Leon County was named after the Spanish explorer Juan Ponce de Leon. He was the first European to explore Florida in 1513 in search of the "Fountain of Youth" and named the state after the Spanish word for "flowery."

Leon County is home to Florida’s capitol, Tallahassee, which was established in 1824. Legislative and executive offices, the State House and Senate chambers are located here. As a political subdivision of the state, the County is guided by an elected, seven-member Board of County Commissioners.

Five members of the Board are elected to serve specific commission districts and two members are elected at-large. Leon County is a Council-Manager form of government, and the County Administrator is appointed by the Board to oversee all functions, directives and policies. Florida Statutes, Chapter 125, establishes the powers and duties of the County Commission and the County Administrator. As of November 12, 2002, Leon County is governed by a Home Rule Charter.

MESSAGE FROM THE LEON COUNTY ADMINISTRATOR

2019 YEAR IN REVIEW: ADVANCING OUR STRATEGY

2019 was another year of great progress for Leon County toward realizing an ambitious vision for our community and setting the standard for performance, fiscal stewardship and best practices for local governments everywhere.

This annual report takes a look back at the progress of the past year. It highlights Leon County’s commitment to investing in infrastructure, creating places for people and businesses to thrive and building a culture of innovation and co-creation, all of which makes our County one of the best places to live, work and play.

LIVING OUR CULTURE

Our dedicated employees take special pride in setting the standard each day by providing essential services like Emergency Medical Services, Public Works, Parks and Recreation, Libraries and so many others that serve and shape our community. It’s that connection to the people we serve that drives us to respond to the day-to-day needs of our community.

But we also take a long view in our continuous efforts to create a vibrant, resilient and healthy community for generations of residents and visitors alike.

Because of that mission, in 2019 Southern Living named us one of the South’s Best communities because of our focused efforts on being a premiere destination for adventure, culture and sports tourism. And we had another record year for tourism, from sold-out crowds at the Capital Cascades Amphitheater to the many signature events that draw visitors from around the globe.

The past year also brought a different kind of visitor: Hurricane Michael, which ravaged our western neighbors and tested us like no other storm. As the nation’s first Hurricane Strong community, Leon County Government led our community’s largest and most effective disaster response ever. We also continued growing our year-round preparedness events and keeping citizens informed with cutting-edge technology, all so that we can be even more resilient for the future.
SHAPING OUR COMMUNITY

With that same dedication to ensuring our community’s brightest future, Leon County stayed focused on our bold goals to enhance our quality of life and protect our environment as we continued removing septic tanks in southern Leon County, eliminated fees at all our rural waste sites and continued protecting the health of our precious water bodies Countywide.

ENGAGING CITIZENS AS CO-CREATORS

And because building community is about building connections, we engaged citizens on our community’s growth, hosted our annual Created Equal event with a powerful symphony performance followed by a frank conversation on race and racial equality, served our veterans and revitalized Lakewood Estates with our 9/11 Day of Service.

SETTING THE STANDARD IN PUBLIC SERVICE

This commitment to service is at the heart of everything we do in Leon County. It drives us to be the best in our fields.

In 2019, our dedicated Leon County employees continued to set the highest standards in public service by earning more than 68 awards from the National Association of Counties (NACo) over the past seven years. This year alone, Leon County received 12 NACo awards for national best practices for programs and initiatives like the Emergency Shelter Operations Plan, Water Quality and Springs Protection Infrastructure Improvement Plan and the Litter Reduction and Beautification Initiative, to name just a few.

These employee-led efforts have been key to keeping Leon County among the most efficient and affordable counties anywhere. And to that end in 2019, the County began a multi-year budgeting plan which ensures the County’s long-term fiscal viability and avoids $4.6 million dollars in planned tax and fee increases.

From our commitment to fiscal stewardship to our nationally recognized programs, the men and women of Leon County Government have a lot to be proud of in 2019 as they continued to drive performance and deliver results to our citizens.

BUILDING ON OUR MOMENTUM

In all the ways that Leon County touches the lives of so many people we serve each day, whether it’s helping our veterans claim more than $18.4 million dollars in benefits they deserve, responding to nearly 45,000 calls for life-saving care or serving more than 1,500,000 patrons through our County’s Library System, as we did in 2019, we strive to put each person first.

While we will continue to face the same challenges of communities and governments everywhere else, as we look back at the progress of the last year, we see a County that has proven to be a government that listens to the citizens we serve, solves our problems and ensures that our community continues to be a place like nowhere else.

And we cannot do this alone. Thank you for your continued confidence in the work we do on behalf of and alongside our citizens every day to make our community even better.

