincide with the FSU 2019 Spring Football Game.
- Two-night weekend stay (Friday and Saturday) that coincide with the FSU's and FAMU's Spring 2019 Graduation Ceremonies.
- Two-night weekend stay (Friday and Saturday) that does not coincide with a major community event.

As reflected in Table #1, Airbnb continues to maintain the majority of the total listings available with an average of over 176 properties available per search. HomeAway and TripAdvisor also have a considerable market share as the second and third most utilized platforms for short-term rentals in Leon County. Since the last comparative analysis in 2017, both of these platforms have experienced growth in their market share with HomeAway increasing from an average of 25 listings in 2017 to 32 listings and TripAdvisor Rentals increasing from an average of 3 listings in 2017 to 17 listings this year.

Table #1: Short-Term Rental Availability in Leon County as of April 3, 2019

| | Weekday Availability (# of Listings) | | Weekend Availability (# of Listings) | | |

² TripAdvisor Rentals Subsidiaries include FlipKey, VacationHomeRentals.com, HouseTrip.com, HolidayLettings.co.uk, Niumba

July 9, 2019

Page 5

As reflected in the Table #1 footnote, HomeAway is owned by industry giant Expedia and has two subsidiaries, VRBO and VacationRentals.com, which share the same online platform and identical listings (the HomeAway Platform). Similarly, TripAdvisor Rentals owns several subsidiaries including Holiday Lettings, House Trip, and FlipKey. However, the listing results for TripAdvisor Rentals and its subsidiary Flipkey do not mirror each other as Flipkey focuses on residential property listings while TripAdvisor Rentals has traditionally offered a portfolio of commercial hotel listings incorporated with its share of non-commercial lodging listings.

By design, a 'total' row at the bottom of Table #1 is not provided because it would misrepresent the total number of listings available due to the relationship between TripAdvisor and Flipkey as well as the fact that hosts often list their properties on multiple platforms simultaneously in order to maximize exposure and increase the potential of finding a renter. To ensure TDT revenues are remitted, Leon County would have to enter into voluntary collection agreements with every willing platform that collects payment for short-term rentals in the existing and evolving marketplace.

Authorization for Future Voluntary Collection Agreements

As reported during the October 24, 2017 meeting, staff found various local jurisdictions across the nation and state had been unsuccessful in securing voluntary collection agreements with short-term rental platforms other than Airbnb. However, more and more platforms have become willing to enter collection agreements with local jurisdictions in recent years. As this interest continues to grow, staff will continue to identify additional opportunities to capture TDT generated by other emerging platforms. To support these efforts, this item seeks the Board to authorize the County Administrator to negotiate and execute future voluntary collection agreements with other interested short-term rental platforms, in a form approved by the County Attorney. As authorized, future agreements will align with the County's existing collection agreements approved by the Board.

Options:

- 1. Authorize the County Administrator to finalize and execute Voluntary Collection Agreements with HomeAway and TripAdvisor Rentals for the collection of Tourist Development Taxes (Attachments #1 and #2), in a form to be approved by the County Attorney.
- 2. Authorize the County Administrator to negotiate and execute future voluntary collection agreements with other interested short-term rental platforms under the same general terms, in a form approved by the County Attorney.
- 3. Do not authorize the County Administrator to execute or pursue Voluntary Collection Agreements for the collection of Tourist Development Taxes.
- 4. Board direction.

July 9, 2019 Page 2

Report and Discussion

Background:

During the June 18, 2019 Budget Workshop, the Board directed staff to provide a status update on the Capital City Amphitheater Support Space to be constructed with Tourist Development Taxes (TDT).

On October 24, 2017, the Board approved the Community Redevelopment Agency's (CRA) request to utilize up to \$2.75 million of TDT funds previously set aside for the Performing Arts Center, to provide Amphitheater support and flexible event space for future concerts as part of North American Properties (NAP) redevelopment of two square blocks adjacent to the Cascades Park (Attachment #1).

As approved by the Board and City Commission in October 2017, the public space is being constructed as part of the NAP redevelopment to provide a greenroom overlooking the Amphitheater, equipped with dressing rooms, private restrooms with showers, a VIP lounge, and convenient access to the Amphitheater stage. In addition, a climate-controlled and easily accessible area for material, equipment, and personnel will be located on the ground floor directly behind the Amphitheater.

As requested by the Board, this item provides a status update on the Capital City Amphitheater Support Space and the ongoing coordination with the City regarding the construction, design, and planned operation of the support space.

Analysis:

From November 2011 through August 2012, the Board approved a total investment of \$1.53 million of TDT to support the construction of the Capital City Amphitheater as part of the Blueprint 2000 Cascades Park project. To make the venue more suitable for concerts and performances featuring national-acclaimed artists, the County's investment provided various improvements to the Amphitheater including the stage covering, electrical upgrades, permanent sound system, and permanent seating near the stage. Consistent with the County's Interlocal Agreement with the City governing public projects constructed with Blueprint sales taxes, the City is charged with the day-to-day maintenance and operation of Cascades Park and the Amphitheater.

