Just a friendly reminder... we would like to have a response by Friday if possible. If everything is to remain the same just a quick e-mail will work stating such.

Thanks,
Hermon

Hi All,

We have had a request to update the JIS inter local agreement to bring it in line with new rules of courts, statues, and various administrative orders. The Clerk's Office has been impacted recently by many new acts of the courts and legislature so they have updated a new inter local agreement to reflect these changes. The changes are highlighted in the attached word document. Please note some of these proposed changes may not affect your agency and may only apply to the Clerk's Office. I have also attached the currently agreements for your reference. We, MIS, will be taken this to the BOCC for approval and would like to have a response from each agency.

Please respond in this email if your agency is okay with the agreement that is in effect now (attached). The Sheriff and PD have responded so this is just an up date for them.

Thank you for your time and consideration in the matter.

Hi John,

Pat ask me to get you to send us an e-mail with language like the S.O. sent, see below. In you e-mail you said you were fine with it but we wanted to just be a bit more specific.

Thanks,

Hi All,

I just wanted to let you know that we are preparing an agenda item for BOCC approval for the Clerk's revision of the JIS Inter Local. If the proposed changes do not apply to you and the current agreement is okay as it stands please just respond by e-mail stating this is the case. If no other agency request changes we will proceed with the Clerk and their agreement.

Thank you in advance for you consideration.

First of all I apologize for the delay and for you having to follow up. My initial reading of the documents was that these changes do not alter in any way the currently existing inter-local agreement as it relates to the Office of the State Attorney. For that reason, and given that the current agreement is good unless canceled by the parties, we re-affirm, as it were, the terms of the existing inter-local agreement relative to the Office of the State Attorney.

I do not see that the document entitled "The Leon County Justice Information System and Justice Data Warehouse" is an addendum to the inter-local agreement nor is it incorporated by reference. Further, I do not see that it has any changes to it. Please confirm for me that this understanding is correct.

If this reaffirmation is not sufficient, please advise.

Hi Joe,

Here is a copy of the agenda item that Pat had to put together. Gypsy has been the person working on this from the Clerk's Office.
