Subject: BCC Agenda Item for October 10 Regarding Plaza Space for Tall Bar

Kim,

With Mr. Inzer in Italy until October 11, this agenda item is a problem for us. There are multiple issues involved in allocating this space as well as other first floor space, and we think they all need to be considered together. For example, if the Clerk is not allowed to keep the Family Law space (room 154) as is shown in the master plan, then the space being considered for the Tall Bar would be essential to make the rest of the plaza work for the clerk.

Mr. Inzer and I would appreciate it if staff could pull this item until he returns and can deal with it personally. If staff cannot do this, please let me know and I will approach the chairman on Mr. Inzer's behalf.

Thanks.

John