In July 2013, to ensure a return on this investment of TDT funds, the County entered into an agreement with the City of Tallahassee regarding the programming and operations of the Amphitheater at Cascades Park. The Capital City Amphitheater Interlocal Agreement (formerly referred to as the STAGE Agreement) authorized the County, through the Division of Tourism, to facilitate the booking and promotion of up to 10 regional, ticketed concerts per year at the Amphitheater. The Capital City Amphitheater Interlocal Agreement supports the County's strategic effort to utilize the Amphitheater to attract regional visitors and enhance economic development through tourism.

Title: Status Update on the Amphitheater Support Space

July 9, 2019 Page 3

On March 14, 2014, Cascades Park was officially dedicated, and the Amphitheater hosted its first ticketed concert less than a month later. Since that time, the Amphitheater has become an important asset to the Tallahassee-Leon County community, serving as a unique venue for high quality performances across the entertainment industry. Beyond the County's Concert Series events, the Amphitheater serves as a community venue managed by the City of Tallahassee and utilized throughout the year by a wide range of organizations for cultural and civic events.

Meridian Point Building

Recognizing the potential redevelopment opportunities for the abandoned Firestone and Bloxham Annex state office buildings consisting of two square blocks adjacent to Cascades Park, and to support the anticipated needs associated with the opening of the Park in 2014, the City entered into a lease with the State of Florida for year-round access to the Firestone Building (also known as the Meridian Point Building) to support the Park. Like the Park and Amphitheater, the Meridian Point Building was managed by the City's Parks, Recreation, and Neighborhood Affairs Division and made available for public use. The building, which at that time was immediately adjacent to the rear portion of the Capital City Amphitheater stage, offered over 5,300 square feet for Park and Amphitheater needs including three dressing areas, production offices, private restrooms, dining space to feed the stage crew, and a greeting area for performers to interact with fans and sponsors.

The Capital City Amphitheater Interlocal Agreement provided the County first right of refusal for use of the greenroom and dressing room space in the Meridian Point Building for Concert Series performances. The proximity of the greenroom space immediately adjacent to the backstage of the Amphitheater, proved vital for the County's Concert Series. In addition to the County sponsored events, the Meridian Point Building supported other large and small performances, festivals, and events in need of storage space for their materials, equipment, and personnel. The original version of the Capital City Amphitheater Interlocal Agreement contemplated the future space and resource needs of the Amphitheater given the uncertainty of the City's lease of the Meridian Point Building and the potential redevelopment opportunities associated with the site. Specifically, the Interlocal Agreement states that both parties recognized that the Amphitheater would benefit from dressing rooms, restrooms, a production and box office, and catering space should the Meridian Point Building be redeveloped.

Amphitheater Support Space as part of the North American Properties Redevelopment In October 2017, the Board approved the utilization of up to \$2.75 million TDT for the construction of Amphitheater support space as part of the \$160 million redevelopment of the Firestone and Bloxham Annex properties by NAP (Attachment #1). Approximately 14,000 square feet of operational support and event space was purchased to be developed within the building directly adjacent to Cascades Park. The support space will include three distinct areas across two different floors of the building.

On the plaza level (3rd floor view of the Park), approximately 10,700 square feet will be utilized as a performer space overlooking the Amphitheater. This area will include a greenroom area for performers with dressing rooms, private restrooms with showers, a warming kitchen, VIP lounge, reception area, a covered patio, and an elevator to the park level for convenient access to the Amphitheater. The plaza level will also include a modern, attractive, and befitting public event

Title: Status Update on the Amphitheater Support Space

July 9, 2019 Page 4

space flexible for large and small gatherings including business meetings, community gatherings, and social events. On the park level, approximately 3,600 square feet will be dedicated to support the Amphitheater operations and space needs for the City's Parks and Recreation operations. This area will include a small production office, equipment storage area, small Ticket Office/County Visitor Information Center, and an office for City Park and Recreation. County funds are not being utilized for the construction of the City Parks and Recreation spaces.

The Board's approval of the \$2.75 million of TDT for the Amphitheater support space requires the County and City to collaboratively work together on the interior design and decoration of the spaces to be funded by TDT. This includes artwork and/or images highlighting the destination, partners involved in the project, and any naming or branding of the spaces. Along with approving the investment of TDT to support the construction of the support space, the County and City also approved the framework for the ownership, management, access, and responsibilities associated with the new facilities. Consistent with the framework established for the Cascades Park and the Amphitheater, the new support space will be owned and operated by the City of Tallahassee so that each of the available public spaces at the Park are managed under one umbrella organization as was the case when the City controlled the Meridian Point Building. Prior to demolition, the Meridian Point Building was utilized in conjunction with the Amphitheater for 31 community events and musical performances in 2016, accounting for nearly half of all the events that took place at Cascades Park.

