Domi Station's One-Year Anniversary Celebration

Leon County Government invites the community to attend
Domi Station's One Year Anniversary Celebration on

Thursday, June 4, at 6 p.m.

In just one short year, Domi Station has gone from a newly renovated space with fresh paint to a thriving business incubator with over 125 members and 35 companies. Through hard work and by leveraging community partnerships and networks, the startup businesses in Leon County's first business incubator have brought in outside investment, created new jobs, and generated almost a million dollars in revenue.

Attendees can learn from incubator members who are refining and developing cutting-edge technology and ideas, and new entrepreneurs can learn how to get connected with peers. Incubator members work on projects like hurricane modeling, wearable technology, data visualization, and electric bicycles.
