Mr. Parwez Alam  
County Administrator  
Leon County  
301 South Monroe Street  
Tallahassee, FL 32301

Dear P.A.:

I am in receipt of your letter dated February 4, regarding the Animal Service Center Agreement. As you are aware, our staffs have started the process of looking at how this service could be more effectively consolidated. I would assume you agree that we should allow that process to develop further before we commit to continuation of the existing agreement.

I do recognize that proper notification is required via our existing contract and I take note that it has been given in a timely basis. By way of this letter, I am advising you that the City is interested in continuing some form of the current arrangement or more extensive consolidation. Let's discuss further when we meet this week.

Sincerely,

A handwritten signature in cursive script that reads "Anita".