The City will be responsible for the day-to-day operations and management of the new support space which will be utilized for various public and private events throughout the year, including the County's Concert Series events. This structure will be an extension of the existing Capital City Amphitheater Interlocal Agreement with some considerations, as explained in the next section of this item, to be brought back to the Board as this redevelopment project moves forward.

Second Amended Capital City Amphitheater Interlocal Agreement & Project Status

Following the County and City approval of the Amphitheater support space to be constructed as part of the NAP redevelopment in October 2017, the Board and City Commission approved several modifications to the Capital City Amphitheater Interlocal Agreement in May 2018 (Attachment #2). These modifications included the replacement of outdated references to the Meridian Point Building with "amphitheater support space" to acknowledge the planned redevelopment surrounding Cascades Park and an expansion of the City's responsibilities for the Amphitheater to include the planned amphitheater support space. The Second Amended and Restated Capital City Amphitheater Interlocal Agreement provides a framework for the ownership, operations, and programming of the new support space to be fulfilled by the City consistent with the Board's direction from October 2017 (Attachment #3).

Similar to the operation of Cascades Park and the Amphitheater, the new support space will be City-owned and operated; therefore, public access and utilization of the support space will be determined in accordance with City's policies and procedures. In light of the County's role and investment of TDT funds in the construction of the support space, access for the space will be reserved for the County's 10 ticketed concerts per year and up to an additional 10 additional days per year for other official County events at no cost. Upon finalization of the design and

Title: Status Update on the Amphitheater Support Space

July 9, 2019

Page 5

configuration of the support space, the City anticipates the development of an operational plan to begin in early 2020 to finalize room rental rates, booking procedures, and usage estimates.

The Board's May 22, 2018 agenda item also stated that additional modifications to the Interlocal Agreement will be brought back to the Board by the end of 2019, when the redevelopment project is further along, related to the staffing, operations, ongoing maintenance needs, and any ancillary costs associated with the new Amphitheater support space. Since that time, staff has and/or will continue coordinating with the City on the following elements related to the Amphitheater support space:

- The interior design, decoration, and branding of the spaces funded by TDT;
- A booking policy for the support space that will reserve certain priority dates for the County's Concert Series events;
- Consideration to share some of the operating costs for the benefit of the Amphitheater; and
- A master calendar of Amphitheater support space uses for rentals and other approved uses.

In January 2018, the City and CRA finalized and executed the sale and development agreement with NAP for the \$160 million redevelopment. County and City staff have been in coordination with NAP to plan the design of the three distinct spaces on the two floors. Scott Carswell, the County's Program Manager for the Amphitheater Concert Series, has also been closely involved in the design and space planning for the support space.

A professional interior designer was contracted to assist the County-City-NAP design team with the floor plans, dimensioned layout drawings, and special features including the furnishing, decoration, and branding of both the Amphitheater support space and small Ticket Office/County Visitor Information Center. The interior designer has provided guidance and expertise on equipment, appliances for the warming kitchen, and other fixtures/furnishings including the materials, colors, and location of electrical needs to ensure that these spaces are of the caliber to host a variety of business meetings, community gatherings, and social events. NAP anticipates the design plans to be 90% complete by fall 2019. Substantial completion of the Amphitheater Support Space is anticipated by June 2020 with a certificate of occupancy by fall 2020.

Upon completion of the final design plans and negotiations with the City to modify the Interlocal Agreement regarding the support space, staff will bring back an agenda item along with the Third Amended and Restated Capital City Amphitheater Interlocal Agreement for Board consideration.

Report and Discussion

Background:

This item seeks Board approval of the bid award recommendation to Downs & St. Germain to provide contracted research services for the Division of Tourism (Attachment #1).

On February 12, 2019, the Board approved the scope of services for the Division of Tourism's contracted research services included in the Request for Proposals (RFP) which provide specific goals, objectives, and strategies to be fulfilled (Attachment #2). The approved scope of services support the Tourism Strategic Plan and the following FY2017-FY2021 Strategic Plan Bold Goal:

• Grow the five-year tourism economy to \$5 billion. (BG1)

This particular Bold Goal aligns with the Board's Economy Strategic Priority:

• (EC4) Grow our tourism economy, its diversity, competitiveness, and economic impact.

The County is in its fifth and final year of its agreement with Downs & St. Germain Research for market research and analysis services. As currently contracted, Downs & St. Germain Research serves as the principal advisor and provides tourism related data and analysis including the profiles, trends, and economic impact of visitors in the community. Among other research services, Downs & St. Germain utilizes this data to create and implement all research material such as studies and in-person interview guides, the marketing research strategy, and economic impact model for all County events. The contract, effective October 1, 2014, was for two years with the option of three additional one-year period extensions, to ultimately conclude on September 30, 2019.

