## Leon County Adopt-A-Road Program

Adoption programs help clean and beautify roadways in cities or counties across our nation.

By facilitating trash removal from roadways, volunteers are beginning the process of changing people's attitudes about litter. Volunteer groups participating in the program save taxpayer dollars by reducing the need for the Leon County to pick up litter.

By adopting a roadway, civic and other organizations help generate pride in their community and create economic benefits to all citizens.

To adopt a County-maintained road located outside of the Tallahassee city limits, contact Tom Jackson at (850) 606-1400.
