### How Leon County CARES for Lives and Livelihoods

#### INDIVIDUAL ASSISTANCE

1,200+ households,  
\$2.3 million to date

“I would like to write a review on how well managed this program has been. The application process was simple. Emails and messages I left were returned. It was always made clear that the volume of applicants was high and therefore communication could be delayed. The phone calls were handled by professional and empathetic people and this alone was so helpful. Thank you for providing such professional service!” —Lisa, Leon County Resident

“Thank you all again. This is the biggest blessing.”  
—Candace, Leon County Resident
