Leon County was named after the Spanish explorer Juan Ponce de Leon. He was the first European to explore Florida in 1513 in search of the “Fountain of Youth” and named the state after the Spanish word for “flowery.”

Leon County is home to Florida’s capital, Tallahassee, which was established in 1824. Legislative and executive offices, the State House and Senate chambers are located here. As a political subdivision of the state, the County is guided by an elected, seven-member Board of County Commissioners.

Five members of the Board are elected to serve specific commission districts and two members are elected at-large. Leon County is a Council-Manager form of government, and the County Administrator is appointed by the Board to oversee all functions, directives and policies. Florida Statutes, Chapter 125, establishes the powers and duties of the County Commission and the County Administrator. As of November 12, 2002, Leon County is governed by a Home Rule Charter.

In 2020, we faced the most abrupt and serious threat to lives and livelihoods ever experienced. This has been a time which has challenged people and organizations everywhere, but not all in the same way.

For Leon County, the coronavirus required our most extensive emergency management response to protect our citizens, especially those most vulnerable - as well as an unprecedented, targeted and highly coordinated effort to help our local businesses and community members rebound and recover.

The 2020 Annual Report reflects our organization-wide response to the pandemic, the uninterrupted provision of essential services, and the adaptation, innovation and unrelenting commitment of County employees over the past year. It also demonstrates the importance of having a clear vision and a culture built upon our core values and practices. Because of this and despite the unprecedented challenges we faced, we were able to realize real progress in 2020, produce results and deliver on our ambitious targets and bold goals for the organization and the community.

LIVING OUR CULTURE, SHAPING OUR COMMUNITY

Amid our response efforts to the pandemic, our dedicated employees continued to set the standard each day in EMS, Public Works and Parks, libraries, and so many other essential services. We may have done it a little different in some cases, but they continued throughout to serve, shape and safeguard our community.

While addressing the urgent needs of the day, as a strategic organization, we also remained committed to the long view, completing major infrastructure projects that protect our environment and enhance our community, like removing hundreds of septic tanks and connecting homes to central sewer in southside Leon County, by completing a long-awaited project to alleviate chronic flooding of portions of Meridian Road and surrounding neighborhoods, and with the opening of five new parks for all to enjoy.

And while the coronavirus silenced the sounds of live music and other community events, our commitment to remaining a vibrant place to live and visit was recognized for the second year in a row by Southern Living Magazine naming us one of the South’s Best Communities.

MESSAGE FROM THE LEON COUNTY ADMINISTRATOR

VINCENT S. LONG
County Administrator
(850) 606-5300 | LongV@LeonCountyFL.gov

Vince Long has worked for Leon County since 1995 and was appointed County Administrator by the Board of County Commissioners in 2011. As the Chief Executive Officer (CEO) of the County government, he provides fiscal, strategic and operational leadership to the organization, as well as sound analysis and professional implementation of the Board’s policies. He holds a Master of Public Administration (MPA) from the Askew School of Public Administration and Policy at Florida State University and is a graduate of the Harvard University, JFK School of Government Institute for Senior Executives in State and Local Government. He is also a Credentialed Manager by the International City/County Managers Association (ICMA), serves on the Board of Directors and is a past President of the Florida Association of County Managers, and serves on the Board of Directors for the Florida Association of Counties Institute for County Government. A graduate of Leadership Tallahassee and Leadership Florida, Vince is a leader in many community and professional organizations. He also serves as a member of the Advisory Council and is a regular lecturer at the Askew School, as well as a frequent speaker and trainer with the Florida Association of Counties’ County Commissioner Certification Program.

Leon County presents an evening with JJ Grey & Mofro

Emergency Medical Services donning personal protective equipment
And as an organization, 2020 demanded that we perform at our best. In our most extensive emergency management activation ever, which began before the County’s first COVID-19 case, our teams worked to increase countywide testing and contact tracing, distributed more than a million items of PPE to frontline workers and first responders, cared for the homeless, created hospital surge plans, provided hundreds of thousands of masks to families and businesses and shared creative and effective health messages that were seen millions of times, even on the national level.

**ENGAGING CITIZENS AS CO-CREATORS**

We also launched the Leon CARES program, the largest aid program in our County’s history with over $50 million in federal funds to individuals and small businesses most impacted by the virus. The County created grant programs to keep our small businesses alive, to help our citizens in need stay in their homes and pay their utility bills, to provide meals to the food insecure and to assist human services agencies meet increased demands for their vital services.

**SETTING THE STANDARD IN PUBLIC SERVICE**

We continued initiatives to bring our community together, even when we had to be apart, like the 2020 Census “Make It Count” campaign, the celebration of the 60th anniversary of the Tallahassee lunch-counter sit-ins and our award-winning library lecture series - which were conducted virtually.

And despite enormous revenue losses associated with the pandemic, due to continued fiscal stewardship, in 2020, the County balanced a $17 million shortfall with no increase in taxes rates or fees, keeping our county among the most affordable places to live.

**BUILDING ON OUR PROGRESS**

In all the ways that Leon County touches the lives of so many people we serve each day, whether it’s helping our veterans claim more than $20 million in benefits they deserve, responding to more than 45,000 calls for life-saving care, serving more than 1,200,000 patrons through our County’s Library System, or activating the Emergency Operations Center for hundreds of days in response to the pandemic, as we did in 2020, we strive to put each person first and set the standard in public service.

Throughout this crisis, and after, we at Leon County will remain committed to listening to the people we serve, addressing the challenges we face together and striving every day to set the standard in public service.

And we cannot do this alone. Thank you for your continued confidence in the work we do on behalf of and alongside our citizens every day to make our community even better.

