ABOUT LEON COUNTY

Leon County was named after the Spanish explorer Juan Ponce de Leon. He was the first European to explore Florida in 1513 in search of the “Fountain of Youth” and named the state after the Spanish word for “flowery.”

Leon County is home to Florida’s capital, Tallahassee, which was established in 1824. Legislative and executive offices, the State House and Senate chambers are located here. As a political subdivision of the state, the County is guided by an elected, seven-member Board of County Commissioners.

Five members of the Board are elected to serve specific commission districts and two members are elected at-large. Leon County is a Council-Manager form of government, and the County Administrator is appointed by the Board to oversee all functions, directives and policies. Florida Statutes, Chapter 125, establishes the powers and duties of the County Commission and the County Administrator. As of November 12, 2002, Leon County is governed by a Home Rule Charter.

This document fulfills the annual reporting requirements of Chapter 125.74, Florida Statutes and Sec. 2-501(1), Leon County Administrative Code. 1,500 copies were printed for community distribution at a cost of \$9,776.39.

This publication is printed on paper sourced from certified renewable forestry operations and is 100% recyclable.

ALIGNING BOARD PRIORITIES WITH OPTIMIZED RESOURCES

PEOPLE FOCUSED. PERFORMANCE DRIVEN.

VINCENT S. LONG

County Administrator

(850) 606-5300 | LongV@LeonCountyFL.gov

Vince Long has worked for Leon County since 1995 and was appointed County Administrator by the Board of County Commissioners in 2011. As the County government's Chief Executive Officer (CEO), he provides fiscal, strategic and operational leadership to the organization, as well as professional analysis and implementation of the Board's policies. He holds a Master of Public Administration (MPA) from the Askew School of Public Administration and Policy at Florida State University and is a graduate of the Harvard University, JFK School of Government Institute for Senior Executives in State and Local Government. Vince is a Credentialed Manager by the International City/County Managers Association (ICMA), and in 2022, earned the ICMA Award for Career Excellence, the highest honor for a local government CEO internationally. He serves on the Board of Directors and is a past President of the Florida Association of County Managers, serves on the Board of Directors for the Florida Association of Counties Institute for County Government, and serves on the Florida Trust Board of Trustees. A graduate of Leadership Tallahassee and Leadership Florida, Vince is a leader in many community and professional organizations. He also serves on the Advisory Council and is a regular lecturer at the Askew School, and has been featured in national media and publications for his expertise in local government issues.

2025 YEAR IN REVIEW: INVESTING IN COMMUNITY, BUILDING FOR TOMORROW

In 2025, Leon County continued to make great progress and serve our citizens while embracing big challenges and always striving to set the standard for performance, fiscal stewardship, and best practices for local governments everywhere.

The 2025 Annual Report highlights Leon County's commitment to investing in infrastructure, creating places for people and businesses to thrive, and advancing innovation through co-creation — all of which makes our County one of the best places anywhere to live, work, and play.

And we did this and so much more in 2025, staying focused on our ambitious targets and bold goals for the organization and the community, including growing our local tourism economy, addressing pressing issues like affordable housing, protecting our precious environment, and so much more.

LIVING OUR CULTURE, SHAPING OUR COMMUNITY

This annual report to the Board of County Commissioners and our citizens demonstrates our focus on the County's clear vision to have a community that is safe, healthy, and vibrant. And a mission to provide essential public services which serve, shape, and strengthen our community. Our dedicated employees at Leon County take special pride in our community. We are your neighbors, friends, and family who rebuild roads, respond to emergencies, protect our natural resources — and just might coach your child's team. This connection to the community we serve drives us to go above and beyond in delivering necessary services each day, critical response when disaster strikes, and lifesaving care in times of emergency.

While addressing the critical needs of our community, we stayed focused on protecting and improving water quality in the Southside by leveraging more than \$60 million for septic-to-sewer projects, removing more than 700 septic tanks, and investing \$1.6 million to revitalize the Lake Munson Slough embankment. At the same time, throughout the County, we managed and maintained more than 600 miles of roads and nearly 700 miles of stormwater ditches to keep people and neighborhoods safe.

St. Marks Headwaters Greenway Buck Lake Trailhead opening

Lake Bradford Apartments Groundbreaking

From pipes and pavement to parks and public spaces, Leon County raised the bar with more than 100 new acres of green space, adding to the County's 3,400 acres of parks and nearly 50 miles of trails. We also delivered significant projects this year, including transforming the Old Concord School into the new Miccosukee Community Center, opening the County's largest dog park at Apalachee Regional Park,

and completing new segments of the St. Marks Headwaters Greenway. Additionally, we enhanced safety and connectivity with 18 new street-lighting projects, 15 bus stop lighting upgrades, and nearly 20 miles of new greenways, trails, and bike lanes this year alone.

With that same dedication to ensuring our community's brightest future, Leon County expanded access to affordable housing, which is the bedrock for economic stability, health, and opportunity for everyone. In 2025, the County increased annual gap financing to \$500,000 to invest in affordable rental housing projects. This builds on the \$5.8 million in direct funding and \$183 million in bond financing we've invested over the past five years, which will ultimately result in more than 1,200 new affordable rental homes to our community. We've accomplished this while also advancing the County's commitment to veterans, helping them and their families secure more than \$40 million in earned benefits this year alone.