Analysis:

The County's contracted research and analysis services support the Division of Tourism's efforts to promote the Tallahassee-Leon County area as a destination market. The Division of Tourism utilizes marketing research and data such as visitor profiles and demographics, visitor trend analysis, and annual forecasting to guide informed decision making and establish benchmarks for future funding considerations in an effort to grow and sustain the economic impacts of visitor spending in the Tallahassee-Leon County area. Further, the contracted research firm regularly surveys area hoteliers and businesses to determine the economic impact of large community events and festivals supported by the County including information gathering on out-of-town visitors.

On February 22, 2019, the RFP for the Division of Tourism's research services was issued (Attachment #1) notifying 753 vendors through the County's automatic procurement system. In total, 24 vendors requested proposal packages followed by two responses submitted by (1) Downs & St. Germain Research and (2) Study Hall Research.

In accordance with the County Purchasing Policy, the County Administrator appointed a five-member evaluation committee to review bid responses for the RFP. The scope of the committee was to evaluate and rank bid respondents based on the selection criteria provided in the RFP and to provide a bid award recommendation to the Board. The Committee consisted of County staff and representation from the Tourist Development Council (TDC) as follows:

On May 16, 2019, the Committee conducted a public meeting to deliberate and evaluate the two bid responses based on the guidelines specified in the RFP. Committee members provided scores for the (1) Capabilities and Experience, (2) Approach, and (3) Methodology sections of the RFPs to be combined with scores provided for the (4) Cost/Budget, (5) Minority/Women Business Enterprise (MWBE) Utilization, and (6) Local Preference sections of the RFP, as determined by the Division of Purchasing. The combined total scores for the two respondents are reflected in Table #1; a summary of these scores is provided in Attachment #3.

Table #1: Bid Respondents Final Score and Ranking

| Respondent | Total Score | Final Ranking |
|------------------------------|-------------|---------------|
| Downs & St. Germain Research | 445 | 1 |
| Study Hall Research | 261 | 2 |

Table #1 reflects both respondents score out of a possible 500 points. Based on the total scores, the Committee unanimously selected Downs & St. Germain as the top-ranked firm. This item seeks the Board's approval to award the bid for contracted research services for the Division of Tourism to Downs & St. Germain and seeks authorization for the County Administrator to negotiate and execute an agreement in a form approved by the County Attorney. Based on its proposal, Downs & St. Germain met the County's MBE aspirational target (7%) but did not meet the WBE aspirational target (15%). However, Downs & St. Germain did satisfy the required Good Faith Effort according to the MWSBE Division.

The scope of services includes providing professional research and analysis services to determine economic impacts, visitor demographics and related strategic information, festival and event research utilizing data collection and modeling, statistical testing, forecasting and data analysis to present historical data as well as strategic implications of the data to be considered in future marketing decisions. The selected vendor participates in TDC meetings to present and interpret its findings and research materials including the economic impact of County-sponsored events.

The annual budget for research services is dependent on the availability of funds and approval of the Division of Tourism budget. For FY 2020, \$140,000 has been dedicated for research services. Consistent with the scope of the RFP, the agreement would be for a term of two years beginning October 1, 2019 through September 30, 2021. At the sole option of the County, the agreement may be extended for no more than three additional one-year periods. The one-year extensions will be automatic unless the County provides written notice of non-renewal to the agency no less than 30 days prior to the expiration date of the term.

Along with contracted research services, the Board also authorized the issuance of Request for Proposals for Marketing/Advertising and Public Relations Services for the Division of Tourism. Staff has prepared a separate agenda item presenting the bid award recommendations for these services.

Options:

- 1. Approve the bid award to Downs & St. Germain to provide research services for the Division of Tourism and authorize the County Administrator to negotiate and execute the agreement, in a form approved by the County Attorney.
- 2. Do not approve the bid award to Downs & St. Germain to provide research services for the Division of Tourism.

Report and Discussion

Background:

This item seeks Board approval of the bid award recommendations for The Zimmermann Agency to provide contracted marketing/advertising and public relations services for the Division of Tourism (Attachments #1 and #2).

On February 12, 2019, the Board approved two scopes of services for the Division of Tourism's Request for Proposals (RFP) for contracted marketing/advertising and public relations services (Attachment #3). The scopes of services included specific goals, objectives, and strategies to be fulfilled to support the Tourism Strategic Plan and the following FY2017-FY2021 Strategic Plan Bold Goal:

• Grow the five-year tourism economy to \$5 billion. (BG1)

This particular Bold Goal aligns with the Board's Economy Strategic Priority:

• (EC4) Grow our tourism economy, its diversity, competitiveness, and economic impact.

