

Temporary Certificate of Occupancy Request

The following are the policies and procedures for a Temporary Certificate of Occupancy:

1. The approval of a Temporary Certificate of Occupancy (TCO) is at the discretion of the Jurisdiction.
2. Only the contractor or their authorized agent can request and obtain a TCO.
3. Up to one week may be required for the review of the TCO request.
4. One and two-family dwelling projects are not eligible for TCO requests.
5. A TCO will only be issued when the structure is deemed to be safe to occupy and all required inspections of structural, mechanical, electrical, plumbing, gas, and fire systems have been approved.
6. All life safety issues must be completed and approved prior to the issuance of a TCO.
7. All paving, grading, and drainage must be complete.
8. On threshold buildings, all threshold inspection reports must be provided.
9. Phased projects require each phase meet all the standards listed, and the phased concept must have approval from the Building Official in advance.
10. A TCO shall be granted for a limited duration of time.
11. The use of the building must be in strict accordance with the conditions of the TCO approval.
12. A TCO shall not be construed as permission to occupy any portion of the structure other than that portion described in this document.
13. A TCO may be suspended or revoked if deemed necessary by the Building Official.
14. A TCO is issued in 30 day increments at a rate of \$90 for each 30-day period or a portion thereof.
15. Extensions will be considered on a case by case basis.
16. Any TCO that expires without renewal will result in a notice of violation and/or a stop work order.
17. All sections of the request form must be completed (project information, duration of request, explanation of request, and contractor affidavit).
18. Completed forms shall be emailed to dsem_intake@leoncountyfl.gov