From our commitment to fiscal stewardship to our nationally recognized programs, the men and women of Leon County Government have a lot to be proud of in 2025 as they continued to drive performance and deliver results to our citizens.

ENGAGING CITIZENS AS CO-CREATORS

This year, we continued to engage the community by building connections with each other through innovative initiatives and programs. With this commitment, we held our annual 9/11 Day of Remembrance and Service, honoring the victims, survivors, and others who rose in service in response to the tragic events of September 11, 2001. During this year's event, more than 70 County employees and community volunteers came together to revitalize and beautify five homes in the Appaloosa Run neighborhood.

9/11 Day of Remembrance and Service

Created Equal: The Rhythm & Resilience of Black Music

We held important conversations about race by engaging hundreds of citizens through our award-winning Created Equal program. Featuring a panel of academic experts, historians, and community members, the program explored the rich history of Black music and how it serves as a living chronicle of the Black experience.

Recognizing that the key to a strong community is equipping citizens with the skills necessary to compete in the growing and changing skilled job market, Leon County held the annual Leon Works Expo to introduce students to local skilled workforce opportunities. Since launching in 2015, the Leon Works Expo has connected more than 8,000 high school students with more than 600 local employers, academic institutions, and workforce development organizations.

As a premier destination in the South, 2025 was another record-breaking year for our local tourism economy. From concerts and festivals to sporting events and more, local tourism generated more than \$1.3 billion in economic impact and more than 2.4 million visitors. The County also delivered our most successful concert lineup yet, welcoming more than 25,000 to the Adderley Amphitheater, and supported nearly 300 community events — all during the Tallahassee-Leon County Bicentennial that brought our community together to celebrate our history and progress.

This momentum sets the stage for 2026, when Leon County will welcome the world to Apalachee Regional Park for the 46th World Athletics Cross Country Championships, marking the event's first return to the United States in more than 30 years. With more than 550 elite athletes from 60 countries and 10,000 spectators from across the globe, the championships will generate an estimated \$4.3 million in economic impact and be broadcast worldwide.

SETTING THE STANDARD IN PUBLIC SERVICE

Our commitment to service is at the heart of everything we do in Leon County, and it drives us to be the best in our fields.

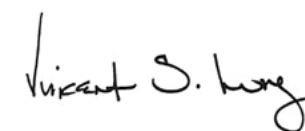

Behind these achievements is a high-performing team committed to efficiency and results — guided by a strategic plan with a clear vision, bold goals, and measurable targets. In 2025, our dedicated County employees earned dozens of state and national awards for exceptional public service. And we did it while holding the millage rate flat for the 14th consecutive year and maintaining one of the lowest budgets and one of the lowest employee-to-resident ratios among peer counties, which underscores our effectiveness and fiscal stewardship.

BUILDING ON OUR PROGRESS

As we look ahead, we will continue to face the same challenges of communities and governments everywhere else, but at Leon County, we remain committed to listening to the people we serve, tackling our greatest challenges together, and striving to be a place like nowhere else.

And we cannot do this alone. Thank you for your continued confidence in the work we do on behalf of and alongside our citizens to make our community even better.

Here's to 2026!

LEADS.

A STRUCTURE TO SUPPORT OUR PEOPLE FOCUSED. PERFORMANCE DRIVEN. CULTURE

HOW LEON COUNTY LEADS

Continued throughout Leon County Government in FY25, Leon LEADS is a strategic approach to aligning the Board's guiding vision and strategic priorities with the optimized resources of the organization. LEADS provides a structure to support and sustain our *People Focused. Performance Driven.* culture through a continuous process that looks inward to strengthen what works and abandon what does not while looking outward to receive feedback from citizens and leverage partnerships that adjust as conditions change.

County employees are more committed than ever to delivering the quality of service our citizens deserve for their tax dollars, working with our community to tackle the tough problems of today, and ensuring our quality of life into the future. Below are just a few highlights of how the County's LEADS framework supports an organizational culture that simply but powerfully combines performance and service.

GROWING OUR COMMUNITY SPACES FOR EVERYONE TO ENJOY

In FY25, the County continued to grow its green spaces and community gathering areas, providing residents of all ages with enhanced recreational opportunities.

The Miccosukee Community Center, located in the historic Concord School building, opened its doors in June with a renovated interior that includes a community meeting space, a warming kitchen, and multipurpose programming spaces. As part of the renovation, the surrounding Miccosukee Community Park was also refreshed with resurfaced basketball courts, more than half a mile of walking trails, and more.

The County also activated more than 100 acres with the opening of the trailhead at St. Marks Headwaters Greenway off Buck Lake Road. This space now includes more than three miles of new walking trails, a nature-based playground, pavilions, restrooms, and an electric vehicle charging station. Building on these new outdoor amenities, Leon County celebrated the opening of the new Apalachee Regional Park (ARP) Dog Park. This two-acre, open-space park is the largest of its kind in the County and features the area's first public dog agility course.

Listens for Changing Needs
Engages Citizens and Employees
Aligns Key Strategic Processes
Delivers Results & Relevance
Strives for Continuous Improvement

These investments reflect the County's commitment to creating a healthy and vibrant community.

BUILDING A STRONGER COMMUNITY THROUGH AFFORDABLE HOUSING

Leon County is dedicated to increasing the availability of safe and affordable housing through strong and successful partnerships.