The County is in its fifth and final year of its agreement with The Zimmerman Agency for marketing/advertising and public relations services. As currently contracted under a single agreement, The Zimmerman Agency serves as the agency of record for the destination to provide integrated marketing communications to advertise, publicize and promote the Tallahassee-Leon County area. The County's current contract, effective on October 1, 2014, was set for two years with the option of three additional one-year period extensions to ultimately conclude on September 30, 2019.

Historically, the County has issued a singular RFP for marketing/advertising and public relations services. As presented to the Board in the February 12, 2019 agenda item, the Division of Tourism sought to separate the solicitation for marketing/advertising services from the public relations services to attract additional respondents and greater competition, particularly for the smaller public relations contract. As a result, the Board authorized the issuance of two separate RFPs for marketing/advertising and public relations to initiate the competitive bidding process for these services.

Analysis:

On February 22, 2019, two separate RFPs for marketing/advertising and public relations were issued (Attachment #1 and #2) notifying over 290 vendors through the County's automatic procurement system. In total, 54 vendors requested proposal packages for the marketing/advertising RFP and five responses were submitted. For the public relations RFP, 40 vendors requested proposal packages and three responses were submitted to the County.

July 9, 2019

Page 3

In accordance with Board Policy, the County Administrator appointed a five-member evaluation committee to review bid responses for both RFPs. Given the precedent of contracting for these services jointly and the overlapping subject matter, the County Administrator appointed one evaluation committees for both the marketing/advertising and public relations RFPs. The Committee was charged with evaluating and ranking bid respondents based on the selection criteria provided in the respective RFPs and to provide bid award recommendations to the Board. The Committee consisted of County staff and representation from the Tourist Development Council (TDC) as follows:

- Kerri Post, Director, Division of Tourism (Committee Chair)
- Ken Morris, Assistant County Administrator
- Matt Cavell, Assistant to the County Administrator
- Amanda Heidecker, Division of Tourism
- Bo Schmitz, Hampton Inn & Suites Tallahassee (TDC)

Both RFPs culminated in two phases of scoring, the first based on the written proposals submitted by all respondents and the second based on presentations by a short list of respondents. An overview of the evaluation of responses, scoring, and ranking of proposals for both RFPs is provided in the following sections.

Marketing and Advertising

On April 29, 2019, the Committee conducted a public meeting to deliberate and evaluate the five responses for the marketing/advertising services based on the guidelines specified in the RFP. Committee members provided scores for the (1) Capabilities and Experience, (2) Approach, and (3) Methodology sections of the RFPs to be combined with scores provided for the (4) Cost/Budget, (5) Minority/Women Business Enterprise (MWBE) Utilization, and (6) Local Preference sections of the RFP, as determined by the Division of Purchasing. Based on the total scores for Phase I, the Committee unanimously recommended the short list of respondents to advance to the second phase of evaluations. The short list comprised of the top three respondent scores, out of a possible 500 points for Phase I, as follows:

- Aqua Marketing and Communications (Total Phase I Score: 393)
- The Zimmerman Agency (Total Phase I Score: 370)
- BowStern Marketing Communications (Total Phase I Score: 345)

On Friday, June 7, 2019, the Committee convened to receive presentations from the marketing and advertising short list. Each agency was given 30 minutes to present followed by a 15-minute segment for questions from the Committee. Following the presentations, the Committee convened a public meeting to deliberate and provide scores and the final ranking of bid responses for the marketing and advertising services RFP.

Table #1 provides the respondents total scores for Phase I and Phase II as determined by the Committee. Based on the guidelines outlined in the RFP for Phase I and Phase II of evaluations, the possible total combined score was 1,000 points. A summary of the scores for each evaluation is provided in Attachment #4.

Relations Services

Table #1: Final Ranking of Bid Respondents for Marketing & Advertising Services

| Respondent | Phase I Total Score | Phase II Total Score | Total Score | Final Ranking |
|-----------------------------------|---------------------------|----------------------------|----------------|------------------|
| The Zimmerman Agency | 370 | 380 | 750 | 1 |
| BowStern Marketing Communications | 345 | 353 | 698 | 2 |
| Aqua Marketing and Communications | 393 | 269 | 662 | 3 |

Based on the total combined scores, the Committee unanimously selected The Zimmerman Agency as the top-ranked firm. The Zimmerman Agency met the MBE aspirational target (7%) but, at the time of application, fell short of meeting the County's WBE aspirational target (15%). The Zimmerman Agency was awarded no MWBE points under this solicitation because, believing their proposal met the County's aspirational targets, they did not include supporting documentation with the Good Faith Effort Form. Upon further review by the MWSBE Division, one of the subcontractors listed in its proposal was not a registered WBE at the time of application. Since that time the subcontractor has been certified as a WBE and, should the Board award the marketing/advertising bid to top ranked respondent, The Zimmerman Agency intends to satisfy the County's MBE and WBE aspirational targets.

