Unless waived by all parties, all hearing on variance requests shall be conducted as quasi-judicial proceedings. Such waivers must be approved by the Board.

A. The City or County Growth Management Department Director, or his/her designee, shall receive all variance applications to go before the Board, and examine the material submitted therewith to assure completeness and that required maps, plans, or reports to be submitted by an applicant or appellant are in good order and in sufficient number for processing and recording. In the City, an application for a variance shall not be determined complete until the Department has verified that the property that is the subject of the variance application has been prominently posted pursuant to the policies and procedures of the Growth Management Department.

B. Within 10 days after a variance application has been determined to be complete, the City's Board Administrator shall provide notice by regular mail of the pendency of the variance application to all owners of abutting property. The notices shall provide notice of the pending application; and clearly delineate the right of any aggrieved or adversely affected party to request a quasi-judicial hearing before the Board, the time frames for requesting such a hearing, and how to obtain the written procedures for a quasi-judicial proceeding. This notice may be combined with any other required mailed notice so long as it is mailed within 10 days after a variance application has been determined to be complete.

C. The hearing before the Board shall be conducted as provided herein in Article 11.

D. Following the conclusion of the hearing, the Board shall render a written preliminary decision to approve, approve with conditions, deny the application, or continue consideration to a date and time certain, and shall so notify the applicant in writing. The preliminary decision shall include a statement that any party may request a quasi-judicial proceeding on the preliminary decision as provided in this section.

E. The preliminary decision of the Board shall become final 30 calendar days after it is rendered unless a person who qualifies as a party, as defined in Section 1-2 of the City's Land Development Code or Section 10-7.703 of the Leon County Land Development Code pays the required fee and files a petition for quasi-judicial proceedings in accordance with Section 2-131, et seq., Tallahassee Land Development Code or Section 10-7.703 of the Leon County Land Development Code. The preliminary decision shall include a statement that any party may request a quasi-judicial proceeding on the preliminary decision as provided in the Code and these bylaws. Failure to pay the filing fee, and/or to file the petition as required in the Tallahassee or

Leon County Land Development Code is jurisdictional and shall result in a waiver of the right to petition for quasi-judicial proceedings.

F. Quasi-judicial proceedings on timely petitions for variance applications in the City shall be conducted as provided in the City's Land Development Code. Quasi-judicial proceedings on timely petition for variance applications in Leon County shall be conducted as provided in the Leon County Land Development Code.

ARTICLE 11

PROCEDURES AT APPEAL AND VARIANCE HEARINGS

In addition to procedures outlined in the City and County Land Development Codes, the following procedures apply to appeal and variance hearings:

A. Any Person May Appear or Be Represented: Authorization or Representatives.

Any person may appear at a hearing, or be represented by authorized agents or attorneys. Such agents or attorneys shall present competent evidence of the extent of their authorization.

B. Witnesses to Testify Under Oath:

All witnesses to material facts shall testify under oath.

C. Evidence.

The Board shall not be bound by strict rules of evidence, nor limited to consideration of such evidence as would be admissible in a court of law. The Board may exclude irrelevant, immaterial, incompetent, or unduly repetitious testimony or evidence. The Chair shall rule on all questions relating to the admissibility of evidence, but may be overruled by a majority of the Board members present.

D. Conduct During Hearings; Interrogations.

During the hearing, each side shall proceed without interruption by the other. All arguments and pleadings shall be addressed to the Chair. There shall be no questioning or argument between individuals in the audience or the parties.

The Chair or, upon recognition by the Chair, Board members, counsel to the Board, or staff, or counsel for any party, may direct questions to the applicant, witnesses, or any person speaking from the audience. The Board members may make comments pertinent to the case.

E. Submittal of Written Materials.

If written materials intended to be evidence are presented to staff or to the Board less than five working (5) days prior to the meeting, the Chair may reject the written materials. In lieu of rejecting the materials, the Board may continue the item to a subsequent meeting to allow time for review of the written materials.

