AN EMERGENCY ORDINANCE OF THE BOARD OF COUNTY
COMMISSIONERS OF LEON COUNTY, FLORIDA,
PROVIDING FOR INCORPORATION OF RECITALS AS
LEGISLATIVE FINDINGS; PROVIDING FOR DEFINITIONS;
PROVIDING FOR MANDATORY REQUIREMENTS;
PROVIDING FOR PENALTIES AND ENFORCEMENT;
PROVIDING FOR APPLICABILITY AND CONFLICT;
PROVIDING FOR SEVERABILITY; AND PROVIDING AN
EFFECTIVE DATE.

RECITALS

WHEREAS, the Board of County Commissioners of Leon County, Florida (hereinafter
"Board"), finds that COVID-19 presents a danger to the health, safety, and welfare of the public; and

WHEREAS, COVID-19 is spread through airborne transmission from individuals sneezing,
speaking, and coughing, and infectious droplet nuclei can spread for a great distance, although how far
is not fully understood at present; and

WHEREAS, since April of 2020, the Board has proactively directed the implementation of
numerous efforts, including an aggressive communications campaign, to encourage persons in the
County to practice social distancing, wash and sanitize their hands, clean high touch surfaces, and wear
face coverings as community mitigation strategies to increase containment of COVID-19; and

WHEREAS, Governor DeSantis has issued a series of executive orders to re-open Florida, and
some of the restrictions to flatten the curve and slow the spread of COVID-19 have correspondingly
been relaxed; and

WHEREAS, the continued operation of businesses providing goods and services is necessary
to provide essential goods and services to the public and visitors and to support the local economy; and

WHEREAS, the re-opening of the State will lead to more contact between individuals and the
potential for increased community spread of the disease; and

WHEREAS, despite mitigation efforts, as reported by Florida Department of Health Officer
(“Department of Health”) Claudia Blackburn, the number of positive cases of COVID-19 in the County
has spiked, with 51 positive cases reported on June 19, 2020, and a seven-day positivity rate of 3.4%
versus 0.77% for the previous seven days, which indicates greater local community spread and
transmission of the disease; and

WHEREAS, federal and state health officials have indicated that they expect additional cases
of COVID-19 to be identified in the coming days and, based on the highly contagious nature of
COVID-19, additional person-to-person transmission is likely; and

WHEREAS, conditions presented by the threat of COVID-19 continue to pose a threat to the
public health that requires dynamic emergency response, including the imposition of additional
mitigation strategies as conditions require; and

WHEREAS, the use of face coverings has been identified as a measure to assist in preventing individuals who may be shedding COVID-19 from spreading it to other individuals; and

WHEREAS, to reduce the spread of the disease, the Centers for Disease Control ("CDC") recommends the use of cloth face coverings in public settings where other social distancing measures are difficult to maintain, such as grocery stores and pharmacies, since many individuals with no symptoms can spread the virus, and even individuals who develop symptoms can transmit the virus to others before showing symptoms; and

WHEREAS, Florida Medical Association President Ronald L. Giffler, MD, JD, MBA, has issued a statement urging Floridians to use face coverings to prevent the further spread of COVID-19, and further calling on local officials to adopt regulations requiring the use of masks in public places, specifically stating "[t]he science is clear. Asymptomatic infected individuals can release aerosol particles while breathing and speaking. Not wearing a mask or face covering increases exposure, whereas universal masking greatly reduces the spread of viral particles. The message is simple: For the sake of your health and the health of everyone around you, Florida’s doctors want you to wear a mask.”; and

WHEREAS, on June 22, 2020, after Florida reported more than 4,000 new cases of COVID-19 in a single day, State Surgeon General Scott Rivkees issued an additional public health advisory recommending people wear face coverings in any setting where social distancing is not possible, stating that “all individuals [should] refrain from participation in social or recreational gatherings of more than 50 people” and in smaller crowds “practice social distancing by maintaining a distance of at least six feet from each other and wear a face covering.”; and

WHEREAS, the CDC recommends only simple cloth face coverings for the general population and not surgical masks or N-95 respirators because these are critical supplies that must continue to be reserved for healthcare workers and other medical first responders; and

WHEREAS, cloth face coverings are relatively inexpensive and readily available as the CDC states that they can be made from household items and provides online guidance for making “do-it-yourself” coverings for people who cannot or do not want to buy one from the increasing sources producing and selling coverings; and

WHEREAS, the County has committed to make face coverings available to the public at County libraries; and

WHEREAS, the CDC does not recommend wearing a cloth face covering for children under the age of 2, or anyone who has trouble breathing, or is unconscious, incapacitated, or otherwise unable to remove a mask without assistance; and

WHEREAS, a special meeting of the Board was scheduled for June 23, 2020, for the single purpose of discussing the recent increase in COVID-19 cases in the County and to consider additional mitigation requirements to be imposed countywide; and

WHEREAS, the Board was provided with information regarding mandatory face covering requirements adopted in other parts of the State and a list of resources regarding recommendations
relating to face coverings issued by various worldwide, federal, and state health organizations; and

WHEREAS, at the special meeting the Board received information from Department of Health Officer Claudia Blackburn confirming a spike in local positive COVID-19 cases, stating that in addition to the 110 confirmed local positive COVID-19 cases in the last week, an additional 114 probable cases connected to rapid tests must be investigated; and

WHEREAS, adopting face covering requirements via ordinance, as opposed to local emergency powers, would permit enforcement through civil citations and fines instead of criminal prosecution as a second-degree misdemeanor; and

WHEREAS, the Board unanimously determined that an emergency exists, and the immediate enactment of this Emergency Ordinance is necessary as authorized in section 125.66(3), Florida Statutes; and

WHEREAS, the Board finds implementation of this Emergency Ordinance is necessary for the preservation of the health, safety, and welfare of the community.

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF LEON COUNTY, FLORIDA, that:

It can be secured to the head with ties or straps or simply wrapped around the lower face. It can be made of a variety of materials, such as cotton, silk, or linen. Coverings with materials made of multiple layers is highly encouraged. A cloth face covering may be factory-made or sewn by hand, or the cloth face covering can be improvised from household items.
