

May 27, 2011

The Honorable John Dailey
Chairman, Board of County Commissioners
Leon County Courthouse
301 South Monroe Street
Tallahassee, FL 32301

Dear Chairman Dailey,

As you are aware, my family and I will be traveling for an extended period of time outside the United States. Thus, I am submitting my resignation as a member of the Tallahassee-Leon County Canopy Roads Citizens Committee. I am grateful for the opportunity you gave me to serve in this capacity. It has been a real pleasure to make my small contribution to preservation of one of our community's most precious natural treasures.

I want you to know that the staff and my fellow board members have been most caring, conscientious and cordial. I am asking that you give consideration to the appointment of Tabitha Frazier to replace me on the board. Tabitha has already completed and returned a Leon County Volunteer Application. I am confident that she will serve in an exemplary fashion should the Board of County Commissioners agree to making her appointment.

In conclusion, I also request that you and your colleagues continue to support The Friends of the Canopy Roads. As you know, the Friends is a citizen support organization dedicated to enhancing and preserving the living heritage of our canopy roads of Leon County through education, celebration and outreach.

I wish all of you the very best in these challenging times.