Here’s to 2021!
HOW LEON COUNTY LEADS

Instituted throughout Leon County Government in Fiscal Year 2012, Leon LEADS is a strategic approach to aligning the Board’s guiding vision and strategic priorities with the optimized resources of the organization. LEADS provides a structure to support and sustain our People Focused, Performance Driven, culture throughout a continuous process that looks inward to strengthen what works and abandon what does not, looks outward to receive feedback from citizens and leverage partnerships and adjusts as conditions change.

County employees are more committed than ever to delivering the quality of service our citizens deserve for their tax dollar, working with our community in tackling the tough problems of today and ensuring our quality of life into the future. Below are just a few highlights of how the County’s LEADS framework supports an organizational culture that simply but powerfully combines performance and relevance.

ESSENTIAL LIBRARIES INITIATIVE

To ensure that the Leon County Public Library System remains a relevant and essential resource to residents now and in the future, the County launched the Essential Libraries Initiative to re-envision the County’s libraries to address the changing needs of residents and usage trends throughout the library system. While currently delayed due to the pandemic, a critical component of the Initiative was an outreach campaign to engage residents and stakeholders in conversations about how libraries can be more proactive in addressing local issues. A series of 4 Library Listening Sessions were held with stakeholders including nonprofits, academic institutions, youth and teens and the general public.

Those that could not attend in person were encouraged to complete the online survey; in total the survey garnered nearly 5,000 responses with input. Based on citizen feedback, once implemented the Essential Libraries Initiative will set Leon County on a three to five-year plan of action to realign our Library’s programs, services, staff and physical spaces with the community’s greatest needs and goals.

MIT BUSINESS SCHOOL COLLABORATES WITH COUNTY ON RE-ENTRY PROGRAMS

This past year, a team of MBA students from the MIT Sloan School of Management USA Lab collaborated with Leon County staff to evaluate reentry programs for people transitioning from incarceration and identify best practices and innovative models for the reentry process.

Four MBA students working with Leon County researched strategies to develop a skilled workforce and support stable, healthy families and safe communities. Such programs reduce the demand for the costliest public services, that of criminal justice corrections and physical and behavioral healthcare. Work on the project began in February and continued into May 2020. The team had planned to spend two weeks working on-site; however, due to the COVID-19 pandemic, the students pivoted to virtual meetings with the support of County staff. Through video interviews with more than 50 community agencies and local advocacy groups, MIT students gained an understanding of Leon County’s local re-entry ecosystem and assisted County staff in identifying a service model that addresses the needs of individuals transitioning from incarceration.

COMMUNICATING TO THE PUBLIC DURING COVID-19

Leon County Community and Media Relations, in close coordination with the Florida Department of Health and the Joint Information Center, provided accurate, relevant and timely public health messaging throughout the COVID-19 pandemic. To date, critical public health messages from #SaferAtHome to It’s Not Too Much to Mask, Leon CARES and more have been seen, read and heard over 20 million times across every available public information platform including radio, TV, print, billboards, digital marketing, social media, community outreach and more.

More than 2,000 messages have been shared across social media platforms alone, a 135% increase over 2019. As part of the County’s efforts to reinforce behavior change during the pandemic, staff created a physical distancing gator graphic that went viral on social media. The graphic received over 1 million impressions and over 100,000 engagements. It also appeared on more than 120 local and national news outlets including CNN, MSNBC, NPR and the Boston Globe. Additionally, it was featured on the Late Show with Stephen Colbert, Jimmy Fallon, and Last Week Tonight with John Oliver.

OUR VALUE PROPOSITION

Leon County Government leverages partnerships, embraces efficiency and innovation, and demands performance to the benefit of our taxpayers. We actively engage our citizens, not only as taxpayers but as stakeholders and co-creators of our community-providing meaningful opportunities to capitalize on their talents in making important decisions and shaping our community for future generations.
Leon County is an organization that rewards its employees for innovative ideas, teamwork, strategic processes, efficiency and the ability to achieve positive results. The I² (Innovator/Inspirator) Award conveys the value Leon County Government places on employee-led improvements that result in increased efficiencies, enhance or support the delivery of County services, reinforce Leon County’s relevance in the community and exemplify the County’s Core Practices in the workplace. Examples of such improvements include the following:

- **Office of Information Technology-Geographic Information Systems** identified spatial irregularities in fire services billing and secured $185,000 in new revenue, bringing equity to the billing of fire services and adding to the quality and efficiency by which Leon County operates.

- **Solid Waste county crews** used county-owned resources and equipment to identify a missing liner as part of the Leon County Solid Waste Landfill closure process, saving the county an estimated $262,518 in contractor costs.

- **Emergency Management** worked with Facilities to establish a county staging area for the pandemic response to COVID-19. Since its establishment, more than 1 million pieces of personal protective equipment (PPE) have been distributed to more than 110 health partners and first response organizations.

- **Library staff** located, evaluated and processed more than 40,000 items that had not circulated in the last 5 years and established new evaluation criteria which allowed for consolidation of service points, space for a Teen Area and enhanced patron interaction.

The I² Awards not only recognize employees, but also inspire others to continue reinforcing Leon County’s core practices in the workplace and raise the public’s awareness of Leon County’s relevance and services. Since its inception in FY 2015, the I² Employee Awards program has saved the County a total of $7 million, including $1.8 million in recurring costs and $5.2 million in one-time costs.
LIVING OUR CORE PRACTICES

Our Core Practices

Delivering the “Wow” factor in Customer Service. Employees deliver exemplary service with pride, passion and determination; anticipating and solving problems in “real time” and exceeding customer expectations. Customers know that they are the reason we are here.

Connecting with Citizens. Employees go beyond customer service to community relevance, engaging citizens as stakeholders in the community’s success. Citizens know that they are part of the bigger cause.

Demonstrating Highest Standards of Public Service. Employees adhere to the highest standards of ethical behavior, avoid circumstances that create even an appearance of impropriety and carry out the public’s business in a manner which upholds the public trust. Citizens know that we are on their side.

