OR OTHER FHFC GAP FINANCING RFA**

The Housing Finance Authority of Leon County (the "Authority") announces the availability of funds and is requesting applications for the consideration of providing local government support for qualified multifamily housing developments that are utilizing HFA of Leon County Bonds and which meet the goals of the Authority and comply with applicable federal and state law. The Authority has adopted the following guidelines to set forth the general requirements and procedures that apply to the financing of multifamily housing developments. The Authority may waive specific provisions of these guidelines where good cause is shown and adequate supporting documentation is provided. Any waiver is at the sole discretion of the Authority. In addition, these guidelines may be amended, revised, repealed or otherwise altered by the Authority with or without notice. The Authority specifically welcomes requests for proposed alternative resident programs or development/unit features.

All applications submitted will be reviewed by the Authority's Administrator, who will make recommendations to the Board. The Board will decide whether or not to authorize commitment letters and loans providing Local Government Support for developments seeking FHFC funding. Submission of an application does not entitle the Applicant to financing, even if sufficient funds remain.

The Authority will not consider issuing commitment letters to provide financing for any development unless the applicant has satisfied the general requirements set forth in these guidelines, submits a timely, complete, and acceptable application and complies with all of the procedures and requirements contained within the Authority's application procedures and program guidelines. Copies of the Application are available by emailing the HFA Administrator at: mark@thehendricksoncompany.com

The Authority reserves the right to impose additional requirements on any particular development. Compliance with these guidelines does not and shall not create any right by an applicant to a commitment or assurance that the Authority will provide the requested financing.

The Authority provides local government support to assist in the construction, rehabilitation and permanent financing of multifamily housing developments. The estimated amount of funds available for local government support is approximately \$60,000. **The maximum amount of the Local Government Support loan for projects funded by FHFC is the minimum amount that will allow local projects to score the maximum number of points under the FHFC's guidelines.**

All applications received will compete with each other and be selected by the Authority for the available funding. Applications will be reviewed against the criteria listed below and, if selected, each loan will be subject to the minimum loan terms stated below.

The Local Government Support funds are available at this time and the **applications and fees** are due no later than 5:00 PM, Eastern Daylight Time:

October 24, 2022

The application cycle will be processed according to the Authority's guidelines (which guidelines provide, however, that any remaining allocation-available after the application cycle may be made available to applicants on a first-come, first-served basis).
