Christine, based on the County Attorney's opinion, we need to replace Brad Parker on the Bannerman Road CAC. I may have some other applications coming in. Appreciate your help!

George -- based on my conversation with you to confirm that the Desantis parcel is in fact within the limits of the proposed project being studied by the Bannerman Road CAC, and that Brad Parker would be considered to be employed as a broker by an owner of a property adjoining the corridor being studied, it is our opinion that his membership has been nullified automatically in accordance with the bylaws clause 7.1.4, and he will need to be replaced in accordance with section 6.2 of the bylaws

Dan,

The chairman of Bannerman Road Citizens Advisory Committee (CAC) Mr. Brad Parker informed me last night that his firm is now the broker for Desantis Revocable Trust (Bradfordville Hunt Club) that owns two parcels at east end of the project. Therefore, he wants to make sure Leon County is aware of that and there is no concern for him to serve on the CAC. Please see the attachments for more details.

If you need anything else, please let me know. Thanks!

George