Accepting Accountability. Employees are individually and collectively accountable for their performance, adapt to changing conditions and relentlessly pursue excellence beyond the current standard, while maintaining our core values.

Exhibiting Respect. Employees exercise respect for citizens, community partners and each other.

Employing Team Approach. Employees work together to produce bigger and better ideas, to seize the opportunities and to address the problems which face our community.

Exercising Responsible Stewardship of the Community’s Resources. Employees engage in the continuous effort to create and sustain a place which attracts talent, fosters economic opportunity and offers an unmatched quality of life, demonstrating performance, value and results for our citizenry.

Living our “People Focused, Performance Driven” Culture. Employees have a structure in place to live all of this as our organizational culture and are empowered to help the people they serve.

We had two feral cats which we tried to capture so they could be spayed and released. Officer Walker showed up within 36 hours to show us how to set up traps and provided us with vouchers to cover the cost of spay and rabies vaccinations. Cara and her team epitomize compassionate professionalism and care deeply about providing the very best service they can.”

“On our usual walk to school, our five-year-old daughter suddenly collapsed on the sidewalk. The EMTs that arrived - Nichole, Jason and student trainee Emily - approached and set to work like professionals. When we arrived at the hospital, they waited with us to make sure we got checked in, and stayed with us until the nurse arrived. They made our first EMT and ambulance experience truly exceptional. We felt cared for, listened to and safe through the entire process.”

— A Leon County Citizen

“I wanted to let you know how much we, as parents of an incoming freshman FSU student, appreciate the county’s recent decision to require mask wearing in local businesses and to actually provide masks. Thinking about following through with plans for my daughter to attend college in Florida, with a daily infection rate many times higher, is gut wrenching. Knowing that the County is taking steps to help mitigate the spread of Covid-19 is encouraging.”

— Anne Akamatsu

“I called in a dead pine tree 100’ tall along Bull Headley Road that threatened one of our rental properties and motorists were it to fall without warning. In less than two hours an operations employee was inspecting the tree and the property lines to assure it was on the county ROW, and by 7 p.m. when I was headed home for the day the tree was on the ground, stacked neatly for pick-up. Your staff is doing a fabulous job, and I couldn’t let this experience go by without making a point of it.”

— Rod Moeller

Thank you Richard, Cristina, & everyone else at OEV for all you are doing for Tallahassee businesses during this very difficult time. We will all get through this and the community will remember that OEV was there to support them through this crisis. #TallyStrong

VISION
A community that is safe, healthy and vibrant.

MISSION
To efficiently provide public services which serve and strengthen our community.

Strategic Priorities
Leon County’s Strategic Priorities are high-level categories of focus in the County’s major areas of responsibilities: Economy, Environment, Quality of Life, and Governance. The priorities consider the County’s future in each area and are critical to the success of the community. As part of the strategic plan, these priorities inform every decision and every initiative made by Leon County.

STRATEGIC INITIATIVES
Leon County’s strategic initiatives are program- or area-specific projects that align with the County’s strategic priorities to serve and strengthen the community. In the FY2017-2021 Strategic Plan, the 75 strategic initiatives ensure that the optimized resources of the County are aligned to address the community’s most pressing issues and to achieve the County’s top priorities.

BOLD GOALS AND TARGETS
Bold goals are truly stretch goals that will be big and difficult to achieve, but are worthy of Leon County’s best efforts. Bold goals require the County to explore new partnerships, identify new opportunities, and inspire new ideas.

Leon County’s five-year targets are aligned with each strategic priority and will communicate to the public and staff throughout the County the specific results the County expects to achieve through the collective execution of the strategic initiatives. Achieving these five-year targets will demonstrate results, accountability, and the strength of long-term planning.

- (G3) Support the Complete Count Committee in educating the community and promoting the 2020 Census. (2020-13)
COVID-19 Pandemic – the County Attorney’s Office (CAO) has provided legal support on behalf of Leon County Government on significant matters related to the pandemic, including reviewing and providing legal counsel regarding compliance with the Florida Governor’s Executive Orders and preparing over 25 local proclamations declaring a State of Emergency. Office personnel has researched and worked with Administration staff to develop CARES Act funding grant agreements and associated contracts and documentation for use with vendors, area agencies, not-for-profits, local businesses, citizens and local government entities receiving funds for qualifying projects, goods and services. Office personnel also worked with County staff to apply the Families First Coronavirus Response Act provisions within Leon County Government and develop policies and procedures to address pandemic-related issues impacting County personnel. Additionally, the Office has researched several major issues related to holding virtual local government workshops, meetings and hearings, the County’s ability to enforce contracts during the pandemic and the ability to adopt emergency ordinances.

Further, Office personnel researched and provided information to the Board related to face mask and covering requirements in different parts of the state, and subsequently successfully defended the Board’s adoption of its Emergency Ordinance requiring face coverings in certain circumstances in Evan J. Power v. Leon County. On July 27, 2020, the Court entered a Final Judgment in favor of the County, finding that Leon County Ordinance 20-15 does not violate any constitutional right of the Plaintiff and denying Plaintiff’s request for injunctive relief. The Plaintiff has filed an appeal.

The County Attorney’s Office has been involved in various other litigation, including:

- **Advon Corporation v. Leon County** – CAO continues to defend the County against allegations that the County breached the contract for construction and modification of the medical examiner facility located on Appleyard Drive. The County’s Motion to Dismiss is pending.

- **Broward County v. State of Florida** – CAO continues to represent the County as a Plaintiff in the firearms preemption litigation wherein the Plaintiffs challenge the penalty provisions in the Florida Statutes, which allow any individual who enacts or causes to be enforced a preempted firearm regulation to be sued and/or removed from office by the Governor.

- **Kane County, Utah v. United States** – CAO joined this class action lawsuit on behalf of the County, which sought to recover monies that the court determined the Federal government owed each class member for the underpayment of its Payment in Lieu of Taxes (PILT) Act during the 2015, 2016, and 2017 fiscal years; the County was awarded $5,568.