This item seeks the Board's approval to award the bid for contracted marketing/advertising services for the Division of Tourism to The Zimmerman Agency and seeks authorization for the County Administrator to negotiate and execute an agreement in a form approved by the County Attorney. As detailed in the scopes of services, the annual budget for marketing/advertising services is dependent on the availability of funds and approval of the Division of Tourism budget. For FY 2020, \$1,476,473 has been dedicated for marketing/advertising services. Under the direction of the Division of Tourism and with guidance from the TDC, The Zimmerman Agency would develop and implement Tourism's strategic integrated marketing programs to promote the Tallahassee-Leon County area to in-state, regional, national, and international markets by creating and managing successful marketing campaigns, comprehensive media planning and buying, digital executions across all media, design and maintenance of Tourism websites (VisitTallahassee.com, Trailahassee.com, and CapitalCityAmphitheater.com), social media planning and execution, digital and print asset production and developing industry partner cooperative advertising opportunities.

Public Relations

On April 29, 2019, the Committee conducted a public meeting to deliberate and evaluate the three responses for the public relations services based on the guidelines specified in the RFP. Committee members provided scores for the (1) Capabilities and Experience, (2) Approach, and (3) Methodology sections of the RFPs to be combined with scores provided for the (4) Cost/Budget, (5) Minority/Women Business Enterprise (MWBE) Utilization, and (6) Local Preference sections of the RFP, as determined by the Division of Purchasing. The total scores for Phase I reflect each respondents score out of a possible 500 points. Based on the total scores for Phase I, the Committee unanimously recommended all three respondents to advance to the second phase of evaluations as follows:

July 9, 2019 Page 5

- Aqua Marketing and Communication (Total Phase I Score: 394)
- The Zimmerman Agency (Total Phase I Score: 355)
- BowStern Marketing Communications (Total Phase I Score: 331)

On Thursday, June 6, 2019, the Committee convened to receive presentations from the public relations short list. Each agency was given 30 minutes to present followed by a 15-minute segment for questions from the Committee. On Friday, June 7, 2019, the Committee finalized its recommendations for the public relations RFP in a public meeting.

Based on the Phase I and Phase II combined scores, Aqua Marketing and Communications had the highest total score, three points more than The Zimmerman Agency. However, the Committee unanimously recommends awarding the bid to The Zimmerman Agency. As described earlier in this item, the separate solicitation for the public relations contract was designed to foster competition and entice additional responses particularly from small boutique and specialized firms that may not have the capacity to serve the County's marketing/advertising needs. Only three firms submitted responses to the public relations RFP, each of which also submitted proposals for the larger marketing/advertising RFP and emphasized the importance of communication on both fronts.

Due to the close coordination required to carry out successful marketing, advertising, and public relations initiatives and strategies, the Committee deliberated the value of maintaining one agency for both contracts. The Committee also discussed the demonstrated capacity of both agencies and their local understanding of the destination before unanimously recommending The Zimmerman Agency be awarded the public relations bid. Table #2 provides the respondents total scores for Phase I and Phase II and final rankings as determined by the Committee.

| Table #2: Final Ranking of Bid Respondents for Public Relations Services |
|--|
|--|

| Respondent | Phase I Total Score | Phase II Total Score | Total Score | Final Ranking |

| The Zimmerman Agency | 355 | 376 | 731 | 1 |
| Aqua Marketing and Communications | 394 | 340 | 734 | 2 |
| BowStern Marketing Communications | 331 | 330 | 661 | 3 |

Based on the guidelines outlined in the RFP for Phase I and Phase II of evaluations, the possible total combined score was 1,000 points. This includes a total of up to 100 points awarded for MWBE utilization. As reflected in Table #2, Aqua Marketing and Communication and The Zimmerman Agency were the top respondents with only a 3-point difference between their total combined scores. A summary of the scores for each evaluation is provided in Attachment #5.

July 9, 2019 Page 6

Aqua Marketing and Communication's proposal satisfied the County's MBE (7%) and WBE (15%) aspirational targets and awarded the full 100 points. Similar to the marketing/advertising bid, The Zimmerman Agency was awarded none of the 100 MWBE points for the public relations bid. However, with the WBE certification of a subcontractor listed in their bid after the submission deadline, The Zimmerman Agency would satisfy the County's MBE (7%) and WBE (15%) aspirational targets if awarded the contract.

