Chad Abrams, Deputy Chief  
Leon County Fire Department  
2290 Miccosukee Road  
Tallahassee, FL 32308

Dear Chief Abrams:

On behalf of everyone at Fireman's Fund Insurance Company (Fireman's Fund<sup>®</sup>) and our parent company Allianz, I want to thank you for all you do to make our communities safer and congratulate your organization on being selected to receive a grant from our Heritage Program<sup>SM</sup>.

Fireman's Fund launched the Heritage Program in 2004 to support firefighters for safer communities, renewing the company's founding mission to give a portion of our profits to support the fire service. Through our employees and independent agencies, Fireman's Fund awards millions of dollars in grants to fire departments and fire and burn prevention non-profits for needed equipment, training, and community education programs. In 2008, the Heritage Program expanded to our sister company, Allianz Life Insurance Company of North America, growing our impact within the fire service.

B&B Professional Care Providers selected your organization to receive a grant. Agents are able to direct grants to local fire departments based on the growth of their business with Fireman's Fund, allowing us to support fire departments in communities where our business is growing.

For your reference, I have attached a copy of the compliance agreement you previously signed. This document provides additional background information on our expectations regarding the utilization of our grant funds.

There are a few simple things we would like to ask of your department:

- If you haven't already, please be sure to let your firefighters, elected officials, board and others in the community know about the grant from Fireman's Fund. Send an email, mention it at your meetings or put it in your newsletter. People interested in more information about the program can visit our website at [www.firemansfund.com/heritage](http://www.firemansfund.com/heritage) and even sign up for an eNewsletter providing updates on the Heritage Program.
- Tell us your stories about how this grant helped save lives or made a difference in your community. These real-life stories demonstrate the value of our program, and ultimately help enable other fire departments across the nation to benefit from the Heritage Program.
- We are interested in learning about volunteer opportunities with your department. Our employees log many hours volunteering at fire department fundraisers and other activities across the country.

To share success stories about your grant or discuss volunteer opportunities, please e-mail us at [heritage@ffic.com](mailto:heritage@ffic.com) or call (866) 440-8716. Additional information about our Heritage Program – including our growing list of departments receiving grants – can be found at [www.firemansfund.com/heritage](http://www.firemansfund.com/heritage).

Sincerely,

Danielle Cagan  
Heritage Program at Fireman's Fund
