Re: CAC  
Date: December 13, 2006

The Multimodal Committee (MAC) has a different structure than BPAC did and the old bylaws are no longer applicable. That said, the committee is still working on finalizing its new bylaws but here's the general idea:

The Multimodal Advisory Committee (MAC) was established by the CRTPA board at its June 19, 2006 meeting.

The MAC is made up of 8 citizens from the CRTPA region and 8 staff people from various agencies/universities. The staff people will be appointed by their respective agencies; citizens from throughout the region will apply to the CRTPA and the committee chair will recommend members to the CRTPA board for approval.

The committee's responsibility will be to make recommendations to the CRTPA board taking into account the needs of the users of all modes of transportation, including bicycle/pedestrian and transit.

There are no required reports.

Where we do need county appointments is for our ~~CRTPA Advisory Committee (CAC)~~.  
The following commissioners still have vacant seats on the CAC:

DePuy (2 seats because he is CRTPA vice-chair)  
Proctor  
Rackleff

Meeting schedule can be found at website: <http://www.crtpa.org/>