- **Leon County vs. AmerisourceBergen Drug Corporation, et al.** – CAO continues to work with outside counsel on representing the
County in the opioid litigation, wherein a multi-part complaint has been filed alleging the manufacturer defendants’ false, deceptive and unfair marketing of opioids, as well as the distributor defendants’ unlawful distribution of opioids.

- **Leon County vs. J-II Investments, LLC and Petrandis** – CAO continues to successfully defend the County in the various cases involving this matter, which began as a code violation in 2003, with the most recent Court Judgment in January 2020, holding that the County holds a valid lien in the amount of $491,248.60 and authorized foreclosure of the subject property to recoup a part of the lien. Although the County was the successful bidder at the foreclosure sale in March 2020, the sale has yet to be finalized due to the Defendants’ timely filed objections which remain pending with the Court. The Office also has successfully defended against the numerous objections filed by the Defendants seeking to prevent the County from obtaining fact information sheets and depositions from the Defendants in aid of the County’s efforts to fully collect on its Judgment lien. In addition, the Defendants appealed the January 2020 Judgment to the First District Court of Appeal, which is currently being briefed by the parties and will continue to be defended by the Office until the Court reaches its decision.

- **Leon County v. Lakeshore Gardens Homeowners’ Association and Leon County v. Lakeshore Estates Homeowners Association, Unit 10** – CAO successfully acquired the drainage and utility easements needed for the construction of the Meridian Road Crossdrain Project with the filing of two eminent domain lawsuits, each of which involved addressing the easement rights in the HOA common area held by the 140 homeowners in those subdivisions.

- **Leon County v. Williams, Williams and Pearl in the Wild** – CAO continues to represent the County in seeking a declaratory judgment and supplemental relief, including injunctive relief, to prohibit the Defendants from operating an event venue in violation of the Leon County Code of Laws. This case is pending in the discovery phase.

- **Nielsen, et al. v. DeSantis, et al.** – CAO represented the Leon County Canvassing Board, with the approval of the Board of County Commissioners, in three cases alleging multiple laws and practices governing mail-in voting burdens and disenfranchises voters and requesting injunctive and declaratory relief against the State and all Florida Supervisors of Election and Canvassing Boards. These cases were settled prior to trial at no cost to the Canvassing Board and no additional obligations imposed.

- **Taylor v. Leon County** – CAO successfully defended a challenge to the County’s interpretation of the height and size limitations within the Bradfordville Commercial Services zoning district.

- **Weihammer v. Leon County** – CAO defended a Complaint for Writ of Mandamus filed in circuit court, regarding the County’s denial of an application for a building permit associated with proposed residential construction and alleged public records law violation. This matter was settled.

- **Yanes, et al., v. O.C. Food & Beverage, LLC, et al.** – CAO assisted with the amicus brief filed by Orange County and City of Miami Beach, joined in by an additional 18 other counties and cities, in support of the Appellants/Plaintiffs who sought to overturn an adverse Court ruling finding the Orange County Human Rights ordinance unconstitutional. A favorable ruling was issued on June 24, 2020, reversing a 2019 ruling by the Orange County Circuit Court which declared the Orange County Human Rights Ordinance unconstitutional. It is important to note that the Orange County Human Rights Ordinance is essentially a verbatim copy of the Leon County Human Rights Ordinance adopted by the Board in May 2010.

- **Ordinances/Resolutions** – CAO also reviewed and/or prepared more than 20 ordinances that were subsequently adopted by the Board, including significant revisions to the Code of Ethics, the Animal Control and Urban Agriculture Ordinances, the Land Development Code, an ordinance establishing a new syringe exchange program, and those regulations relating to communications facilities and utility poles within the public rights-of-way. In addition, the CAO reviewed and/or prepared more than 30 resolutions that were also adopted by the Board, including a resolution supporting the work of a local citizens task force in their efforts to remove racially restrictive language in all residential recording instruments on real property in Leon County, a resolution authorizing the County Administrator to execute the Cares Act Funding Agreement with the State of Florida, Division of Emergency Management, and a resolution authorizing the exercise of Leon County’s eminent domain power to acquire property for the Meridian Road Crossdrain Project.

- **Public Records Requests** – During the past twelve months, more than 230 public records requests have been processed through the CAO covering a wide range of matters.

- The CAO also continues to be active in efforts to keep the County’s lakes clean and has worked diligently with the Florida Department of Environmental Protection and the U.S. Environmental Protection Agency to reduce nutrient levels coming into Lake Talquin from Georgia.

On September 6, 2019, JJ Grey & Mofro returned to Tallahassee-Leon County to a sold-out concert at the Capital City Amphitheater to open the 2019 FSU home football season weekend. From the days of playing local juke joints to headlining major festivals, the American Southern Soul Rock Band JJ Grey & Mofro remain unfettered, blissful performers, singing with a blue-collared spirit over the bone-deep grooves of JJ Grey’s compositions. JJ Grey & Mofro performed the first concert of the season; later concerts included Boyz II Men, Third Eye Blind and Dennis DeYoung.
Leon County continues to grow citizen involvement and engagement through its commitment to programs that help shape our community like the Library Lecture Series, Citizen Engagement Series and the Club of Honest Citizens.

This past year, the Leon County Library Lecture Series featured diverse speakers that engaged and inspired individuals of all ages both in person and virtually. Acclaimed New York Times bestselling author Jeff VanderMeer led an in person reading and exploration of his popular novel “Borne,” while discussing the nature and rich biodiversity of Tallahassee-Leon County and how we can keep it that way. After this successful Library Lecture, VanderMeer led a virtual Q&A hosted by the Library via social media as part of the Big Read.