Here’s to 2020!
HOW LEON COUNTY LEADS

Instituted throughout Leon County Government in Fiscal Year 2012, Leon LEADS is a strategic approach to aligning the Board’s guiding vision and strategic priorities with the optimized resources of the organization. LEADS provides a structure to support and sustain our People Focused, Performance Driven culture through a continuous process that looks inward to strengthen what works and abandon what does not, looks outward to receive feedback from citizens and leverage partnerships and adjusts as conditions change.

County employees are more committed than ever to delivering the quality of service our citizens deserve for their tax dollar, to working with our community in tackling the tough problems of today, and for ensuring our quality of life into the future. Below are just a few highlights of how the County’s LEADS framework supports an organizational culture that simply but powerfully combines performance and relevance.

SMARTIES COMMITTEE

Recently established in FY 2018, the SMARTIES Committee works to identify and develop Specific, Measurable, Attainable, Realistic and Timely Innovative Employee Solutions that enhance and sustain a culture of employee-led, cross-departmental innovation throughout Leon County Government. The Committee works year round to identify and implement strategies that improve internal processes. The Committee also:

- Works collaboratively to identify and develop forward thinking cross-departmental improvements;
- Sustains and enhances Leon County’s “People Focused, Performance Driven” organizational culture by successfully reducing costs through increased efficiencies or more streamlined processes; and
- Identifies opportunities to strengthen what works, abandon what does not and put best practices in place.

COUNTY’S AFTER-ACTION REPORTS

After each disaster, the County listens to the citizens we serve and analyzes all aspects of emergency operations through comprehensive after-action review. Following Hurricanes Hermine, Irma, and Michael, the County’s reviews identified 288 findings and 213 specific recommendations, all of which were completed before the 2019 hurricane season. And because of this focus on learning from disasters, in 2018, FEMA and the Federal Alliance for Safe Homes named Leon County the nation’s first #HurricaneStrong community. These after-action reports reflect the County’s commitment to conveying relevance and delivering value, especially during times of disaster.

COUNTY TOURS NATIONALLY RECOGNIZED LIBRARIES

In continuing to explore ways to better serve the needs of citizens through the public library system, in April 2019 Leon County accepted a grant from the Knight Foundation for a Multi-City/State Tour of Innovative Public Library Systems. This grant has allowed for a focus group to learn best practices of public library systems through exploring how other communities have developed solutions to maintain and increase the relevancy of libraries in their communities.

OUR VALUE PROPOSITION

Leon County Government leverages partnerships, embraces efficiency and innovation, and demands performance to the benefit of our taxpayers. We actively engage our citizens, not only as taxpayers but as stakeholders and co-creators of our community—providing meaningful opportunities to capitalize on their talents in making important decisions and shaping our community for future generations.
Leon County is an organization that rewards its employees for innovative ideas, teamwork, strategic processes, efficiency and the ability to achieve positive results. The I² (Innovator/Inspirator) Award conveys the value Leon County Government places on employee-led improvements that result in increased efficiencies, enhance or support the delivery of County services, reinforce Leon County’s relevance in the community and exemplify the County’s Core Practices in the workplace. Examples of such improvements include the following:

- **Library Services and the Office of Information Technology** developed a process to digitize library cards using current library software, saving $27,800 in implementation costs.
- **Office of Information Technology** designed an improved campground reservation system that allows reservations to be made online using a credit card, saving the County $50,000 in software replacement costs. Since the upgrade, campground revenue has increased by $35,700.
- **Community and Media Relations** launched a weekly #WOWWednesday social media campaign that highlights County employees who go above and beyond, on and off the job, through hard work and commitment to service.
- **Emergency Management** implemented and integrated WebEOC with the Citizens Information Line, providing an online disaster tracking framework that allows staff to stay connected with citizens in need before, during and after a disaster.

The I² Awards recognize talented employees and inspire others to continue reinforcing the County’s core practices in the workplace and raise the public’s awareness of Leon County’s relevance and services. Since its inception in FY 2015, the I² Employee Awards program has saved the County a total of $6.3 million, including $1.5 million in recurring costs and $4.8 million in one-time costs.
LIVING OUR CORE PRACTICES

Our Core Practices

Delivering the “Wow” factor in Customer Service. Employees deliver exemplary service with pride, passion and determination; anticipating and solving problems in “real time” and exceeding customer expectations. Customers know that they are the reason we are here.

Connecting with Citizens. Employees go beyond customer service to community relevance, engaging citizens as stakeholders in the community’s success. Citizens know that they are part of the bigger cause.

Demonstrating Highest Standards of Public Service. Employees adhere to the highest standards of ethical behavior, avoid circumstances that create even an appearance of impropriety and carry out the public’s business in a manner which upholds the public trust. Citizens know that we are on their side.