In March, Leon County and community partners broke ground on the Lake Bradford Apartments, a 158-unit housing development that, when complete, will offer rental units for low-income, very low-income, and extremely low-income households. Two months later, Leon County and community partners celebrated the opening of Ridge Road Flats, a new 250-unit affordable housing apartment community developed using \$55 million in Multifamily Housing Revenue Bonds authorized by the Leon County Board of County Commissioners.

To further increase the inventory of safe and affordable housing options, Leon County worked closely with the Housing Finance Authority, Capital Area Justice Ministry, and other community organizations to strategically allocate \$500,000 annually to invest in affordable housing rental projects for very low- to extremely low-income households.

In addition to affordable rental options, Leon County is helping residents become homeowners. With community organizations and state programs, including the State Housing Initiatives Partnership (SHIP) program, the County's Homeownership Development (HOD) Program helps first-time homebuyers achieve the dream of homeownership. In FY25, the County financed the construction of nine new homes through the HOD program, focusing on neighborhoods that have historically experienced poverty and racial inequities. Likewise, Leon County provided \$90,000 in financial aid to five first-time homebuyers through the Down Payment Assistance Program, which is administered in partnership with the Tallahassee Lenders' Consortium.

Leon County continues to help empower individuals and families with safe and affordable housing so they can build wealth, achieve stability, and contribute to the vitality of our community.

CREATING A SHARED VISION THROUGH PARTNERSHIPS

With a strong network of community partners, Leon County works closely with local organizations, nonprofits, and businesses to address the unique needs of residents and make the community a great place to work, live, and thrive.

In March, Tallahassee-Leon County welcomed more than 260 industry leaders and 36 exhibiting companies for the 2025 Motor, Drive Systems, and Magnetics (MDSM) Conference. Continuous engagement from Leon County and community partners resulted in the conference generating significant direct spending and sparking new investment conversations to strengthen the local advanced-manufacturing ecosystem. The success of the inaugural conference resulted in Tallahassee-Leon County being selected to host the 2026 conference.

Through our ongoing partnership with Knight Creative Communities Institute (KCCI), Leon County unveiled a kinetic public art sculpture outside the Judge Augustus D. Aikens, Jr. Leon County Courthouse to inspire curiosity and foster a shared community appreciation for public art.

Collaborating with our partners on events and programs like these reinforces our shared commitment to creating a vibrant community for all.

INNOVATOR AND INSPIRATOR AWARDS CONTINUE COST SAVINGS AND NEW EFFICIENCIES, SAVING MORE THAN \$9.9M TO DATE

Leon County is an organization that rewards its employees for innovative ideas, teamwork, strategic processes, efficiency, and the ability to achieve positive results. The I² (Innovator/Inspirator) Awards convey the value Leon County Government places on employee-led improvements that result in increased efficiencies, enhance or support the delivery of County services, reinforce Leon County's relevance in the community, and exemplify the County's Core Practices in the workplace. Examples of such improvements include the following:

- In 2024, the TEAM Leon Program was launched in response to the May 10 Tornado Outbreak as a rapid relief initiative approved by the Leon County Board of County Commissioners. With an allocated budget of \$1 million, the program provided critical financial assistance to households and businesses in the unincorporated area, bridging the gap until federal aid became available. Prioritizing unmet needs, TEAM Leon was stood up within nine days after the tornadoes and successfully supported 472 grants, including 419 for households and 53 for businesses. By reducing application processing times to under seven days and engaging thousands of residents through targeted messaging, the program not only delivered timely aid but also highlighted Leon County's commitment to responsive, people-centered governance.

- The roof at the Leon County Courthouse reached the end of its 30-year service life and was scheduled for replacement. A study by a licensed architect revealed that although the roof had been patched and repaired in several locations over its service life, its overall condition was good. Rather than spending \$900,000 to replace the roof, Engineering Services and Facilities Management extended its

TEAM Leon program

life by 15 years with a high-performance silicone coating, ultimately saving more than \$460,000.

- After noticing a trend of repeated parking brake failures on John Deere utility task vehicles (UTVs), Fleet Management identified that the cause stemmed from the parking brake being only partially engaged during use. This partial engagement led to frequent and costly repairs. In response, the Fleet team implemented an innovative solution by installing an audio alert system, which warns drivers when the parking brake isn't fully engaged and allows them to correct it before moving. This simple yet highly effective adjustment significantly reduced repair incidents, saving the County \$1,200 per occurrence and preventing unnecessary downtime for these vehicles.
- The Bicentennial Flood in April 2024 brought unprecedented rainfall and widespread damage throughout Leon County. Among the most impacted areas was Sir Richard Road. The washed-out road cut off access for residents and created a hazardous situation. Within hours of the storm, Public Works mobilized 36 truckloads of fill material and asphalt to make emergency repairs to rebuild and reopen the roadway — a rapid and impressive response to a critical issue.

Roof revival project

The I² Awards recognize employees and inspire others to reinforce the County's Core Practices in the workplace. Since its inception in Fiscal Year 2015, the I² Awards program has saved the County a total of \$9.9 million, including nearly \$1.9 million in recurring costs and more than \$8 million in one-time costs.

LIVING OUR CORE PRACTICES

ALIGNING BOARD PRIORITIES WITH OPTIMIZED RESOURCES

PEOPLE FOCUSED. PERFORMANCE DRIVEN.

