Memorandum

To: Leon County

Date: January 28, 2009

From: 1000 Friends of Florida

Re: Upcoming Wakulla Springshed Workshop - Request to Leon County for \$5,000 Contribution

For the last several months a cooperative group consisting of staff from Wakulla County, the City of Tallahassee, Florida Department of Environmental Protection, Leon County, 1000 Friends of Florida and other interested people have been meeting to plan the development of a follow-up Wakulla Springs workshop to the previous major one held in May of 2005.

At the urging of the group, 1000 Friends took on a principal coordination and event planning role, and has agreed to follow up the workshop with a written report on the workshop results. A copy of the draft agenda, as it now stands, is attached along with a copy of a joint local government resolution that cooperatively has been hammered out in support of the effort.

In the development and planning of the event each of the participating governmental entities indicated they would each try to contribute funds to make the working event a reality. Wakulla, City of Tallahassee and FDEP have each contributed and we look forward to receiving a Leon County contribution. The event is approaching and promises to be an interesting and hopefully productive event.

If you have any question please contact me at 222-6277 (ext. 105) or Charles Pattison at extension 103.

Thank You!