F. Order for Presenting Evidence.

1. The Chair, or such persons as the chair may direct, shall describe the nature of the case, and present evidence, including staff reports and recommendations based on the applicant's or appellant's written application or appeal.

2. The applicant or appellant shall outline the nature of the request and present supporting evidence and argument.

3. Board members shall examine witnesses supporting the application or appeal.

4. Persons appearing in opposition to the application or appeal shall present evidence and argument.

5. Board members shall examine witnesses opposed to the application or appeal.

G. If all parties agree, any of the above procedures may be, with the Board's approval, waived.

ARTICLE 12

FINDINGS AND DECISIONS, INDIVIDUAL CASES OR CLASSES OR CASES

A. Decisions and Evidence.

1. After conclusion of the hearing on the case the Board shall examine the evidence presented and make its decision. The Board shall, in every case, reach a decision without unreasonable or unnecessary delay. In no case may the Board fail to render a decision on the application within ten (10) working days after the final hearing thereon. Any continuance of a final hearing in which the applicant shall be allowed to submit additional information to the Board shall be by public hearing and with notice to the public as directed by the Board. The Board may waive the applicant's fee for the costs of renotification.

2. Every decision of the Board shall become final as provided herein; subject to the right of any party to request a quasi-judicial hearing. The Board's decision shall be in writing and shall indicate the vote. Every decision shall be promptly rendered in the office of the appropriate growth management department, and shall be open to public inspection. A copy shall be sent by mail or otherwise to the appellant or applicant. Appeals of the Board's final decision

shall be by petition for writ of certiorari to the Circuit Court, which must be filed within 30 days of the date the Board's final order is rendered.

B. Appeals from Decisions of an Administrative Official.

1. The Board may affirm or reverse, in part or in whole, a decision of an administrative official. If at least four (4) members of the Board concur in a finding of error in any decision, order, requirement, or determination of an administrative official appealed from, the decision of the administrative official may be reversed. The Board may specify the decision, order, requirement, or determination, which should have been made, and the decision of the Board shall be binding upon the administrative official and the appellant.

2. If the decision of the Board reverses or modifies a decision, order, requirement or determination of an administrative official, the affected administrative official shall immediately take action in accordance with such decision. A decision of the Board to reverse or modify an order, requirement, decision or determination of an administrative official shall specify in writing in what manner such modification is made, the conditions upon which it is made, including but not limited to safeguards and the factual basis for the decision.

C. Variances.

1. After hearing, the Board may vary the application of any provision of the codes to any particular case when, based on the evidence submitted, as a result of special or unique circumstances peculiar to the property, enforcement of the provision would result in an unnecessary hardship to the applicant, and would be contrary to the spirit and purpose of the applicable code or the public interest.

2. A "variance" is a relaxation of the terms of the code or regulation involved where, as a result of special or unique circumstances peculiar to the property, and not the result of the actions of the applicant, a literal enforcement of the code involved would result in an unnecessary hardship, and such relaxation will not be contrary to the public interest.

3. A variance may not be granted based solely on economic hardship or based solely on a hardship, which is not peculiar to the property in question.

4. The establishment or expansion of a use that is otherwise prohibited shall not be allowed by variance nor shall a variance be granted because of the presence of nonconformities in the zoning district or adjoining districts.

5. A variance may only be authorized for height, area and size of structure, size of yards or open spaces, or parking regulations.

6. Where a variance is granted, the record shall state in detail the nature of the hardship found to exist by the Board, and shall also detail conditions and safeguards imposed by the Board, if any, with reasons for such imposition. Where a variance is denied, reasons for such denial shall be indicated in detail.