Our Core Practices

Delivering the “Wow” factor in Customer Service.

Employees deliver exemplary service with pride, passion and determination; anticipating and solving problems in “real time” and exceeding customer expectations. Customers know that they are the reason we are here.

Connecting with Citizens. Employees go beyond customer service to community relevance, engaging citizens as stakeholders in the community’s success. Citizens know that they are part of the bigger cause.

Demonstrating Highest Standards of Public Service. Employees adhere to the highest standards of ethical behavior, avoid circumstances that create even an appearance of impropriety and carry out the public’s business in a manner which upholds the public trust. Citizens know that we are on their side.

Accepting Accountability. Employees are individually and collectively accountable for their performance, adapt to changing conditions and relentlessly pursue excellence beyond the current standard, while maintaining our core values.

Exhibiting Respect. Employees exercise respect for citizens, community partners and each other.

Employing Team Approach. Employees work together to produce bigger and better ideas, to seize the opportunities and to address the problems which face our community.

Exercising Responsible Stewardship of the Community’s Resources. Employees engage in the continuous effort to create and sustain a place which attracts talent, fosters economic opportunity and offers an unmatched quality of life, demonstrating performance, value and results for our citizenry.

Living our “People Focused, Performance Driven” Culture. Employees have a structure in place to live all of this as our organizational culture and are empowered to help the people they serve.

STRATEGIC PLAN - FY2022 - FY2026

UNDERSTANDING OUR STRATEGY

VISION

A community that is safe, healthy and vibrant.

MISSION

To efficiently provide public services which serve and strengthen our community.

Strategic Priorities

Leon County's Strategic Priorities are high-level categories of focus in the County's major areas of responsibilities: Economy, Environment, Quality of Life, and Governance. The priorities consider the County's future in each area and are critical to the success of the community. As part of the strategic plan, these priorities inform every decision and every initiative made by Leon County.

STRATEGIC INITIATIVES

Leon County's strategic initiatives are program- or area-specific projects that align with the County's strategic priorities to serve and strengthen the community. In the FY2022-2026 Strategic Plan, the 102 strategic initiatives ensure that the optimized resources of the County are aligned to address the community's most pressing issues and to achieve the County's top priorities.

BOLD GOALS AND TARGETS

Bold goals are truly stretch goals that will be big and difficult to achieve, but are worthy of Leon County's best efforts. Bold goals require the County to explore new partnerships, identify new opportunities, and inspire new ideas.

Leon County's five-year targets are aligned with each strategic priority and will communicate to the public and staff throughout the County the specific results the County expects to achieve through the collective execution of the strategic initiatives. Achieving these five-year targets will demonstrate results, accountability, and the strength of long-term planning.

LEON COUNTY ATTORNEY

ALIGNING BOARD PRIORITIES WITH OPTIMIZED RESOURCES

PEOPLE FOCUSED. PERFORMANCE DRIVEN.

CHASITY O'STEEN

County Attorney
850-606-2520
OSteenC@LeonCountyFL.gov

Chasity H. O'Steen was selected to serve as the County Attorney beginning April 1, 2020. Ms. O'Steen is a 2003 graduate of the Florida State University College of Law, former General Counsel of both the State of Florida, Department of Management Services and Department of Financial Services. She brings with her a wealth of experience gained over 20 years in State and County government as well as the private sector, practicing in areas of law relevant to local government such as ethics, policy, procurement and contract issues, public records, federal and state grant funding, labor and employment law, finance, real estate and civil litigation.

Ms. O'Steen leads a team of skilled professionals in providing legal support to the Board and other officials of Leon County Government.

The County Attorney's Office provides legal services to the Board of County Commissioners, the County Administrator, County departments, and certain boards and agencies organized under the Board of County Commissioners, unless they are separate legal entities or have their own legal counsel, and as otherwise directed by the Board. The Office also reviews contracts, bond documents, ordinances, resolutions, and other written instruments.

LITIGATION: ADVOCATING FOR LEON COUNTY

The County Attorney's Office provides legal support to Leon County Government in a variety of areas, including the following litigation matters:

- Leon County is a plaintiff in the multidistrict opioid litigation against multiple opioid manufacturers, distributors, and retailers. The complaints include allegations of the manufacturer defendants' false, deceptive, and unfair marketing of opioids, as well as the distributor defendants' unlawful distribution of opioids. The Board approved entering into numerous settlement agreements, as well as a Memorandum of Understanding with the State of Florida governing how the settlement proceeds will be distributed among the State and local governments. It is currently contemplated that settlement payments will be paid out over 18 years, with use restricted to abatement and treatment of opioid use disorders and other limited uses. It is anticipated that most of the outside multidistrict litigation counsel will be paid through an attorney fund established at a national level, but a percentage of the local government distribution may also be used to fund attorneys' fees. On April 5, 2023, the Florida Attorney General's Office provided Florida cities and counties with partial estimated distribution numbers, and Leon County continues to receive disbursements. As of June 19, 2025, Leon County has received \$1,520,366 in settlement funds. At its April 9, 2024, regular meeting, the Board voted to accept \$2,395,366 in settlement funds and enter into funding agreements with Big Bend Community Based Care, LLC, d/b/a Northwest Florida Health Network, and with DISC Village, Inc., for the provision of substance abuse treatment and ancillary services for individuals with opioid and substance use disorders. Funds will also be used for the purchase of EMS equipment to address opioid use disorders. In addition, outside counsel investigated and researched the role that pharmacy benefit managers (PBMs) played in contributing to the opioid crisis and found that their failure to take action to slow the distribution of opioid pills into communities across the country directly contributed to fueling the opioid crisis. At the May 14, 2024, regular meeting, the Board authorized amending the County's current complaint

to add claims against certain pharmacy benefit managers, Express Scripts and OptumRx, and their relevant subsidiaries.