Local Motown musician and rising music star from NBC’s The Voice, Royce Lovett, struck a chord during a packed live performance at the Main Library. His performance of “Love & Other Dreams” took attendees on a personal, literary and musical journey of his life.

As part of the Club of Honest Citizens program, this year’s fourth annual Created Equal entitled “Created Equal: 60th Anniversary of the TLH Lunch Counter Sit-ins,” commemorated the first Tallahassee-Leon County lunch counter sit-ins held on February 13, 1960. Through an evening of stories and lived experiences told by members of our own community who led and actively participated in the Tallahassee-Leon County organized lunch counter sit-ins in protest of segregation, panelists provided a firsthand understanding of the experiences they faced as they advocated for civil rights under the law. Over 500 attendees engaged in meaningful conversations seeking to answer the question: are we sitting together now?

This year also marked the fifth annual Longest Table event in partnership with the City of Tallahassee and The Village Square in which nearly 500 individuals gathered together at one long, continuous table along Duval street to share a meal and engage in heartfelt conversation about their vision for the community. The success of this event has gained widespread attention as other cities, universities and schools throughout the nation have been inspired to replicate this civic enrichment in their own communities.
History happens one person at a time.

EXERCISING RESPONSIBLE STEWARDSHIP OF THE COMMUNITY’S RESOURCES

- Balanced the FY 2021 budget ($280.6 million), a 2.32 percent increase from last year’s budget, without raising the current millage rate of 8.3114 mills for the ninth year in a row. Estimated revenue losses for both FY 2020 and FY 2021 approximately total $17 million.

- The Fiscal Year 2021 budget continues to maintain core services and the community’s infrastructure, a few highlights include:
  - No property tax rate, fee or special assessment increases, no layoffs or furloughs and no new general revenue positions.
  - No change in either the Countywide Millage Rate of 8.3144 mills or the 0.5 EMS MSTU with an increase in property values of 6.78% Countywide; Total estimated ad valorem collections increased by $9.2 million.
  - Increased use of General Fund balance ($283,810) at $1.84 million to balance budget. This is below the $5.0 million used during the peak of the recession.
  - Supported the Leon County Sheriff’s Office by funding two new positions, a Training and Wellness Specialist and an IT Analyst in addition to $900,000 in capital improvements for the Sheriff’s Evidence Warehouse project.
  - Ensured $287,000 in parks infrastructure funding for Apalachee Regional Park to host the 2021 NCAA National Cross Country Championship.
  - Approved an energy savings contract for $17 million to pay for the replacement of outdated and energy inefficient capital equipment. The project will be funded through related energy savings over the life of the new equipment.

Leon County ranks second (tied with Lake County), with a ratio of 6 employees for every thousand County residents.

Leon County spends the least dollars per county resident of all like-sized counties. The next closest County’s net budget per capita is 17% higher than Leon County’s (Lake County). St. Johns County spends more than two times the amount per resident than Leon County does.

PAST PROGRESS PROJECTED
DID YOU KNOW?

- Leon County citizens pay among the lowest in the state per person to operate their local County government.
- Leon County’s Fiscal Year 2021 budget is still $3 million less than the Fiscal Year 2008 budget.
PRESERVING LIFE. IMPROVING HEALTH. PROMOTING SAFETY.

- Celebrated 17 years of dedicated service to the community and responded to over 45,000 calls for service in FY20, leading the industry in setting the standard for emergency care.
- Continued to provide specialized services through Critical Care Transport, Tactical Medical, Highly Infectious Patient Transport and Special Operations teams.
- Continued to improve the chances of survival following a cardiac arrest event by advocating for the integration of Automated External Defibrillators (AEDs) and conducting Cardio-Pulmonary Resuscitation (CPR) training through the Heart Ready initiative.
  - Over 700 citizens have received training in CPR and AED use and 1,206 public access AEDs in the community are registered with EMS.
- Completed a research study that appeared in Prehospital Emergency Care and was accepted by the National Association of EMS Physicians. The study was based on 1728 cardiac arrests over a 6-year period and looked at the effectiveness of advanced airways used by paramedics when treating a patient suffering from cardiac arrest. Results found:
  - Endotracheal Tube Intubation (ETT) use during cardiac arrest had improved Return of Spontaneous Circulation (ROSC) when compared to Supraglottic Airway Devices (SGA).
- Continued to participate in national Cardiac Arrest Registry for Everyone program which collects and analyzes EMS and hospital data to improve cardiac arrest outcomes.

- Continued a partnership with the University of Florida to research advances in pre-hospital emergency pediatric patient care.
- Hosted 110 public education events during the year and trained 370 citizens in Stop the Bleed techniques.
- Partnered with Safe Kids Big Bend, a national organization committed to working with families and communities to keep children safe from unintentional injuries, through the Community Centric Injury Reduction program.

DID YOU KNOW?

The EMS Critical Care Transport Team became the first ground-based team in the country to have 100% of its members credentialed as Certified-Critical Care Paramedics by the International Board of Specialty Certification. This assures that critically sick and injured patients that require ambulance transport from one hospital to another get the best care possible during the transport.
Conducted over 50 child safety seat inspections and installations at the Public Safety Complex as well as at health and safety fairs throughout the community through the Child Passenger Safety Seat program.

Presented Leon Lifesaver at over 20 community events and continued to participate in safety initiatives:

» Partnered with Leon County Schools and supported the Safe Routes to School program by providing a bike trailer, equipment and medics to promote bicycle use and transportation measures as well as safety education to the schools and the community.

» Participated in Operation Spring Break, an anti-drunk driving and anti-distracted driving program for high school-aged teenagers in cooperation with community partners.

Partnered with the Capital Area Healthy Start Coalition to teach 140 new mothers CPR and AED use to prevent, recognize and respond to cardiac, respiratory, choking and sleep-related emergencies.

