Good Evening Jon,

I hope this email finds you well on this Monday evening. Thank you for getting back to me in regards to the September 9th Budget Hearing. I will be sure to let the techs know to set the switch from Jewelry TV for 6pm to 1159pm on that day.

At this time we are unable to commit to filming and providing channel access during the weekly Citizen Charter Review Committee meetings, due to our contractual obligations with the Jewelry Channel. As we have talked about in the past, if you would really like to expand your programming, we can look at getting a channel on our digital platform.

Please let me know your thoughts.

Thank You,

Stefanie Bowden