Accepting Accountability. Employees are individually and collectively accountable for their performance, adapt to changing conditions and relentlessly pursue excellence beyond the current standard, while maintaining our core values.

Exhibiting Respect. Employees exercise respect for citizens, community partners and each other.

Employing Team Approach. Employees work together to produce bigger and better ideas, to seize the opportunities and to address the problems which face our community.

Exercising Responsible Stewardship of the Community’s Resources. Employees engage in the continuous effort to create and sustain a place which attracts talent, fosters economic opportunity and offers an unmatched quality of life, demonstrating performance, value and results for our citizenry.

Living our “People Focused, Performance Driven” Culture. Employees have a structure in place to live all of this as our organizational culture and are empowered to help the people they serve.

Leon County received 12 National Association of Counties Awards: Animal Abuser Registry; Emergency Shelter Operations Plan; Ethics Training and Field Manual; Fire Hydrant Prioritization Policy and Funding Program; Green Team; Litter Reduction and Beautification Initiative; Minority, Women & Small Business Enterprise Program Enhancements; Mobile Hotspot Lending Program; Quarterly Economic Dashboard; Residential and Commercial PACE Programs; Street Lighting Prioritization Policy and Funding Program and Water Quality and Springs Protection Infrastructure Improvement Plan.

We Believe In

Demonstrating to our citizens that we are on their side, letting them know that they are the reason we exist and what they are getting for their tax dollars;

Producing bigger and better ideas to address the real issues facing our community;

Actively promoting transparency, accessibility, and openness in everything we do;

Engaging citizens in important decisions facing the community;

Tirelessly enhancing our community’s livability, sustainability and economic competitiveness; and providing employees a structure which reinforces this as our organizational culture and employs and empowers them to help people.

HOUSING SERVICES

“I want to thank Lon Twyman and Geraldine Green for all of their help in securing funding for the maintenance of my father’s failing septic as well as the grant for the new system. The assistance with the financing has made it possible for me to keep my father in his home. Grateful to you both.”

— TM Pasquarelli

EMERGENCY MANAGEMENT

“I wanted to express my appreciation to you and your entire team for making disaster preparedness information available to the public in a concise and well-planned way. Seeing the Emergency Operations Center was extremely interesting and informative and hit home powerfully that what you all do to keep everyone informed and safe in times of emergency is so selfless and important.”

— Donna Benningfield

VOLUNTEERLEON

“I just wanted to take a moment to say ‘THANK YOU VERY MUCH’ for the absolutely outstanding work that such a dedicated group of Leon County employee volunteers did in Deer Tree Hills for the 9/11 Day of Service. It was/is a real morale booster and a tremendous help to those that could not afford or are unable to do the work themselves. I cannot stress enough how delighted I was and wish you all the best and good luck in all the wonderful work that you do.”

— Michael Buettner

SOLID WASTE MANAGEMENT

“WOW. I just submitted an online service request to your Solid Waste Department and I’m blown away by the immediate response. The employee was so courteous and helpful. I am particularly impressed because I know public service personnel have been super busy dealing with Hurricane Michael issues. I am a very satisfied customer and extend a BIG THANK YOU to your staff.”

— Jeanne Kimball

SUSTAINABILITY

“My wife and I would like to express appreciation to the County for the electric car charging station at the downtown Public Library. Its availability not only increased our visits to the Main Library, but also conveys a broader message to the community of the County’s commitment to help reduce local carbon emissions.”

— Fred & Meta Calder

PUBLIC WORKS

“Roshunda, thank you so much. First thing this morning the grapple was in front of my house working on removing the big tree which they have almost already finished. They will be back tomorrow for the big stumps they have left. All of this because of you taking the time to listen and care. Without removal our road could have washed away. Sometimes it’s the little things you do that make a big difference to others. Thank you for making that difference for us.”

— Donna and Michael Uzzell

EMERGENCY MEDICAL SERVICES

“This is a thank you for helping me and my husband. He is 95 now! You helped him get to the hospital in October 2012 and he recovered – that was over 6 years ago! I have had quite a few ‘rides’ since then and it is amazing to realize how important you are to our community. Thank you!”

— Maxine and Elmer Leek

PARKS AND RECREATION

“I am writing to you today to commend two of your employees, Alonzo Brown and Rodney Young. My wallet ended up on Capital Circle and they went above and beyond to find a way to get it back to me. I cannot tell you how much their actions mean to me. What could’ve been a very bad day was avoided thanks to your employees. I am very thankful and appreciative of their public service.”