Continued public information efforts to build public awareness of EMS excellence and attract a talented workforce:

» Posted position information, employee highlights, safety tips and more and achieved a 41% gain in growth over the last year on the EMS Facebook page.

» Created a new recruitment website and implemented new outreach strategies to attract paramedics.

» Partnered with Tallahassee Community College and first responder agencies to develop a program to award scholarships to students enrolled in TCC public safety programs.

RESPONDING TO COVID-19

» Worked with the Consolidated Dispatch Agency to implement 9-1-1 caller screening protocols to identify callers as possible COVID-19 positive, allowing first responders to take appropriate personal protective measures.

» 1,814 responses to COVID-19 related calls (March 15 – August 27, 2020)

» Implemented a specific sentinel data monitoring and analysis system to monitor data for indicators of COVID-19 infection.

» Implemented a member monitoring program to identify paramedics at risk for COVID-19 infection.

» Initiated mandatory surgical mask or N95 respirator use by EMS members on all responses and required patient and family mask use since early April.

» Responded to Florida Department of Health missions for the County’s Highly Infectious Disease Transport Network team to assist state assets in mitigating COVID-19.

» Worked with Emergency Management, Florida Department of Health in Leon County and local hospitals to develop a plan for medical surge and developed and deployed a Rapid Alternative Response system to assist in decreasing demands on the healthcare system.

» Provided paramedic assistance at community testing sites.

» Created a CPR Home Addition training program and distributed training materials to encourage citizens to become educated in CPR lifesaving techniques.
Mission Statement
To be an essential resource and place for learning, engagement and innovation that provides for our community’s changing needs.

Strategic Initiatives

QUALITY OF LIFE

- Added 45% more devices to meet patron demand in the Mobile Hotspot Lending Program, allowing patrons to access high-speed internet service at home or on-the-go (Initiative #2016-35).
- Continued to implement the Leon County Essential Libraries Initiative (Initiative #2020-9).

LEARN. ENGAGE. INNOVATE.

- Began work on the Essential Libraries Initiative to re-envision the County’s libraries to address the changing needs of County residents and usage trends throughout the library system.
- Served over 1,200,000 customers through the Library System and managed nearly 1,400,000 checked out materials in FY 20, including print, DVD, audio, e-books, computers and more.
- Increased e-book and audiobook downloads by 40% to over 172,000 total downloads.
- Introduced a convenient Online Library Card Registration System to allow for instant access to electronic resources through the Library’s website and the Leon County Library mobile app.
- Expanded support of students by qualifying all enrolled in educational institutions located in Leon County for free library cards.
- Held the third Big Read, a community-wide reading and topical exploration program for the third time with grant funds awarded by the National Endowment for the Arts.
- Added a collection of 76 “LaunchPad” tablets with pre-loaded educational games and activities for ages 3-5, to promote kindergarten readiness through a grant awarded by the Panhandle Library Access Network.
- Presented the sixth spring and fall Seed Library in cooperation with Leon County Cooperative Extension Services in which users checked out over 20,000 sample-sized packets of seeds with instructions for effective cultivation.
- Completed a successful fifth year of the Leon County Library Lecture Series, offering two varied and informative sessions:
  - Royce Lovett, “Love & Other Dreams”; 174 attendees enjoyed Lovett’s music and personal narrative on January 16, 2020, at the Main Library.
  - Jeff VanderMeer, “The World of Borne... and Our World”: More than 225 attended this inspiring lecture on February 6, 2020, at the Main Library.
- Hosted U.S. Census regional training for enumerators.
Designated as “Safe Place” locations for young people under the age of 18 in need of immediate help and safety by the National Safe Place Network.

**RESPONDING TO COVID-19**

- Initiated 96-hour quarantines for all returned books, movies and other items to ensure safety of handling by staff and other patrons.
- Introduced curbside pickup in Phase 1 of the Reopening Plan to provide safe, contact-free access to reading materials and movies.
- Instituted measures for safe use at all libraries, including: social distancing indicators, one-way aisles, appropriately distanced computers, self-service holds, pickup and self-checkout, as well as time-limited access to buildings in Phase 2 of the Reopening Plan.
- Distributed more than 225,000 free cloth masks to citizens.
- Initiated extended computer access appointments for unemployment benefits filing, job searches and online interviews.
- Answered more than 2,500 informational questions and provided technical guidance in downloading e-books and more by telephone and email during the Safer-at-Home order.
- Purchased 1,400 new e-books for both adults and children and doubled the number of Kanopy movie checkouts allowed per card to ensure a variety of digital materials for cardholders to enjoy.
- Developed the “Always Open” web page as a one-stop-shop for electronic resources.
- Worked with online information providers to add access to upwards of 25 educational resources for all ages.
- Worked with local U.S. Post Office managers to place federal tax forms and instruction booklets in publicly accessible locations while the libraries were closed.
- Hosted over 120 virtual events with an average of 30 per month, including storytimes, craft classes, book clubs and sing-a-longs to provide citizens with family-friendly activities during the pandemic.
- Created an eight-week virtual summer program for children and families featuring classic tales and thematic weekly take-home activities via “Adventure Bags.”
- Distributed more than 225,000 free cloth masks to citizens.
- Initiated extended computer access appointments for unemployment benefits filing, job searches and online interviews.

Mission Statement
To protect our community by coordinating and integrating all activities necessary to build, sustain and improve resilience so as to mitigate against, prepare for, respond to and recover from man-made natural disasters.

Strategic Initiatives

GOVERNANCE

- Partnered with the Federal Alliance for Safe Homes (FLASH) to become the nation’s first #HurricaneStrong community initiative (Initiative #2017-11).
- Implemented all 133 recommendations for improvement in emergency management identified in the Hurricane Irma and Hurricane Michael After-Action Reports (Initiative #2017-14 and #2018-14).
- Developed an emergency management plan for controlled release of water at the Lake Talquin Dam (formerly C. H. Corn hydroelectric dam) (Initiative #2018-13).

