Vision
A community that is safe, healthy and vibrant.

Leon County’s vision statement is an aspirational description of what the organization would like to achieve and accomplish in the future. The vision statement also describes how Leon County, in an ideal state, should look in the future.

Mission
To efficiently provide public services which serve and strengthen our community.

Leon County’s mission statement supports the vision and serves to communicate purpose and direction to employees, citizens, vendors and other stakeholders. The mission statement reflects the organization’s vision, but is more concrete and action-oriented.

Core Values
Service, Integrity, Accountability, Respect, Collaboration, Stewardship, Transparency, Performance

Leon County’s core values are the foundational, guiding principles on how the County team serves the public, exceeds expectations, and accomplishes big, game-changing projects and initiatives. These core values serve as the foundation for our core practices, which are the ways we live our values every day through public service.

Strategic Priorities
Leon County’s Strategic Priorities are high-level categories of focus in the County’s major areas of responsibilities: Economy, Environment, Quality of Life, and Governance. The priorities consider the County’s future in each area and are critical to the success of the community. As part of the strategic plan, these priorities inform every decision and every initiative made by Leon County.

Strategic Initiatives
Leon County’s strategic initiatives are program- or area-specific projects that align with the County’s strategic priorities to serve and strengthen the community. In the FY2017-2021 Strategic Plan, the 75 strategic initiatives ensure that the optimized resources of the County are aligned to address the community’s most pressing issues and to achieve the County’s top priorities.

Bold Goals and Targets
Bold goals are truly stretch goals that will be big and difficult to achieve, but are worthy of Leon County’s best efforts. Bold goals require the County to explore new partnerships, identify new opportunities, and inspire new ideas.

Leon County’s five-year targets are aligned with each strategic priority and will communicate to the public and staff throughout the County the specific results the County expects to achieve through the collective execution of the strategic initiatives.