— Ivy Rooney, Political Capital Florida

VETERANS SERVICES/PRIMARY HEALTHCARE

“I just wanted to say thank you to both Veteran Services and Primary Healthcare for all you did to assist me with my rental deposit. Because of your help, I am back at the Capital Area Red Cross doing my daily volunteer work. At the end of my day I get to go home to an environment free from infestation. Again, thank you both!”

— Anonymous

DSEM

“I want to thank Nancy Garcia as she assisted us with a boundary settlement issue and she was very professional, courteous and helpful. She walked us through the process, stayed on top of it for us and gave us much needed guidance. She needs to be commended for her service to the County.”

— Danielle Galvin
VISION
A community that is safe, healthy and vibrant.

MISSION
To efficiently provide public services which serve and strengthen our community.

Strategic Priorities
Leon County’s Strategic Priorities are high-level categories of focus in the County’s major areas of responsibilities: Economy, Environment, Quality of Life, and Governance. The priorities consider the County’s future in each area and are critical to the success of the community. As part of the strategic plan, these priorities inform every decision and every initiative made by Leon County.

STRATEGIC INITIATIVES
Leon County’s strategic initiatives are program- or area-specific projects that align with the County’s strategic priorities to serve and strengthen the community. In the FY2017-2021 Strategic Plan, the 75 strategic initiatives ensure that the optimized resources of the County are aligned to address the community’s most pressing issues and to achieve the County’s top priorities.

BOLD GOALS AND TARGETS
Bold goals are truly stretch goals that will be big and difficult to achieve, but are worthy of Leon County’s best efforts. Bold goals require the County to explore new partnerships, identify new opportunities, and inspire new ideas.

Leon County’s five-year targets are aligned with each strategic priority and will communicate to the public and staff throughout the County the specific results the County expects to achieve through the collective execution of the strategic initiatives. Achieving these five-year targets will demonstrate results, accountability, and the strength of long-term planning.

ECONOMY
To be an effective leader and a reliable partner in our continuous efforts to make Leon County a place which attracts and retains talent, to grow and diversify our local economy, and to realize our full economic vitality.

Do well-designed public infrastructure which supports business, attracts private investment and has long term economic benefits.

Support programs, policies and initiatives to attract, create, and promote expansion of business, entrepreneurship, and job creation.

Leverage university and community partnerships to increase entrepreneurial, technology transfer and commercialization opportunities.

BOLD GOAL
Grow the five-year tourism economy to $5 billion

Progress as of June 2019
47%
($2.4 billion)

BOLD GOAL
Grow our tourism economy, its diversity, competitiveness and economic impact.

**Leon County Attorney**

**Herbert W. A. Thiele**

**County Attorney**

(850) 606-2500 | ThieleH@LeonCountyFL.gov

Herb Thiele was selected by the Board in 1990 to create the County’s first in-house legal department and has served Leon County approaching thirty years. Under Thiele’s leadership, the office continues to remain small but extremely efficient, with only 5 lawyers handling the legal affairs of Leon County, Florida.

In addition to being active in several state and national organizations that serve local government lawyers and advance the interests of local government law, Thiele has made presentations and published articles on many local government law topics, including the Sunshine Law, Open Records Law and Honest Services Act and Ethics. He serves on the Board of Directors for the Florida Association of Counties Foundation and is a past President of the Florida Association of County Attorneys and the International Municipal Lawyers Association.

Thiele leads a team of skilled professionals who provide high-quality, timely and cost-effective legal representation to the Board and other officials of Leon County.

**Firearm Preemption**

– In 2011 the Florida Legislature passed House Bill 45 which amended Section 790.33, Florida Statutes, to set forth the Legislature’s preemption of the “whole field of regulation of firearms and ammunition,” to the exclusion of all existing and future local ordinances. The statute also imposes stiff penalties should an elected or appointed local government official enact, or cause to be enforced,

**Landfill Closure**

– On April 28, 2015, the Board approved proceeding with complete regulatory closure of the landfill and beginning the corresponding long-term master planning of park amenities for the site. Landfill closure is a highly regulated process overseen by Florida DEP and has multiple elements, including modifications to stormwater facilities, hauling and spreading soil to shape four garbage cells totaling 84 acres with soil, adding synthetic liners covering the four cells, adding top soil, and establishing vegetative growth for stabilization. The landfill closure design contract was awarded to Locklear & Associates, Inc., to oversee the regulatory closure of the landfill. The contract expires on May 31, 2020. The Board

**TMDL for Lake Talquin**

– The County Attorney’s Office has been actively pursuing keeping the County’s lakes clean. For the last several years, we have worked with the Florida Department of Environmental Protection and the U.S. Environmental Protection Agency on reducing nutrient levels coming into Lake Talquin from Georgia. The BASF Corporation has challenged a proposed Rule submitted by the Florida DEP, wherein DEP set forth its intent to adopt nutrient TMDLs and load allocations for Lake Talquin. BASF filed a Petition for Administrative Determination of Invalidity of Proposed Rule with the Division of Administrative Hearings in June 2017. The County supports DEP in this proposed rule and was granted Intervenor status by DOAH in July 2017. In November 2017, the Administrative Law Judge overturned the adopted TMDL Rule. DEP is in the process of modeling, and once that is complete, it will promulgate a new rule. The County continues to be supportive of DEP.