DISASTER PREPAREDNESS, RESPONSE & RECOVERY

- Emergency Management directs the Emergency Operations Center (EOC) to plan for and coordinate disaster response activities.
  - Activated the EOC to coordinate the response to COVID-19 for 173 continuous days as of September 1st, the longest activation in the County’s history.
  - Hosted separate training courses for 120 local and regional emergency responders to build and enhance their emergency response skills.
- Over the last year, to ensure Leon County is prepared and resilient for any disaster, Emergency Management:
  - Reviewed emergency plans for 48 healthcare facilities and conducted public education and outreach programs for community groups.
  - Hosted a virtual Build Your Bucket Event with the City to enhance community disaster preparedness and provided over 200 disaster supply kit buckets to citizens of vulnerable populations in coordination with Ability1st and Elder Care Services.
- Received 159,759 emergency calls during this past year to the Leon County Enhanced 9-1-1 System. Of these calls, over 137,000 were from wireless devices, over 13,000 were from landline devices and over 8,100 were from VoIP devices.
  - Processed over 170 Master Address Street Guide updates.
  - Responded to over 900 requests for 911 records.

DEMONSTRATING HIGHEST STANDARDS OF PUBLIC SERVICE

NACo Achievement Award in the category of Risk and Emergency Management for #HurricaneStrong Partnership.

DID YOU KNOW?
The Emergency Operations Center (EOC) was activated on March 10, 2020 to respond to COVID-19 and has been active for 173 consecutive days, the longest in County history. The previous longest activation was 8 days for Hurricane Michael.
COVID-19: RESPONDING TO THE PANDEMIC

For three years straight, Leon County was tested by powerful hurricanes, and each year, the County team and its many community partners rose to meet the challenge. Leon County applied the lessons learned from previous hurricanes to coordinate the County’s response to COVID-19, which became the largest and longest emergency management activation in Leon County’s history.

Beginning on January 21, County Emergency Management staff began close coordination with the Florida Department of Health and other healthcare experts to plan for and respond to COVID-19. On Tuesday, March 10, at 8 a.m., Leon County activated the Emergency Operations Center by request of the Florida Department of Health in Leon County to assist in convening agencies, providing coordination and aligning public information efforts. On Monday, March 16, Leon County declared a local state of emergency.

- Activated the Emergency Operation Center for more than 173 days and continued to support the Florida Department of Health and its Joint Information Center.
- Distributed more than one million pieces of personal protective equipment (PPE) to fulfill requests from local hospitals and long-term care facilities.
- Resourced more than 113 facilities in critical need throughout our community through the County’s local staging area.
- Convened more than 305 different conference calls with 6,550 diverse participants across every discipline and continued regional efforts to build hospital capacity in coordination with public health officials.
  - Convened regular coordinating calls with K-12 schools, universities, healthcare and emergency response representatives to ensure continuity of operations and information exchange.
  - Worked with medical experts to develop a regional medical surge plan.

- Received and disseminated information from regular statewide and local briefings on the developing situation.
- Coordinated joint information and messaging conference calls to ensure accurate, vetted and unified messaging on COVID-19 and disease transmission.
- Prepared for scenarios to convene additional responding agencies at the Emergency Operations Center to assist health experts in coordinating any public health emergency response, similar to the efforts before and after a natural disaster.
- Provided expert operational guidance across 18 different emergency support functions in support of the Florida Department of Health in Leon County’s operations and response.
- Established the Local Homeless COVID-19 Planning Task Force with The Big Bend Continuum of Care and other organizations to address planning and coordination needs related to CDC interim guidance for homeless shelters.
Mission Statement
To improve animal and human well-being through education, prevention and enforcement programs and humane animal care and control services for the citizens and animals of Leon County.

Strategic Initiatives

QUALITY OF LIFE
- Continued to improve pet overpopulation by engaging vested community partners in the implementation of spay and neutering strategies (Initiative #2016-33).

PROTECTING LEON COUNTY’S ANIMALS & CITIZENS

- In order to continuously provide for the safety and well-being of both citizens and domestic animals, Animal Control staff has:
  - Maintained the online Animal Abuser Registry to address animal abuse and raise public awareness of animal neglect, logging nearly 2,000-page views since its launch.
  - Educated residents about responsible pet care and animal safety by participating in 10 outreach events including HOA meetings, localized community safety fairs, dog park openings and community pet adoption events and handing out over 124 spay and neuter vouchers.
  - Performed 1,110 preventative maintenance services in-house.
  - Educated pet owners on Leon County’s Animal Ordinance and provided loaner dog houses to pet owners.
  - Rescued more than 300 pets and ensured more than 38 lost pets were returned home.
  - Provided more than 100 leashes to help people and pets stay active through quality time outdoors.
  - Continued to implement strategies that allow Animal Control Officers to return animals to their owners, eliminating the need to take animals to the shelter.

- Animal Control staff is committed to serving the community and decreasing the number of animal bites. During the year, staff:
  - Fielded over 9,000 phone calls resulting in over 2,900 service requests and over 3,900 Animal Control Officer responses.
  - Responded to over 250 service requests for inhumane care, resulting in the issuance of citations and referrals to the Leon County Sheriff’s Department for pursuit of criminal charges.
  - Investigated over 232 dangerous or aggressive animal complaints.
Goal Statement
To guide the City and County’s economic development efforts in coordination with the private sector and community stakeholders by fostering fair and open competition, conducting extensive outreach to assist businesses in navigating and competing in today’s marketplace and leveraging existing resources to maximize the infusion of financial capital to the local economy.

Providing Critical Assistance to Those Impacted by COVID-19

Approved by the Leon County Board of County Commissioners in July 2020, the Leon CARES program uses up to $51.2 million in federal dollars to fund essential public health and safety expenditures related to COVID-19 including enhanced testing and contact tracing, addressing food insecurity, direct assistance to individuals experiencing financial hardship, a variety of human service needs, critical economic relief to the local business community and direct COVID-related costs incurred by the County, Constitutional and Judicial Offices and the City of Tallahassee.