- Leon County, Florida v. Edward M. Mitchell, Jr., Code Enforcement Board Case No. 22-118 – a Code Enforcement Board (CEB) proceeding to enforce an environmental violation resulting from the clearing of trees within the Canopy Road Protection Zone without a permit. After a three-hour evidentiary hearing on January 18, 2024, the CEB found that the owner's vested rights did not exempt him from complying with those Code provisions, thereby finding him to be in violation and ordering him to apply for an after-the-fact permit to complete a replanting plan for replacement of the cleared vegetation. The CEB's opinion was memorialized in its Order dated February 21, 2024. In *Edward M. Mitchell v. Leon County*, Circuit Court Case No. 2024-CA-489, the violator appealed the CEB's Order to the Circuit Court. The matter was briefed by the parties, and on March 5, 2025, the Court entered an Order Denying Appeal from Leon County Code Enforcement Board, finding in favor of the County. In *Edward M. Mitchell v. Leon County*, Circuit Court Case No. 2024-CA-100, the Plaintiff filed a separate Complaint for Declaratory and Injunctive Relief, seeking a determination that the County was without legal authority to enforce the County's Canopy Road Ordinance as it applies to Plaintiff's Meridian Road property, again alleging he had vested rights and was not required to obtain a permit to clear trees within a Canopy Road Protection Zone. On October 7, 2024, the Court entered an Order Granting the County's Motion to Dismiss with prejudice.
- Leon County v. Florida Pace Funding Agency (FPFA), Circuit Court Case No. 2023-CA-2050
- Leon County/State of Florida v. Judy DuBois, County Court Case Nos. 2024-CC-16622, 2024-CO-11 through 2024-CO-70 – subsequent to a citizen complaint, Leon County Animal Control officers investigated allegations of mistreatment of dogs that were being held on the Defendant's property and a neighboring property belonging to a relative. As a result of the investigation, the Defendant issued 59 Leon County Animal Control citations for Inhumane Care, a violation of Section 4-37, Leon County Code, and one citation for Running at Large, a violation of Section 4-35(a), Leon County Code. Animal Control officers seized a total of 60 dogs from the Defendant's property, and ultimately, the Defendant surrendered 57 of the 60 dogs. The County petitioned the Court for custody of the three dogs that were not surrendered by the Defendant. Hearings on the County's petition and outstanding citations have been

 - Provided legal input and guidance on the streamlining of the procurement process.
 - Procurement of the Leon County Main Library roof replacement project.
 - Procurement of the Leon County solid waste landfill closure.
 - Procurement for the structural additions, repairs, and renovations of the historic Ft. Braden Community Center.
 - Procurement for comprehensive disaster recovery and emergency

management services for the County.

- Providing legal support to staff with updating special assessments for fire rescue, sewer, solid waste, stormwater management, and the 2/3 Program.

YEAR IN REVIEW: COMPREHENSIVE LEGAL SERVICES

In the past 12 months, the County Attorney's Office has responded to more than 1,687 requests for legal advice or assistance, including reviewing, preparing, and/or signing ordinances, resolutions, proclamations, agenda items, contracts, various housing, land use, and other real estate documents, as well as employment, procurement, and litigation documents, responding to public records requests, and advertising public hearings. Included in this number are 441 agreements, 234 agenda items, 431 public records requests, 73 resolutions, eight ordinances, and eight policies. The County Attorney's Office provided legal support to the Planning Department for the 2025 Comprehensive Plan cycle and the Department of Development Support and Environmental Management in the approval of all Land Development Code revisions and applications for development approvals. The County Attorney's Office also represents Leon County before the Tallahassee-Leon County Planning Commission, the Board of Adjustment and Appeals, the Code Enforcement Board, and the Development Review Committee. For the 2024 elections, the County Attorney's Office represented the Leon County Canvassing Board. Office personnel have assisted with significant revisions to the Code of Laws concerning angle parking, school zone automated speed enforcement, animal control, safe use of public rights-of-way, modifying the membership of the Affordable Housing Advisory Committee, and code enforcement procedures, as well as amendments to various elements of the Comprehensive Plan. The County Attorney's Office continues to be active in efforts to keep the County's lakes clean and has worked diligently with the Florida Department of Environmental Protection and the U.S. Environmental Protection Agency to reduce nutrient levels coming into Lake Talquin from Georgia, including continuing efforts regarding implementation of the 2022 Lake Talquin TMDL Rule.

LEGAL LEADERSHIP: AWARDS AND DISTINCTIONS

This past year, County Attorney Chasity O'Steen served as Secretary of the City, County & Local Government Law Section of The Florida Bar and is the incoming Chair-Elect of the Section. Mrs. O'Steen was also appointed to serve on the Continuing Legal Education Committee of The Florida Bar.

