RE: Bid Title: Request for Proposals for NG 9-1-1 System
Bid No: BC-01-11-12-25
Opening Date: Wednesday, January 11, 2012 at 2:00 PM

ADDENDUM #1

Dear Vendor:

This letter serves as Addendum #1 for the above referenced project. The following questions were received and the answers follow.

1. Section 3.5.5 of the RFP has a requirement for vendors to provide two onsite staff members who are capable of performing system maintenance during warranty & maintenance periods of the contract. The requirement states that these personnel be onsite eight hours per day during normal business hours. Since Motorola has service personnel already positioned in Tallahassee who are capable of responding to the needs of the system, is it acceptable to you that these personnel be onsite within 30 minutes of your request rather than physically being inside your facility eight hours per day?

Answer: It is required for personnel to be on site.

2. Can you please advise if the county is still running the CML ECS1000 selective routing program?

Answer: Yes.

3. Is it your intention to publish all written questions and answers each vendor may ask? If yes, when do you anticipate publishing this information?

Answer: Questions will be answered via addendum as necessary.

4. Will you please provide the dollar amount Leon County has budgeted for this NG911 system?

Answer: No budget has been established at this time.
