I am applying to be a member of sustainability task force as a representative of this community through my continued civic engagement. As a community leader with a vested interest in ensuring our county implements sustainable practices, I am interested in being an instrumental member of this team. Maggie Theriot, Sustainability Coordinator, quoted in the press release stated that community input and involvement in this process is essential to our success. She further added that sustainability is such a diverse topic and the need for bringing together people with varying perspectives will contribute to a well-balanced approach. I bring with me a wealth of knowledge and experience, not just in the area of sustainability, but the art of resolving issues and conflicts through effective dialogue. My professional background is in information technology and project management. I will be able to lend technical assistance and my knowledge of implementing efficient processes. I've been instrumental in setting policies and developing operational procedures while working with groups of stakeholders to ensure all input is considered.