7. The Board may establish an expiration date for a variance.

8. In the City, any variance granted shall expire within one year from the date the order is rendered, unless otherwise specified by the Board, unless a permit based upon and incorporating the variance is issued within such period, and construction has begun thereunder. In the County, unless the Board establishes an expiration date for a variance, the variance shall expire within one year from the date of the grant unless a permit based upon and incorporating the variance is issued within the one-year period and substantial construction has begun thereunder. Failure to meet both permitting and construction requirements within the time specified shall cause such variance to become void. As part of such conditions relating to time limits, the Board may require a performance bond or other surety be provided in an amount and form appropriate to the circumstances of the case. Such bond or other surety may also be required to assure continued maintenance of facilities required as conditions or safeguards.

D. Construction Appeals.

The owner of a building, structure or service system, or his duly authorized agent, may appeal a decision of the Building Official to the Board if:

1. The Building Official rejected or refused to approve the mode or manner of construction proposed to be followed or materials to be used in the installation or alteration of a building, structure or service system,
2. The provisions of the Florida Standard Building Code do not apply to the specific case,
3. An equally good or more desirable form of installation may be employed in a specific case, or
4. The true intent and meaning of the Florida Standard Building Code or any of the regulations thereunder have been misconstrued or incorrectly interpreted.

E. Construction Variances.

After a hearing as provided in the Land Development Codes and herein, the Board may vary the application of any provision of the Florida Standard Building Code to any particular case when, in its opinion, the enforcement thereof would do manifest injustice and would be contrary to the spirit and purpose of this or the technical codes or public interest, and also finds that:

1. Special conditions and circumstances exist which are peculiar to the building, structure or service system involved and which are not applicable to others;
2. The special conditions and circumstances do not result from the action or inaction of the applicant;

3. Granting the variance requested will not confer on the applicant any special privilege that is denied by this Code to other buildings, structures or service systems;

4. The variance granted is the minimum variance that will make possible the reasonable use of the building, structure or service system; and

5. Granting the variance will be in harmony with the general intent and purpose of this Code and will not be detrimental to the public health, safety and general welfare.

F. Request to Amend Variance Application Prior to Scheduled Publication of Notice.

An application for a variance may be amended not less than five (5) working days prior to scheduled publication of public notice by delivery of such written amendment to the administrator. If the amendment is timely received, the administrator shall not direct that notice of the hearing on the application be published, nor place the case on the hearing agenda, until the amendment has been received and processed by the appropriate City or County staff.

G. Other Requests.

1. Other requests to amend applications shall be made in writing to the administrator after publication of the variance request, prior to the hearing, or to the Board at the hearing, and shall include the amendment and the nature and purpose of the amendment. No amendment shall exceed the scope of the variance request, which has been noticed and published.

2. If the request to amend is denied, with cause for such denial stated in the motion, hearing and decision on the case shall proceed.

3. If the amendment is granted, the Board shall make a finding as to whether there is substantial difference between the case as it has been described in public notice and the case as amended. If substantial difference is found, new public notice shall be required, with fees paid by the applicant, before the hearing of the case may proceed.

H. Deferrals and Continuances.

On its own motion, or on approval of requests by applicants or appellants, the Board may defer the hearing of cases or provide for the continuance of cases on which hearings have begun. Deferrals or continuances shall be permitted only for good cause, stated in the motion, and unless time and place are stated, shall require new public notice. If the applicant or appellant requests the deferral or continuance, or if the deferral or continuance is the result of the action of the applicant or appellant, the applicant or appellant shall be responsible for the payment of any required fees.

ARTICLE 13

APPEALS

Decisions of the Board may be challenged by petition for writ of certiorari in the Circuit Court. In no event shall an appeal of the Board be appealable to either the Tallahassee City Commission or the Leon County Commission.

ARTICLE 14

AMENDING, WAIVING OR SUSPENDING BOARD BYLAWS OR PROCEDURES

A. Amending Bylaws.

These bylaws may be amended by a majority of the Board except where such amendment would be contrary to requirements or limitations set by statutes or applicable codes. An amendment may be proposed at any regular meeting of the Board, and shall not be acted upon until the following regular meeting.