This item seeks the Board's approval to award the bid for contracted public relations services for the Division of Tourism to The Zimmerman Agency and seeks authorization for the County Administrator to negotiate and execute an agreement in a form approved by the County Attorney. As detailed in the scopes of services, the annual budget for public relations services is dependent on the availability of funds and approval of the Division of Tourism budget. For FY 2020, \$140,000 has been dedicated for public relations services. The Zimmerman Agency will support the Division of Tourism by providing a broad range of communications services to publicize and promote Tallahassee-Leon County as a preferred visitor destination through editorial placements in print, broadcast, and digital media with regional and national reach. Primary activities include pitching media, hosting media in the destination, packaging local products for media promotions and/or sweepstakes, media missions and events both in-market and out-of-market.

Consistent with the scope of the RFPs, the County's agreements for marketing/advertising and public relations services would be separate contracts both for a term of two years beginning October 1, 2019 through September 30, 2021. At the sole option of the County, the agreements may be extended for no more than three additional one-year periods. The one-year extensions will be automatic unless the County provides written notice of non-renewal to the agency no less than 30 days prior to the expiration date of the term.

Options:

- 1. Approve the award of the bid to The Zimmerman Agency to provide marketing/advertising services for the Division of Tourism and authorize the County Administrator to negotiate and execute the agreement, in a form approved by the County Attorney.
- 2. Approve the award of the bid to The Zimmerman Agency to provide public relations services for the Division of Tourism and authorize the County Administrator to negotiate and execute the agreement, in a form approved by the County Attorney.
- 3. Do not approve the bid award to The Zimmerman Agency to provide marketing/advertising services for the Division of Tourism.

Statement of Issue:

This item seeks Board authorization for staff to issue three separate Request for Proposals for marketing/advertising, public relations, and research services to be contracted through the Division of Tourism.

Fiscal Impact:

This item has a fiscal impact. Adequate funds for contractual services are anticipated to be available in the County's FY 2020 budget through the Division of Tourism.

Staff Recommendation:

Option #1: Approve the scope of services and authorize the issuance of Request for Proposals for Tourism Marketing/Advertising Services (Attachment #1).

Page 2

Report and Discussion

Background:

As proposed, the scopes of services for these contracted services to be included in the RFPs provide specific goals, objectives, and strategies to support the Tourism Strategic Plan approved by the Board on June 19, 2018 and the following FY2017-FY2021 Strategic Plan Bold Goal:

• Grow the five-year tourism economy to \$5 billion. (BG1)

This particular Bold Goal aligns with the Board's Economy Strategic Priority:

• (EC4) Grow our tourism economy, its diversity, competitiveness, and economic impact.

This item seeks Board authorization for staff to issue three separate Request for Proposals for tourism marketing, public relations, and research services to include the attached proposed scopes of services (Attachments #1, #2, and #3).

Leon County, through the Division of Tourism, procures tourism marketing/advertising, public relations, and research services through a competitive bidding process. These services support the Division of Tourism's efforts to promote Tallahassee-Leon County as a visitor destination and grow the tourism economy.

The County is in its fifth and final year of its agreements with The Zimmerman Agency for marketing and public relations services and Downs & St. Germain Research for market research and analysis services. As currently contracted, The Zimmerman Agency serves as the agency of record for the destination to provide integrated marketing communications to advertise, publicize and promote the Tallahassee-Leon County area. The County's contracted market research firm, Downs and St. Germain Research, provides tourism related data and analysis including the profiles, trends, and economic impact of visitors in the community. Both contracts, effective on October 1, 2014, were set for two years with the option of three additional one-year period extensions to ultimately conclude on September 30, 2019.

Historically, the County has issued a singular Request for Proposals (RFP) for marketing/advertising and public relations services along with a stand-alone RFP for research services. This item seeks Board authorization for staff to issue three separate RFPs for marketing/advertising, public relations, and research to initiate the competitive bidding process for these services.

Analysis:

The County has utilized private vendors for tourism marketing and public relations, combined with a separate research and analysis contractor, to support the efforts in promoting the Tallahassee-Leon County area and analyze the demographics, psychographics and economic impacts of visitors from regional, national, and international markets. The County's continued investment in the promotion and growth of the market as a destination continues to generate a significant return on

February 12, 2019

Page 3

investment as demonstrated by hotel occupancy rates and visitor spending in the community. In 2018, Leon County welcomed nearly 2.4 million visitors from 44 states and 36 countries, and supported more than 14,500 jobs in the community.

As mentioned previously, staff has identified an opportunity to refine the County's structure for these services to best support the Division of Tourism's efforts in achieving the County's targeted outcomes. Currently, the County contracts marketing/advertising and public relations services within the same agreement which may limit potential vendors to large, full-service agencies with the ability to provide both services. Alternatively, separate agreements could allow the public relations services to be contracted through a smaller, specialized firm to directly provide services to the County. In today's marketplace, smaller agencies with specialized focused models of service directly reporting to the client, have proven to be nimble, innovative, and accessible models worth exploring. To best support the County's destination marketing efforts, staff recommends procuring marketing/advertising and public relations services in separate contracts. It should be noted that this refinement would not preclude a singular agency from being awarded both contracts.

