RE: Property Owners of Record for 5878 Sams Lane (Parcel ID No. 1425200320000)

Leon County Public W
Received
10/21/10 16:20:31
Leon County Public W

To Whom It Concern:

The purpose of this letter is to address the planned erection of a Mississippi Blues Trail marker at Bradfordville Road and Sams Lane in Leon County. The property owners for the land abutting the identified location for the marker had no knowledge of this activity prior to reading an article that appeared in the October 9, 2010 edition of the Tallahassee Democrat. The property owners have not granted an easement for the erection of such a marker, nor do the owners approve of having such signage erected in front of the property without knowing its content or character. Therefore, we request that all activity relating to this project be discontinued or placed on hold until such time that adequate information can be shared with all parties. Even if the erection of the marker occurs on the county right-of-way abutting 5878 Sams Lane, the current and future enjoyment and use of said property might be significantly impaired.

In preparing the information to be shared, the property owners request that those responsible provide the following: (1) the specific text that will appear on the marker; (2) the design of the marker; (3) a visit between all relevant parties to view the planned erection site; and (4) an opportunity to approve, object, or suggest an alternative location for the planned erection site.

The property owners were born and raised in Leon County on the property that abuts and surrounds the planned erection site, and we take particular interest and pride in the aesthetic character of the structures and fixtures that are erected in our community.

For further communication or questions, you may contact me or any of the property owners.

Sincerely,

Althea Henry Jenkins