DELIVERING ON OUR PRIORITIES: MICCOSUKEE COMMUNITY CENTER

As part of Leon County's ongoing commitment to supporting the community and creating spaces for residents of all ages, the County opened the renovated Miccosukee Community Center in the historic Concord School building at 15011 Cromartie Road. The revitalized center features a community meeting room, a warming kitchen, and multipurpose programming spaces designed to bring residents together for any occasion, and the space can also serve an emergency services role following disasters. Steps from the community center, residents can now enjoy resurfaced basketball courts, more than half a mile of walking trails, a new playground, and picnic tables. The County invested more than \$5 million in the renovation, including a \$3.6 million Community Development Block Grant and \$1 million in federal funding allocated by Congress in the Fiscal Year 2022 appropriation bill.

COMMUNITY RELATIONS AND CITIZEN ENGAGEMENT

PROVIDING TRANSPARENCY AND ENGAGING CITIZENS

Leon County continues to grow citizen involvement and engagement through its commitment to programs that help shape the community, including the Citizen Engagement Series, Library Lecture Series, and the Club of Honest Citizens.

The nationally recognized Leon County Citizen Engagement Series continued this year with a training on disaster resilience. Focused on building community preparedness and resilience to withstand man-made and natural disasters, dozens of residents stepped behind the scenes at the County's Emergency Operations Center to learn about disaster preparedness with local public safety experts. County staff, nonprofit partners, and public safety officials offered sessions on various topics, including disaster preparedness, emergency communication, and the importance of having an evacuation plan.

Now in its ninth year, the award-winning Leon County Library Lecture Series hosted three events featuring a diverse range of speakers and topics. Florida State University Associate Professor Dr. Beth Coggeshall led an enlightening discussion focused on medieval Italian poet Dante Alighieri's timeless insights into the complexities of human connection. During a lunchtime workshop, health and wellness coach Heather Fuselier shared expert insights on setting realistic goals, establishing healthy boundaries, and embracing progress over perfection. Rounding out the series, Marcus Curtis, GIS Specialist for Tallahassee-Leon County Geographic Information Systems (GIS), explored local history through maps, photos, and an interactive digital StoryMap that highlights the lasting contributions and connections of notable community namesakes.

The Rhythm & Resilience of Black Music

On April 9, 2025, Leon County partnered with The Village Square to host its 10th annual Created Equal event, *The Rhythm & Resilience of Black Music*. Hundreds of people attended the event celebrating the history, impact, and evolution of Black music. Featuring dynamic performances by Tallahassee Nights Live and an insightful discussion with a distinguished panel of experts, attendees examined how Black music evolved and reflected Black history and culture.

Audience members from all walks of life had the opportunity to engage in discussions centered around the role of music in civil rights movements, how music expresses cultural identity, and its power as a form of resistance, celebration, and innovation. By examining the musical and historical timelines, attendees gained a deeper understanding of the genres, movements, and pivotal moments that influenced the broader cultural landscape.

FY 2025/2026 LEON COUNTY ADOPTED BUDGET AT A GLANCE

COUNTY ADMINISTRATION

Total Net Budget (FY25)

Leon County has the lowest operating budget among like-sized counties, with a net budget of \$349 million. St. Lucie County's net budget is 34% higher than Leon County's.

Net Budget per Countywide Resident (FY25)

Leon County spends the least dollars per county resident of all like-sized counties. The next closest County's net budget per capita is 5% higher than Leon County's (St. Lucie County). Osceola County spends 54% more per resident than Leon County does.

EXERCISING RESPONSIBLE STEWARDSHIP OF THE COMMUNITY'S RESOURCES

- ▶ Balanced the FY26 budget (\$401.5 million), a 6.3% increase from last year's budget, without raising the millage rate for the 14th year in a row.
- ▶ The FY26 budget continues to maintain core services and the community's infrastructure. A few highlights include:
 - » Dedicating more than \$2.1 million to Community Human Services Partnership (CHSP) agencies to address the community's most pressing needs, including the establishment of line-item funding for emergency homeless shelters; \$1.8 million to ensure uninsured and underinsured residents have access to comprehensive health services; and \$759,800 in State Housing Initiatives Partnership (SHIP) program funding to support affordable housing.
 - » Fully supporting the Leon County Sheriff's Office's (LCSO) and Supervisor of Elections Office's budget request, including an additional LCSO Homeless Outreach Street Team (HOST) deputy.
 - » Allocating millions of dollars in funding to support strategic, long-term investments in infrastructure with a focus on maintaining existing assets, including more than two million square feet of County facilities, 2,902 acres of greenways and parks, along with hundreds of miles of roads and stormwater drainage systems.
 - » Preserving community affordability through the "Save Our Homes" measure, which provides a safeguard for homesteaded property owners by capping the annual property value increase at 3%.
 - » Adding 10 new paramedics/EMTs for Emergency Medical Services (LCEMS) to maintain response times.
 - » New cost savings and avoidances of \$3.4 million, bringing the total to more than \$79 million since FY13.