As authorized by the Board, staff will issue three separate RFPs for marketing/advertising, public relations, and research services including the approved scopes of services that detail specific goals, objectives, and strategies to be fulfilled. Consistent with the current contracts, staff recommends an initial contract period of two years for each service; thereafter, the County will have the option to extend the agreement for no more than three additional one-year periods. Such renewals will be automatic unless a written notice of non-renewal is provided to the contractor, no less than 30 days prior to the expiration date. As detailed in the scopes of services, the budget for marketing, public relations, and research services is dependent on the availability of funds and approval of the Division of Tourism budget. The RFPs will offer the following estimated annual budget ranges for each service:

Marketing/Advertising Services: \$1,000,000 - \$1,500,000

Public Relations Services: \$100,000 - \$140,000

Research Services: \$120,000 - \$150,000

In accordance with Board Policy, the County Administrator will appoint a 3-5-member evaluation committee to review bid responses for each RFP. Following the initial review, the committee will rank the bid responses and advance the top scoring firms to be interviewed and evaluated based on the selection criteria provided in the RFPs. All three RFPs will include Local Preference and M/WBE requirements. The top ranked firm for each contract, as determined by the evaluation committee, will be recommended to the Board for final approval in summer 2019 prior to the anticipated contract commencement on October 1, 2019.

Should the Board not wish to commence the competitive bidding process and prefer to retain the existing vendors, Option #4 provides that guidance to the County Administrator. As professional services contracts, the Board has the discretion to extend any or all of the County's existing agreements for marketing, public relations, and research services without the issuance of an RFP. The last RFP for these services was issued in May 2014.

Home office - 5 points Local Business (not home office) - 3 points Not Local - 0 points COCA update for the July 18 TDC meeting from Amanda Thompson, COCA's Interim Executive Director.

Thank you for sharing this update with the TDC in my absence.

We are very excited to welcome Kathleen Spehar, our new Executive Director. She comes to COCA after serving as the Director of The O'Shaughnessy, the performing arts center at St. Catherine University in St. Paul, Minnesota. She brings to the position extensive leadership experience in arts non-profits and a strong background in arts education and advocacy. She is returning to Tallahassee after serving as a visiting assistant professor from 2010-2011 at the College of Visual Arts, Dance and Theatre at Florida State University and we're excited to have her back. She and I have already begun the onboarding process remotely but her first official full day in the COCA office will be August 12. Feel free to stop by and say hello. There will be other opportunities to meet her as we're also working on a public welcome party which will mostly likely be scheduled towards the end of August.

As excited as we are to welcome Kathleen to COCA's team, we're sad to say goodbye to another team member. Dr. Kevin Carr, COCA's Grants & Strategic Partnerships Manager, is headed to the University of Texas at Arlington as a full-time Clinical Assistant Professor, and we're so happy for him! He leaves very big shoes to fill but my COCA colleague Erica Thaler and I are up for the task. We will manage the grant programs in his stead and will be your point of contact for any correspondence that you may have directed to Kevin. Erica and I have both worked on the grant programs in the past and we're ready to roll up our sleeves to do it again. Once Kathleen is on-board, we'll be able to think about next steps for finding a great new person for the position. Until then, we're here, as always, to serve and support the cultural community and our partners.

The Cultural Grant Program is well underway. Consultations and technical reviews have been completed and the grant panelists, secured and trained. The grant application deadline was July 8 and the public panel meeting is scheduled for Aug. 23. The COCA Board of Directors will review and approve grants in Sept. and forward the recommendations to the TDC to review and approve during the Nov. meeting.

The guidelines for the Cultural Facilities Matching Grant Program have been released. The application deadline is September 2. Panelists will be trained and will review and score applications before the public panel review meeting on October 11. The COCA Board of Directors will review and approve grants in late October and forward the recommendations to the TDC to review and approve during the Nov. meeting. The Leon County Board of County Commissioners will then review and approve grants during their December meeting. This grant program was designed to last five years. The final two years have been rolled into one and this will be the last cycle of this grant program. The allocated ¼ penny of TDT funds which has been distributed through this program will be reallocated for the Division of Tourism/Visit Tallahassee's Signature, Special, and Sports Grant programs.

We expect the guidelines for the Cultural Tourism Marketing Grant Program to be released on July 26. We're still finalizing the timeline, but we anticipate the application deadline will be late August with a panel meeting in mid-October. The COCA board will review and approve grants in late October for TDC review and approval during the Nov. meeting.

The current contract between Visit Tallahassee and COCA is set to expire on Sept. 30, 2019. We've discussed extending that contract one year to Sept. 30, 2020.