Through Leon CARES funding, the County is able to:

- Support a significant expansion of our community’s testing and contact tracing capabilities in partnership with local primary healthcare providers.
- Establish four new dedicated contract tracing teams and continued to support contract tracing efforts, allowing for tracing of 600 cases per week and 1,920 contacts per week.
- Continue to ensure that partners of the County’s Primary Healthcare Program have the necessary resources to serve the medical needs of low-income residents.
- Fund and reimburse direct COVID-19-related costs incurred by the County, Constitutional and Judicial Offices and the City of Tallahassee.
- Provide local human service agency assistance and funds to support the following community programs: public health, food insecurity, homelessness and childcare support.
- Dedicate funding to provide direct emergency financial relief for individuals and families, support for community-wide social service needs and assistance to local businesses throughout Leon County (including within the City of Tallahassee) to stimulate economic recovery.

Individuals, Small Business and Community Assistance

To meet critical community needs during the COVID-19 pandemic, on Monday, August 17, 2020 the County opened its Leon CARES online portal to distribute millions of dollars in direct assistance to those in Tallahassee-Leon County impacted by COVID-19.

Individual Assistance

The Leon CARES Individual Assistance Program provides assistance to Leon County households (including households within the City of Tallahassee) experiencing financial difficulty due to COVID-19. Eligible households may receive up to $3,000 in one-time assistance to support past-due rent, mortgage and utility bills. The funds are provided directly to the landlord, property manager, mortgage company or utility company on behalf of eligible applicants.

Small Business Assistance

The Leon CARES Small Business Grant Program seeks to drive economic recovery and put citizens back to work by investing $7.5 million in the restart, relaunch and reopening of local businesses impacted by COVID-19. The Small Business Grant Program provides financial support to approximately 3,100 qualifying small businesses located in Leon County (including businesses within the City of Tallahassee) to cover business expenses directly related to COVID-19, including business relaunch costs and COVID-19 safety costs through a one-time payment of up to $8,500.

Local Human Services Agencies Assistance

The Leon CARES Local Human Services Assistance Grant Program dedicates $2 million in funding to human services nonprofit organizations for unanticipated programmatic and operational expenses incurred due to COVID-19. Available funding will provide up to $20,000 of one-time assistance to nonprofit organizations that provide or intend to provide human service in Leon County in response to COVID-19.

» Established expedited protocols for the processing of Leon CARES payments.
Mission Statement
To provide information to the Courts which support judicial custody release decisions and provide alternatives to incarceration to persons accused of crimes and offenses, improve their ability to live lawfully and productively in the community, enhance the overall administration of justice and support community safety and well-being.

Strategic Initiatives

QUALITY OF LIFE

○ Participated in the MIT Sloan School of Management USA Lab to explore opportunities to further enhance re-entry efforts (Initiative #2020-11).

○ Continued to evaluate the effectiveness of existing County supported re-entry programs, explore other opportunities to further enhance re-entry efforts, and work with the Supervisor of Elections to assist former felons with registering to vote (Initiative #2018-11).

○ Identified and evaluated pretrial alternatives to incarceration for low level and non-violent offenders through regional partnerships and state and national efforts, including data-driven justice initiatives (Initiative #2017-30).

COURT SERVICES, CASE MANAGEMENT & COMMUNITY SERVICE

▶ Maintained an average monthly caseload of 1,566 County probationers and Supervised Pretrial Release defendants and recovered approximately $28,000 from probationers for crime victims through court-ordered restitution.

▶ Performed more than 6,175 criminal history reviews and demographic assessments on new arrestees to assist the court in making release decisions.

▶ Administered more than 16,100 court-ordered drug and alcohol tests and collected more than $126,170 for testing services.

▶ Continued to implement initiatives to manage the jail population and reduce recidivism through cooperation with the Leon County Public Safety Coordinating Council, comprised of the State Attorney, Public Defender, Courts, Leon County Sheriff and Tallahassee Police.

▶ Assisted Apalachee Center Inc. in the application process to secure funding through the Criminal Justice, Mental Health and Substance Abuse Reinvestment Grant.

▶ Participated in the MIT Sloan School of Management USA Lab to explore opportunities to further enhance re-entry efforts in the community.

▶ Through video interviews with more than 50 community agencies and local advocacy groups, MIT students gained an understanding of our local re-entry ecosystem and assisted County staff in identifying a service model that addresses the needs of individuals transitioning from incarceration.

▶ Expanded efforts to inform citizens of Amendment 4, allowing individuals convicted of a felony to have their voting rights restored, in partnership with the Supervisor of Elections (SOE).

▶ Implemented a process to conduct interviews and assessments with arrestees via telephone in lieu of in-person meetings to minimize exposure risk, enabling the safe continuation of critical defendant information in determining appropriate release options and conditions for individuals in pretrial custody.

▶ Transitioned to telephone and video conferencing appointments with pre and post sentence offenders to continue monitoring compliance with court-ordered conditions.

▶ Ensured continuation of critical community services by local agencies through the continued administration of court-ordered urinalysis and alcohol testing.

EMPLOYING TEAM APPROACH

A Core Practice of Leon County Government

Employees work together to produce bigger and better ideas to seize the opportunities and to address the problems which face our community.
OUR VALUE PROPOSITION

What You Get as a Taxpayer and a Stakeholder in our Community

Leon County Government leverages partnerships, embraces efficiency and innovation, and demands performance to the benefit of our taxpayers. We actively engage our citizens, not only as taxpayers, but as stakeholders and co-creators of our community – providing meaningful opportunities to capitalize on their talents in making important decisions and shaping our community for future generations.
