HISTORY AND ANALYSIS

The CRTPA's Transportation Improvement Program is adopted annually and identifies those projects in the region that have received state and federal funding. Frequently, the TIP needs to be formally amended to reflect project changes such as the addition or deletion of a project and changes to existing projects related to funding or project scope.

The CRTPA was recently contacted by the Florida Department of Transportation to amend the current TIP to reflect the addition of funding for lighting on several corridors within Leon County. Specifically, the following projects are proposed to be added to the FY 2017 – FY 2021 TIP:

SR 10 (US 90) (Monroe Street to Buck Lake Road) (Project #4395711): Project provides funding for new roadway lighting (\$165,900 in FY 17)

SR 10 (US 90) (Blountstown Highway to N. Duval Street) (Project #4395741): Project provides funding for new roadway lighting (\$156,450 in FY 17)

SR 363/US 27 (Ross Road to Call Street) (Project #4395751): Project provides funding for new roadway lighting (\$149,100 in FY 17)

SR 366 W. Pensacola Street (Appleyard Drive to Chapel Drive) (Project #4395791): Project provides funding for new roadway lighting (\$59,850 in FY 17)

SR 371 Lake Bradford Road (Levy Avenue to Jackson Bluff) (Project #4395801): Project provides funding for new roadway lighting (\$22,050 in FY 17)

US 319 (Woodville Highway to Ramp to I-10 WB) (Project #4395771) Project provides funding for new roadway lighting (\$106,050 in FY 17).

SR 363 S Adams Street (Paul Russell Road to FAMU Way) (Project #4395781) Project provides funding for new roadway lighting (\$36,750 in FY 17).

SR 61 (Shelfer Road to Gail Avenue/Ridge Road) (Project #4395761) Project provides funding for new roadway lighting (\$23,100 in FY 17).

Per conversations with FDOT District 3, the projects were identified through a Department analysis that focused on enhancing lighting at night time crash locations to reduce pedestrian crashes.
