

Our Program Offerings & Initiatives

We accelerate startup growth by providing a network of mentors, investors, and collaborators. From our Lean Launchpad infused Get Started cohort to our 4 month Incubator Program, everything we do strategically assists different phases of the entrepreneurial journey. In a time when progress demands innovation, we believe startups are the way forward.

Entrepreneurs leading or working for local startups

\$40,000
Average wage of 30+ full-time jobs created by Domi companies

\$2.9 million
Amount of revenue generated by Domi companies

Our Impact from 2014 to 2015

\$1.1 million
Amount of equity investment raised by Domi companies

1 Startup acquired
by a multinational corporation with commitment to open Leon County office

“We benefit from Domi’s Innovation District location right between FSU and FAMU, and close to TCC’s Capital Center Downtown. Add to this the experiences of mentors who’ve been there frequenting Domi, the diverse set of startups and startups-to-be working on developing their business models, frequent entrepreneurial-focused events, and you get a vibrant community all helping each other move forward.”

-**Mark Powell**, Founder of HWind

2014 TO 2015

Domi Station Year In Review

A REPORT TO LEON COUNTY

**BUILDING COMMUNITY,
ACCELERATING IMPACT**

A Letter From Our CEO

Since we opened our doors almost a year and a half ago, it has been full speed ahead at Domi Station. We have gone from zero members to hundreds. Zero companies to more than thirty-five. Zero sponsors to forty. A staff of two to a staff of five. The momentum is real, the companies are growing, and the future is bright. We are proud to work directly with Leon County to power the development of a thriving startup community.

We are happy to report that we have fulfilled our contractual obligations per Exhibit “C” of our lease agreement with Leon County, including the development of programming in partnership with the Economic Development Council, Leon County, and many other community partners. The following pages include an overview of our additional reporting requirements to Leon County per Exhibit “D” of our lease agreement. In short, 37 Domi member companies have raised nearly \$1.1 million in equity investment. These same companies have produced over \$2.9 million in revenue and created 30 full-time jobs with an average wage of \$40,000.

On behalf of our team and the entrepreneurs we support, we offer our sincere thanks for your active partnership. Our work would not be possible without Leon County’s participation and leadership. It has been a great year, but truly this is just the beginning.

Sincerely,
Micah Widen

New Partnerships Forged Over the Last Year

MuniMod

Domi Station has attracted the attention of best-in-class association leaders like the Florida League of Cities. Together, we’ve launched MuniMod, a semester-long civic tech program for FSU, FAMU, and TCC students.

FAMU App Challenge

We’re tackling the issue of diversity in tech head on. By partnering with community pillars like the Big Bend Minority Chamber and Florida A&M University, Domi Station leads in building an inclusive startup ecosystem.

Thank You for Your Continued Support.

BUILD THE FUTURE

OUR SPONSORS & PARTNERS

Our team and our member companies are proud of the foundation that has been laid. But more than that, we are thankful for the early and ongoing support of founding sponsors like Leon County. Your leadership has helped accelerate the growth of our local economy. We look forward to continued partnership and collaboration long into the future.

“The connectivity and camaraderie at Domi Station have been wonderful. We feel more enthusiastic about the level of local entrepreneurship than ever before.”

-Gabe Grass, Cofounder and CEO of GrassLands Brewery