**Tired Creek – Ochlockonee River – Lake Iamonia**

– in 2010, the Army Corps of Engineers issued a dredge-fill permit, authorizing construction of the dam on Tired Creek in Georgia. Tired Creek discharges to the Ochlockonee River, and Leon County relies on the Ochlockonee River to refill Lake Iamonia at times of high flow in the river. It is critical to the health of Lake Iamonia that peak flow volumes be maintained in the Ochlockonee, as recharge occurs at irregular intervals. Leon County raised concerns with the Corps about the dredge-fill permit conditions in order to protect Lake Iamonia’s recharge, and the permit conditions were subsequently revised. In addition, the County Attorney’s Office and County Administration met with Grady County representatives to attempt resolution of disputes over the permit conditions. As a result, both County Commissions approved a Memorandum of Understanding, establishing a general framework for cooperation between the two counties.

**MOU with Grady County**

landfill closure construction contract was awarded to COMANCO Environmental Corporation. COMANCO’s contract requires that it follow Locklear’s design in closing the landfill. In February 2019, the County notified Locklear that there were three issues of importance that needed to be resolved: (1) proceeding with the excavation and design plans; (2) additional costs incurred due to errors contained in the original design plan; and (3) an overall collaborative approach to completing the project. In April 2019, Locklear disputed that its design plan was inaccurate due to any error on its part. The County, Locklear, and COMANCO agreed to attend a technical mediation July 25 – 26, 2019, to attempt a resolution of the issues. The matter will be brought to the Board for consideration in September 2019.
a local ordinance, administrative rule, or regulation that impinges upon the Legislature’s exclusive occupation in the field of the regulation of firearms and ammunition. At its meeting of April 10, 2018, the Board approved the County Attorney’s Office bringing back an agenda item to include information on current lawsuits brought by other local governments challenging the State’s preemption of local gun laws, including possible options for Leon County. At its July 10, 2018, meeting, the Board directed the County Attorney’s Office to intervene in the litigation challenging the State’s preemption of local gun laws. Leon County joined, as an additional plaintiff, Broward County, et al., Plaintiffs, vs. The State of Florida, et al., Defendants; Case No. 2018-CA-882. Both sides filed Motions for Summary Judgment; oral arguments were heard June 7, 2019. Proposed orders were submitted to the Court, and on June 26, 2019, the Court ruled in favor of the Cities and Counties. The Defendants have appealed the ruling.

- **Leon County, Florida, vs. J-II Investments and Johnny Petrandis, II** – the Defendants or their agents caused a large scale clearing operation consistent with development activities to be conducted on an approximate 88 acre parcel of land off Woodville Highway. Vast portions of High Quality Successional Forest (HQSF) land was cleared and ostensible roadways were cut, resulting in major environmental degradation to more than 50 acres of the property. All these activities were conducted by the Defendants without any compliance with Leon County’s land regulations and development code. This matter has been in litigation since 2003. Leon County is proceeding against the Defendants primarily under the Judgment and Lien that Judge Davey had entered in 2008. The Defendants have appealed Court rulings four separate times and in each instance Leon County has prevailed. At the latest hearing in June 2019, Judge Carroll, ordered the parties to mediation, which resulted in an impasse. Subsequent to the mediation, the Defendants submitted a settlement proposal which is scheduled to be discussed with the Board at an Attorney-Client Privilege “Shade” Meeting in September 2019.

- **Meridian Road Crossroad Project** – After filing of Petition in Eminent Domain to acquire Lakeshore Gardens HOA common area under the never-before-used class action rule, the trial court granted the HOA’s Motion to Dismiss. Upon the Board authorizing an appeal, we were successful in our Petition for Writ of Certiorari to the 1st DCA and the trial court’s previous Order of Dismissal was quashed. Since then, we have worked with Public Works staff and the HOA attorneys to negotiate a proposed settlement pending the approval of at least 2/3 of the lot owners.

