---

I am sorry for the delay in my response It was my understanding that this council was dissolved by the county (re county letter to all non urban councils ) My last discussion with the standing members reflected the consensus that the council remain intact though not under the Leon county umbrella at least until the Miccosukee park was completed I would like to be considered for re appointment if the aforementioned is not the case

Mr Morris

In reviewing all information regarding Recreation Councils it has been reported that you have missed the last two meetings

We will be having appointments/reappointments to Councils brought before the Commissioners at the October 23 2007 meeting

Please let me know as soon as possible of either your interest to be reappointed and attend meetings or your wish to resign

Thank you for your cooperation