On call at Florida A&M University's Bragg Memorial Stadium

Press the Chest CPR training for the community

- ▶ Responded to more than 60,000 calls for service and transported more than 37,000 patients in FY25, leading the industry in setting the standard for emergency medical care.
- ▶ Provided on-site emergency medical care during the active shooter incident on the Florida State University (FSU) campus on April 17, 2025, and transported six wounded victims to the local hospital (see more on page 41).
- ▶ Continued to provide specialized services through Critical Care Transport, Tactical Medical, Highly Infectious Patient Transport, and Special Operations teams.
- ▶ Continued to improve the chances of survival following a cardiac arrest event by advocating for the integration of automated external defibrillators (AEDs) and conducting cardiopulmonary resuscitation (CPR) training through the Heart Ready initiative.
 - » More than 1,600 citizens received training in CPR and AED use.
 - » 1,500 public access AEDs in the community.
- ▶ During the Press the Chest event, provided lifesaving hands-only CPR and AED awareness training to more than 600 citizens and connected attendees with more than 18 community partners.
- ▶ Received a \$62,000 Florida Department of Health EMS Matching Grant to provide 40 low-cost AEDs to businesses and publicly accessible facilities in the community.
- ▶ Partnered with Tallahassee State College and Godby High School to offer an Emergency Medical Technician program to high school students.
- ▶ Continued to provide internships for Tallahassee State College and North Florida College EMS students.
- ▶ Continued to operate a prehospital whole blood transfusion program, enhancing patient care and saving the lives of seriously ill patients. Since the program launched in 2024, 50 units of blood have been transfused.
- ▶ Continued to participate in the national Cardiac Arrest Registry to Enhance Survival (CARES), which collects and analyzes EMS and hospital data to improve cardiac arrest outcomes.

Teddy Bear-a-medico mascot

- ▶ Continued a partnership with the University of Florida to research advances in prehospital emergency pediatric patient care.
- ▶ Enhanced EMS member well-being by continuing to develop peer support capabilities and partnered with the 2nd Alarm Project to provide additional services.
- ▶ Further enhanced the Social Service Referral Program with community partners, which assists paramedics in referring vulnerable patients in need of social, mental health, and financial assistance to community partners.
- ▶ Provided an income-based fee discount program and continued to completely waive EMS fees for uninsured or underinsured veterans.
- ▶ Partnered with Safe Kids Big Bend, a national organization committed to working with families and communities to keep children safe from unintentional injuries, through the Community Centric Injury Reduction program.
- ▶ Conducted more than 50 child safety seat inspections and installations at the Public Safety Complex as well as health and safety fairs throughout the community through the Child Passenger Safety Seat program.

Honor Flight

- ▶ Partnered with Leon County Schools in support of the Safe Routes to School program by providing a bike trailer, equipment, and medics to promote bicycle use and transportation measures as well as safety education to schools and the community.
- ▶ Operated an EMT to Paramedic Trainee Program, assisting current EMTs to become paramedics, resulting in more paramedics and improved recruitment and retention of members.
- ▶ Conducted joint training exercises with local law enforcement agencies and the fire department to enhance the response to major incidents, including Active Shooter Hostile Events (ASHE), which contributed to the well-coordinated and executed response to the FSU shooting.
- ▶ Worked with community partners to combat opioid overdoses by creating a network of treatment, care, and recovery for individuals impacted by opioid use disorders.
- ▶ Implemented a Narcan leave behind program where doses of Narcan, an opioid reversal agent, and information on available peer support are provided to patients and families of patients suffering from opioid use disorders.

DID YOU KNOW

EMS is one of just over 200 ambulance services in the United States to provide prehospital blood transfusions in the field. Research has found that the transfusion of blood by paramedics significantly improves the survivability of severe trauma and medical conditions that result in major blood loss.

- ▶ Continued public information efforts to build public awareness of EMS excellence and attract a talented workforce:
 - » Posted employment opportunities, employee highlights, safety tips, and more on the EMS Facebook and Instagram pages.
 - » Enhanced the recruitment website and implemented new outreach strategies to attract paramedics.
- ▶ Provided medical coverage during Honor Flight Tallahassee, which brought more than 130 veterans and guardians on a one-day trip to Washington, D.C. to visit our nation's memorials.
- ▶ Participated in more than 300 special operations events, providing medical coverage for our community during athletic events, concerts, festivals, and graduations.
- ▶ Hosted or participated in more than 115 community trainings and events, including CPR, Stop the Bleed, first aid, child passenger safety, bicycle safety, and when and how to call 9-1-1.
- ▶ Continued offering health and safety educational resources for youth featuring the Teddy Bear-a-medico mascot, including coloring sheets, story times, and outreach appearances.
- ▶ Launched a public safety and disaster preparedness 2-in-1 activity book for students in kindergarten through third grade in collaboration with Leon County Emergency Management.

TACTICAL MEDIC 10 YEAR ANNIVERSARY

A DECADE OF DEDICATED SERVICE: EMS TACTICAL MEDIC TEAM CELEBRATES 10 YEARS

When a crisis strikes and conventional emergency response is too dangerous, the Leon County Emergency Medical Services (LCEMS) Tactical Medic Team steps in to provide lifesaving care directly into the heart of the danger. Established in 2015, the Tactical Medic Team delivers rapid and expert medical intervention during high-threat emergencies to significantly improve outcomes and enhance the overall safety of tactical operations. In situations where seconds mean the difference between life and death, having the Tactical Medic Team on scene is crucial for saving lives.