- **L.I.F.E. Rural Road Safety Stabilization Program** – we provided valuable input to Public Works staff in assisting them with drafting and implementing a first-of-its-kind program involving the repair and improvement to private dirt roads utilizing L.I.F.E funding through the Blueprint sales tax extension. By researching the similar use of public funds for funding affordable housing repair programs, we developed the policy as a paramount public purpose based on low-income criteria similar to the affordable housing financial assistance programs.

- **NEOGOV – Hiring Process and Veterans Preference** – the County Attorney’s Office participated in the workgroup that conducted a review and revision of Leon County’s Hiring Guide to match the County’s new NEOGOV software, by providing legal advice and guidance to staff on the entire hiring process, including the Veterans Preference provisions.

- **Disposition of Surplus Property** – we worked with staff on the disposition of surplus property to either be sold and the funds provided to the Housing Finance Authority to develop affordable housing, or donated to local non-profits in the business of developing affordable housing, such as Big Bend Habitat for Humanity.

- **Medical Examiner Services Agreement** – we worked with Real Estate, OMB, Facilities, and Human Services staff to draft a new agreement to address the Medical Examiner moving in and occupying the County’s new Medical Examiner Facility. The agreement required us to conduct extensive research to avoid Code of Ethics conflicts in light of the Medical Examiner, as a public official, conducting his operation through his private pathology practice. By working with the Medical Examiner and his staff, we successfully addressed the potential conflict in accordance with the Code of Ethics statute to allow the practice to continue. The new agreement clearly recognizes the way in which the Medical Examiner’s operation is conducted and appropriately handles any conflict that may be challenged. In addition, the agreement addresses the Medical Examiner’s occupancy of the new County facility and clearly sets out the responsibilities of each party. In addition, it addresses the limitations in the Medical Examiner’s use of the County facility for private practice purposes by requiring a fee to be collected for such uses.

- **Recodification of the Leon County Code of Laws Ordinance** – The recodification of the Leon County Code of Laws was completed this year. The recodification process consisted of a comprehensive legal review of the Code of Laws by the County Attorney’s Office and Municipal Code Corporation, to ensure that the Code is free of conflicts, inconsistencies and obsolete provisions, and in conformance with Florida law. The recodified Code was adopted by the Board on June 18, 2019, and is accessible electronically on Municode.com.

- **Code of Ethics Ordinance** – By the affirmative vote of the Leon County electorate at the November 6, 2018 General Election, the Home Rule Charter was amended to provide for enactment by the Board of an ordinance to establish a Code of Ethics. In accordance with this directive, the County Attorney’s Office prepared for the Board’s consideration a comprehensive Code of Ethics Ordinance, to prescribe standards of conduct for members of the Board, County employees, and members of Board-appointed boards and committees. The Board approved the Code of Ethics Ordinance on June 18, 2019.

Build Your Bucket, a free, family-friendly disaster preparedness expo hosted by Leon County Government, the City of Tallahassee and the Capital Area Chapter of the American Red Cross, helps prepare citizens with the knowledge and supplies necessary to weather hurricane season. Dozens of community response groups are on hand every year with demonstrations, valuable information and interactive exhibits to help residents learn more about how to prepare, respond and recover in the event of a disaster. In June 2019, at the fifth annual event, more than 1,500 attendees visited exhibitors at their own pace to learn about local resources.
Providing Transparency and Engaging Citizens in Meaningful Ways

Leon County continues to grow citizen involvement and engagement through its commitment to programs that help shape our community like the Library Lecture Series, Citizen Engagement Series and the Club of Honest Citizens.

This past year, the Leon County Library Lecture Series featured diverse speakers that engaged and inspired citizens of all ages through lectures on storytelling, history, placemaking and surviving disaster.

As part of the Club of Honest Citizens program, this year’s third annual Created Equal entitled “Ode to Understanding,” inspired civil discourse through a musical performance of “Seven Last Words of the Unarmed” and Beethoven’s 9th Symphony. This two-part musical event in partnership with Tallahassee Symphony Orchestra and the Village Square took place at Ruby Diamond Concert Hall and let nearly 1,200 citizens participate in an evening of learning and discussion about race and its impact on the community.

Also, the County helped facilitate the Big Event Tallahassee, one of the largest, one-day, student-run service projects in the nation. Organized by Florida State University, the event engaged more than 3,000 college students and members of the community in not only a day of service, but also an honest discussion about the role of local government and nonprofits in serving our community.

Continuing as part of the Club of Honest Citizens program, Leon County and The Village Square hosted nationally recognized sociologist, author and New York University (NYU) professor Dr. Eric Klinenberg in a discussion of how social infrastructure plays a vital role in the health and economic well-being of a community.

