I coordinate the Leon County Senior Outreach program and for some time now have been trying to restructure the Citizens Advisory Committee for it. I am wondering however, if we actually need our Advisory Committee to be a "Citizens" Advisory Committee? I think it would be easier if we just managed our own Advisory Committee. It would still have the same focus, but we would select our own members and be able to structure it ourselves. We are on the March 23 agenda under Citizens Advisory Committee appointments. If you feel it would be ok to abolish our "Citizens" Advisory Committee, should we just pull the appointments for now? Do we need some sort of resolution to abolish it, or can it be done through your office?