The Tactical Medic Team works alongside the Leon County Sheriff's Office (LCSO) Special Weapons and Tactics (SWAT) team to provide emergency medical support to law enforcement, civilians, and suspects during life-threatening crisis situations. The team is an integral part of LCSO SWAT deployments during critical incidents such as hostage rescues, active shooter events, high-risk search warrants, and other situations where there is the potential for injury or violence. Composed of seven dedicated Leon County EMS medics, the team must maintain a high level of physical fitness and undergo rigorous advanced medical training to respond effectively at a moment's notice.

The LCEMS Tactical Medic Team exemplifies courage and selflessness, continuing to make a profound and lifesaving difference in the community every day.

BY THE NUMBERS

- ▶ 71 deployments
- ▶ 14,000+ training hours completed

A COMMUNITY UNITED: LEON COUNTY EMS RESPONDS TO FSU INCIDENT

The morning of April 17, 2025, began like any other for Leon County Emergency Medical Services (LCEMS), with medics heading out to their shifts across the community.

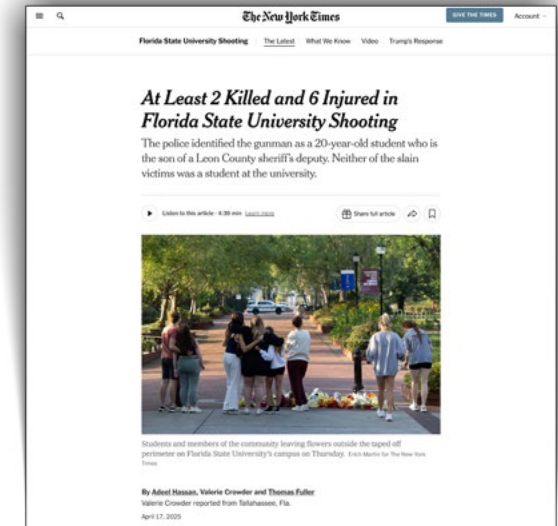

At approximately 11:58 a.m., 9-1-1 calls started pouring in about an active shooter on Florida State University's campus near the Student Union. The call was dispatched, and a Leon County ambulance was on scene in less than one minute. Additional support from LCEMS arrived within six minutes as they quickly established a Casualty Collection Point to provide lifesaving prehospital care to the wounded before transport. In just 12 minutes, multiple Leon County advanced life support ambulances were staged to transport patients to the hospital as quickly as possible. That day, six wounded were transported to the hospital, and every single one survived thanks to the expert care they received on scene from LCEMS medics.

The Leon County Emergency Operations Center was also activated, with Emergency Management, Community and Media Relations, and the Office of Information Technology supporting FSU, the Tallahassee Police Department, and other first responder agencies with response efforts.

While the LCEMS team routinely trains for incidents like this, they had hoped they would never need to put that training into action. Year-round Active Shooter/Hostile Event Response (ASHER) trainings involve multi-agency coordination between local first responder agencies and vital response partners, including LCEMS, law enforcement, and hospitals. These exercises streamline on-scene coordination and communication so EMS members can safely enter the scene and provide critical aid as quickly as possible.

Leon County honored the extraordinary dedication and swift action of our LCEMS team during a dinner celebration on April 28. During the event, LCEMS was presented with a banner signed by FSU students directly affected by this tragedy, a powerful symbol of the team's impact and the community's gratitude.

In the face of an unthinkable event, LCEMS exemplified the very best of emergency medical services. Their actions on that day and their ongoing commitment to the community's well-being stand as a testament to their unwavering dedication to the health and safety of all Leon County residents.

A PREPARED COMMUNITY IS A RESILIENT COMMUNITY

With our lead role in emergency response, caring for the lives and livelihoods of our community is nothing new to Leon County Emergency Management. The County's unwavering dedication to community resilience is reflected through our local officials, neighborhood leaders, and community partners who work together during times of disaster to keep us safe, provide critical information, and answer our community's needs.

On September 26, 2024, Hurricane Helene roared ashore near the mouth of the Aucilla River as a Category 4 storm, the most powerful landfall ever recorded in Florida's Big Bend. With sustained winds of 140 mph driving a 15-foot storm surge, Hurricane Helene became the deadliest U.S. hurricane since Hurricane Katrina, claiming more than 230 lives nationwide and causing billions of dollars in damage.

Leon County avoided the worst of the storm but still endured tropical-storm-force gusts up to 67 mph and rainfall totals approaching 10 inches along its western edge. The Leon County Emergency Operations Center (EOC) was activated for nine consecutive days. During the County's response, eight risk shelters housed a peak population of 1,576 residents, 43,000 sandbags were distributed to the community, and nearly 37,000 cubic yards of debris were hauled away. When the community was recovering, points of distribution served 4,396 vehicles, dispensing critical supplies to storm-affected households. The County's damage assessment teams identified 133 damaged residential structures. Overall, the County's response costs were estimated at \$1.3 million, which was submitted to the Federal Emergency Management Agency (FEMA) for full reimbursement.

Months later, from January 21-24, 2025, the EOC was activated for 40 hours in response to a winter storm that brought snowfall, freezing rain, and sleet. The National Weather Service recorded 1.9 inches of snow in Leon County over two days, marking the second-highest 2-day total on record.

On April 17, 2025, a gunman opened fire on the Florida State University campus, killing two individuals and wounding six others. The EOC was activated to coordinate the Joint Information System, which integrates