Leon County continued its nationally-recognized Citizen Engagement Series with “Prepare Now. When Disaster Strikes, It’s Too Late to Plan,” a session focused on building community preparedness and resilience to withstand man-made and natural disasters. Nonprofit partners, preparedness experts, public safety officials, community members and County staff came together at the Public Safety Complex to discuss various topics such as disaster preparedness, emergency communication and the importance of having an evacuation plan.

EXERCISING RESPONSIBLE STEWARDSHIP OF THE COMMUNITY’S RESOURCES

- Leon County balanced FY 2020 budget ($274.2 million) without raising the current millage rate of 8.3144 mills for the eighth year in a row.
- For FY 2020, Leon County implemented a multi-year fiscal plan, that includes tax and fee avoidances of $4.6 million annually. Some highlights of the budget include:
  - $1.38 million for the Supervisor of Elections to pay the increased cost associated with the 2020 presidential preference primary.
  - $573,131 to pay for the increased cost in additional waste hauling and disposal costs and to pay for the elimination of the rural waste service center fees.
  - $135,869 to support the increased transfer to the capital improvement program.
- The Fiscal Year 2020 budget continues to maintain core services and the community’s infrastructure, a few highlights include:
  - No change in either the Countywide Millage Rate of 8.3144 mills or the 0.5 EMS MSTU with an increase in property values of 6.05% Countywide.
  - Transferred an additional $2.4 million in recurring general revenue to fund capital projects ($5 million to $7.4 million) with a goal to transfer at least $10 million annually.
  - Continued use of the general fund balance of $1.56 million, which is a 70% reduction from the $5 million used at the height of the recession.
  - Supported the Leon County Sheriff’s Office by funding the third year of a three-year staffing plan for enhanced law enforcement efforts in the community, which in Fiscal Year 2020 includes four new patrol deputies, three technical positions for the Real Time Crime Center and a Property & Evidence Supervisor.
  - Dedicated $680,580 to Livable Infrastructure for Everyone (L.I.F.E) funding for Miccosukee Sense of Place, Rural Road Safety Stabilization, street lighting and boat landings.

Leon County spends the least dollars per county resident of all like-sized counties. The next closest County’s net budget per capita is 22% higher than Leon County’s (Lake County). St. Johns County spends more than two times the amount per resident than Leon County does.

FY 2019/2020 ADOPTED BUDGET: $274.2 MILLION
Mission Statement
To preserve life, improve health and promote safety through clinically superior and compassionate pre-hospital care and life safety education for citizens and visitors of Leon County.

Strategic Initiatives

QUALITY OF LIFE

- Continued to evaluate emergency medical response strategies to improve medical outcomes and survival rate (Initiative #2016-26).
  - Partnered with local hospitals and medical providers to improve heart attack outcomes and develop a system of care that exceeds national standards.
  - Provided low-cost Automated External Defibrillators (AEDs) to organizations and businesses throughout the County to improve survivability of sudden cardiac arrest.
- Received a grant to purchase 20 video laryngoscopes, which will provide visual aid to paramedics assisting patients who are experiencing difficulty breathing.
- Began conducting a comprehensive medical protocol update.
- Continued to provide dementia sensitivity training to staff and support the Florida Department of Elder Affairs in its public education initiative (Initiative #2016-29).

- Celebrated 15 years of dedicated service to the community and responded to over 43,000 calls for service in FY19, leading the industry in setting the standard for emergency care.
- Continued to improve the chances of survival following a cardiac arrest event by advocating for the integration of Automated External Defibrillators (AEDs) and conducting Cardio-Pulmonary Resuscitation (CPR) training through the Heart Ready initiative. Over 2,300 citizens have received training in CPR and AED use and 1,169 public access AEDs in the community are registered with EMS.
- Reduced EMS fees and initiated an income-based fee discount program and continued to completely waive EMS fees for uninsured or underinsured veterans.
- Achieved for the fourth time a full three year re-accreditation from the Commission on Accreditation of Ambulance Services, which sets the highest standards.
- Supported Honor Flight Tallahassee by transporting World War II, Korean and Vietnam veterans to Washington D.C. to visit and reflect at their memorials.
- Hosted 185 public education events during the year, including Press the Chest 2019, a community-wide CPR and AED training event that trained over 450 citizens, Stop the Bleed trainings, the annual EMS Safety Fair and more.
- Joined Safe Kids Big Bend, a national organization committed to working with families and communities to keep children safe from unintentional injuries.
- Conducted over 110 child safety seat inspections and installations at the Public Safety Complex as well as at health and safety fairs throughout the community through the Child Passenger Safety Seat program.
- Presented Leon Lifesaver at over 25 community events and continued to participate in safety initiatives.
» Participated in the Everyday Safety on the Move initiative, sponsored by Tallahassee Police Department, introducing first responders and their equipment to our public housing communities and neighboring community centers to promote safety, health and assurance.

