Christine,

The two-year terms for five of the seven members on the County Citizens Advisory Water Resources Committee have expired at the end of July 2009. These members include Mr. Robert Scanlon, Dr. James Cavanagh, Mr. John Labie, Dr. Larry Robinson, and Ms. Nancy Miller.

At this time, I am aware of no committee member who does not want to be reappointed. However, John Labie is the only one of the five I've heard from who has explicitly stated his desire to remain on the Committee.

It is my understanding that you will move this item forward to the August 25, 2009 meeting of the Board for action. I would recommend that you move forward for reappointment the names of all five Committee members as indicated above unless you hear differently from any of the five members or from me. Thanks for your consideration.

Linda,

John Labie has expressed to me his interest in being reappointed to the Leon County Citizens Advisory Water Resources Committee for a two-year term. His ppointment and that of four other committee members expire this month. Christine Coble will handle the agenda item for these appointments. Thanks.
