SPECIAL EVENTS RECYCLING GUIDELINES

Recycling in Leon County occurs at home, at work and at play. Now, thanks to Leon County Recycling, recycling can also occur at events held at Leon County parks or any location within Leon County. Our Special Events Recycling Container Systems contain the items you need to reduce waste and to encourage recycling. Incorporating recycling into your event requires some upfront planning, but it is appreciated by attendees. Recycling at venues shows that the event committee cares about the environment and values conservation.

The Recycling Containers are available for public or private events. The Containers may be reserved by calling (850) 606-1816. For situations where separate trash bins are needed, these are also available. Reservations are on a first-come, first-served basis. The containers are not guaranteed until a completed application has been received and approved.

Recycling and Trash Containers

Event staff or volunteers will be responsible for pick-up and return of all containers.

Disposal

Recycling and disposal is available at the 7550 Apalachee Parkway Rural Waste Service Center location. Please tell attendant that you have recyclables and/or waste from our special event containers. Please empty clear recycle bags into the appropriate green containers. Place black trash bags, if any, in compactor.

Return

Equipment must be returned to Leon County Solid Waste at 7550 Apalachee Parkway no later than one business day after the end of the event. Groups are fully responsible for containers. Damaged or lost containers and containers with missing parts will be replaced at a cost of \$65.00 by the group or organization reserving the containers.

Plastic Bottles and Cans Only

Due to the nature of the ClearStream bags, we do not suggest putting glass bottles in these receptacles. To prevent recycling contamination and thus having the whole load end up in the landfill, please remember to recycle only clean plastic containers and aluminum or tin cans (no Styrofoam).

For more information, contact Richard Lobinske at 606-1816 or LobinskeR@LeonCountyFL.gov