» Partnered with Leon County Schools and supported the Safe Routes to School program by providing a bike trailer, equipment and medics to promote bicycle use and transportation measures as well as safety education to the schools and the community.

» Participated in Operation Spring Break, an anti-drunk driving and anti-distracted driving program for high school-aged teenagers in cooperation with community partners.

» Partnered with the Capital Area Healthy Start Coalition to teach 130 new mothers CPR and AED use to prevent, recognize and respond to cardiac, respiratory, choking and sleep-related emergencies.

EMERGENCY MANAGEMENT

Mission Statement
To protect our community by coordinating and integrating all activities necessary to build, sustain and improve resilience so as to mitigate against, prepare for, respond to and recover from man-made natural disasters.

Strategic Initiatives

GOVERNANCE
- Partnered with the Federal Alliance for Safe Homes (FLASH) to become the nation’s first #HurricaneStrong community initiative (Initiative #2017-11).
- Implemented all 133 recommendations for improvement in emergency management identified in the Hurricane Irma and Hurricane Michael After-Action Reports (Initiative #2017-14 and #2018-14).
- Developed an emergency management plan for controlled release of water at the Lake Talquin Dam (formerly C. H. Corn hydroelectric dam) (Initiative #2018-13).

- Emergency Management directs the Emergency Operations Center (EOC) to plan for and coordinate disaster response activities.
  - Activated the EOC to coordinate the response to Hurricane Michael for 194 continuous hours of activation and two severe weather events.
  - Hosted separate training courses for 400 local and regional emergency responders to build and enhance their emergency response skills.
  - Deployed staff to Liberty County to assist their county’s response to Hurricane Michael and deployed staff to the Florida Department of Law Enforcement’s Inauguration Command Post to assist with managing security operations for the 2019 Gubernatorial Inauguration.

- Over the last year, to ensure Leon County is prepared and resilient for any disaster, Emergency Management:
  - Reviewed emergency plans for 48 healthcare facilities and conducted public education and outreach programs for community groups.
  - Hosted the 2019 Hurricane Season Kickoff and press conference, presented the 2019 Disaster Survival Guide and spoke at the National Hurricane Conference on Leon County emergency management initiatives.
  - Participated in the Citizens Engagement Series: Prepare Now. When Disaster Strikes, It’s Too Late to Plan and educated over 80 citizens on emergency management and disaster preparedness.
  - Hosted the fifth Annual Build Your Bucket Event with the City to enhance community disaster preparedness and provided over 800 residents with a free starter disaster supply kit bucket.
  - Developed the Controlled Water Release Plan for Lake Talquin Dam and an annex to the Leon County Comprehensive Emergency Management Plan.

DID YOU KNOW?

Following Hurricane Michael, the County collected 1,000,000 cubic yards of debris—five times as much as hurricane Hermine. Stacked on a football field, the amount of debris collected would be nearly 60 stories, which is taller than the Florida Capital building.

- The Leon County Enhanced 9-1-1 System received 163,770 emergency calls during this past year. Of these calls, over 140,100 were from wireless devices, over 16,100 were from landline devices, and over 7,300 were from VoIP devices.
  - Processed over 1250 Master Address Street Guide updates.
  - Responded to over 900 requests for 911 records.
A PREPARED COMMUNITY IS A RESILIENT COMMUNITY

For three years straight, Leon County has been tested by powerful hurricanes, and each year, the County team and its many community partners have risen to meet the challenge. Most recently, Leon County was hit by Hurricane Michael, the third most powerful storm to make landfall in the continental U.S. and the strongest storm to ever impact the Big Bend Region, prompting the largest and longest emergency management activation in Leon County’s history. Since previous Hurricanes Hermine (2016) and Irma (2017), Leon County implemented many improvements that made an already strong response to disaster even stronger for Michael.

Leon County will continue to extract every lesson from emergencies to be better prepared for the next one. From the more than 100,000 sand bags distributed to 1,600 shelterees to the hundreds of thousands of bottle water and MREs, Leon County was ready to respond and recover.

OUR VALUE PROPOSITION

What You Get as a Taxpayer and a Stakeholder in our Community

Leon County Government leverages partnerships, embraces efficiency and innovation, and demands performance to the benefit of our taxpayers. We actively engage our citizens, not only as taxpayers, but as stakeholders and co-creators of our community – providing meaningful opportunities to capitalize on their talents in making important decisions and shaping our community for future generations.
