

RESOLUTION

Whereas, the Tallahassee Builders Association has 200 corporate members who are committed to serving the industry, consumers, and our community; and

Whereas, Tallahassee Builders Association consistently supports means and measures that will make housing and structures more affordable; and

Whereas, the Property Assessed Clean Energy Program (PACE) represents an opportunity for Tallahassee Leon County property owners to make energy-efficient improvements and have the cost of those improvements paid through their property taxes; and

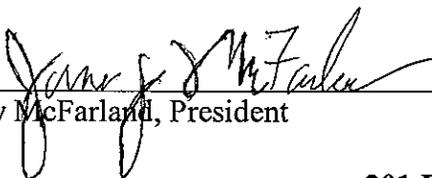

Whereas, the implementation of the program is dependent on the support of local city and county officials; and

Now therefore be it resolved that the Tallahassee Builders Association formally urges the Leon County Commission, the Tallahassee City Commission, and the individual members of both governing bodies to support the adoption of the PACE program for the benefit of property owners in our area.

Adopted this 12th day of September, 2012 by the Board of Directors of the Tallahassee Builders Association.

Signed:

Attest:

Jerry McFarland, President

Paul M. Thompson, Executive Officer
